Hutchinson Elementary School

Hutchinson Elementary School

Siwanoy Elementary School

Siwanoy Elementary School

Prospect Hill Elementary School

Removal of
flooring/abatement of
adhesive and installation
of new floor on 2nd floor

Additional Summer Work

- The Facilities Department with the assistance of summer students helped deep cleaned more than 450,000 square feet of building, 3,400 desks and chairs, 1,500 lockers, 160+ classrooms, 7 gymnasiums.
- They fully renovated one classroom at the high school and painted school hallways, stairs, classrooms and utility areas.
- The team also waxed or applied polyurethane to thousands of square feet of floors and returned all classrooms and office back to their original configuration
- Very little down time to work miracles for our students and staff
- THANK YOU!!!
