Brooklyn NY 11238

We invite you to join us for our open house to discover what Loughlin has to offer. At Loughlin, we take pride in our high graduation rate of 99% for our seniors, with 97% of them matriculating into college. Our college prep curriculum and newly added Project Lead the Way classes, equipped with state-of-the-art labs, provide valuable assistance to our students. We look forward to showcasing our educational opportunities to you.
