

Spencer

Class of 2024

From: Upper East Side, Manhattan

First Year at HM: Kindergarten

Favorite Classes: It was hard to narrow it down to three, but I would have to choose African-American History, Chemistry, and US History.

Why HM?: I always felt that I could really pursue all of my passions at HM whether they were academic or not. Going to HM is by no means easy, but everyone at the school does everything they can to give you the best support possible to successfully make it through the tougher times. I also felt that because of this, I was able to make valuable connections and bonds with my teachers. I still love to chat and connect with some teachers from middle school!

Activities: Public Forum Debate, Boys Varsity Soccer, HMO Peer Leader.

Favorite Spot on Campus: Either the second floor of the library or the lobby in Lutnick Hall by the café.

Favorite School Trip: I love all of the art history field trips, especially to the Met because Dr. Hetherington always lets us roam the museum and do all of our activities on our own time and structure.

Favorite HM Event: Homecoming and the athletic teams' fun outfits for the day before.

Most Underrated Thing About HM: The great spirits of everyone around campus during the spring.
