

Greeneview Master Facilities

WHAT'S THE PLAN?

NEW FIELD HOUSE TO INCLUDE:

- Wrestling room
- Weight room
- Locker rooms
- Team meeting room
- Auxiliary gym
- Multi-purpose space

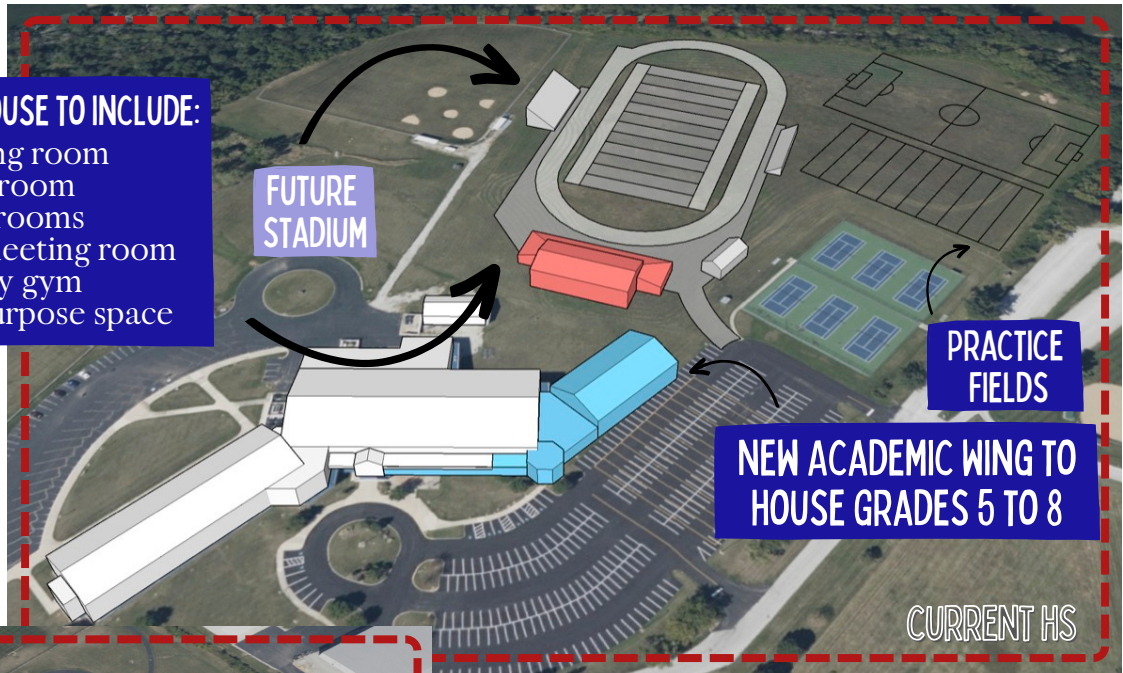

FUTURE STADIUM

PRACTICE FIELDS

NEW ACADEMIC WING TO HOUSE GRADES 5 TO 8

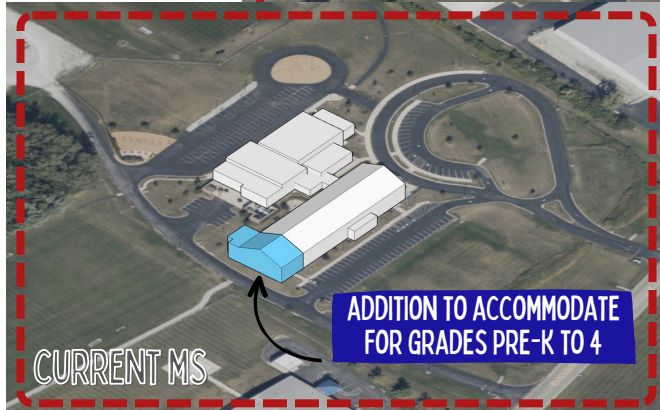

CURRENT HS

UNDER \$16 PER MONTH PER \$100,000 HOME

ADDITION TO ACCOMMODATE FOR GRADES PRE-K TO 4

CURRENT MS

WHAT ARE THE DISTRICT'S GOALS IN THIS PLAN?

- To be future-focused, implementing fiscally responsible, long-term solutions
- Provide age-appropriate spaces for early childhood students
- Provide athletic spaces to adequately support our student-athletes and athletic programs

WHAT FEATURES CAN WE EXPECT TO SEE?

- Right-sized early childhood spaces
- Separate entrance to the new middle school wing allows MS to function as independent building
- Less travel between buildings for teachers and students
- Athletic complex available to all student-athletes
- Campuses allow for enrollment growth

WHAT WILL IT COST?

- \$15.87 per month for \$100,000 home
- State funds 1/3 of total project cost (62% of co-funded facilities)
- \$33M Project: \$11M State/Federal funding + \$22M local
- 5.44 Mills: 4.3 Mills Bond + 1.14 Mills PI Levy

WHY BUILD NOW?

- Availability of 62% state co-funded project
- Repairing and maintaining the Elementary is no longer cost-effective due to increased costs and significant labor required.
- Elementary school spaces are not age-appropriate.
- Student-athletes have outgrown the field house.
- The current conditions of the field house are inadequate.

ALL STUDENTS ON ONE CENTRALIZED CAMPUS
