Melissa Gallagher, Director of Curriculum and Instruction

Rachel Harper, Supervisor of Federal Programs

August 22, 2023

Dear Parents/Guardians,

The Little Egg Harbor School District administers a variety of assessments throughout the school year. Teachers administer formative and summative assessments in the content areas in their classrooms. Some assessments administered in the district are standardized tests. A standardized test is a test that is administered and scored in a consistent, or "standard", manner. Standardized tests are designed in such a way that the questions, conditions for administering, scoring procedures, and interpretations are consistent and are administered and scored in a predetermined, and consistent way. A benchmark assessment is a test that is given to students at different intervals throughout the school year. Most of the tests that are provided in the district are computer-based and the district works closely to provide accommodations and modifications for students who may need more assistance as per their IEP or 504 plans.

Below, please find the assessment timeline for the Little Egg Harbor School District that students will participate in for the 2023-2024 school year. Please do not hesitate to reach out with any questions or concerns regarding the Little Egg Harbor District Assessment Schedule. We are looking forward to a successful and productive school year!

Respectfully,

Melissa Gallagher

Melissa Gallagher
Director of Curriculum and Instruction
