

# AVID Family Event: Set-Up For Success!

## What is the AVID College Readiness System?

*AVID stands for Advancement Via Individual Determination. AVID is a college and career readiness system that prepares all students, beginning in kindergarten, for a path to college and career. Edinbrook is the only elementary school in the district that offers this programming.*

**What:** Join us for coffee and in your child's classroom to learn about how we set-up for success!

**When & Where:** Wednesday, September 27, 2023

**8:35-8:50** Scholars will arrive at school as normal, and have breakfast (if they choose). Families will remain outside the main entrance, enjoying coffee and mingling with other Edinbrook Elementary families until 8:50.

**8:50-9:15** Families will visit the classrooms of their children to learn how we prepare to be organized, as well as participate in our Circle of Power and Respect (CPR). CPR is a time that we work on building positive relationships within our classroom communities.

**9:15-9:45** Families will come to the Cafeteria to listen to a brief presentation about AVID at Edinbrook while enjoying a light morning snack with other community members.

Please RSVP by clicking on the link below **no later than Friday, September 22nd**, so we have an accurate count for refreshments. [AVID Event: Set-Up for Success RSVP Link](#)
