

WHAT ARE THE BENEFITS OF DLI?

1. **Second Language Skills:** Students achieve high proficiency in the immersion language.
2. **Performance on Standardized Tests:** Immersion students perform well on standardized tests in English.
3. **Cognitive Skills:** Immersion students typically develop cognitive flexibility, demonstrating increased attention control, better memory and problem-solving skills, as well as an enhanced understanding of their primary language.
4. **Cultural Competency:** Immersion students are aware of and generally show positive attitudes towards other cultures and an appreciation of other people.
5. **Long Term Benefits:** Immersion students are prepared for the global community and job markets where 21st century skills are an asset.

Bridge Program

for Advanced Language Learning

"The Bridge Program offers an advanced language pathway for high school students who have passed the Advanced Placement (AP) Language and Culture Exam, "bridging" the gap between completion of the exam and higher education.

Students begin upper division university language course work in the high school setting, where each 3-credit college course extends over a full academic year of high school. This rigorous and supportive environment establishes a university and career pathway in two languages, and seeks to promote access to bilingual, biliterate, and bicultural citizenship in Utah."
