Cultural & Religious Calendar

**EACH
SCHOLAR:
A VOICE.
A DREAM.
A BRIGHT
FUTURE.**

OFFICE OF EQUITY FOR SCHOLAR & FAMILY SUCCESS

Federal Way Public Schools is rich in culture with a scholar community that can speak more than one hundred different languages. We are a school district that embraces diversity, values each and every scholar's experiences, and honors every family's religious beliefs and traditions. This diversity is reflected in the national observances celebrated every month.

The purpose of this calendar is to provide our staff with insights into our scholars' diverse cultural and religious beliefs and practices.

Please continue to send your child to school during holiday times. You can share with your child's teacher and/or counselor any specific needs your child might have during this time.

*This a living document that will be revised throughout the school year based on the feedback and input we receive from scholars, families, and staff members. Please provide feedback and/or suggestions on our cultural calendar by emailing **equityculturalcalendar@fwps.org**.*

FEDERAL WAY PUBLIC SCHOOLS
NONDISCRIMINATION STATEMENT

Federal Way Public Schools does not discriminate in any programs or activities on the basis of race, color, national origin or ethnicity, religion, creed, sex or gender, sexual orientation, gender expression or identity, age, marital or family status, veteran or military status, disability, or the use of a trained dog guide or service animal. The District provides equal access to the Boy Scouts of America and other designated youth groups.

If you have questions or complaints regarding alleged discrimination please contact the district office at 33330 8th Avenue South, Federal Way, WA 98003 and ask for one of the following coordinators listed below.

STRATEGIC PLAN GOAL

2 Whole Child: THRIVING, CONFIDENT, RESPONSIBLE INDIVIDUALS

Every student scholar will be empowered and prepared to develop personal responsibility in order to be positive, productive members of society.

STRATEGIC PLAN PILLAR

2 SAFE CLIMATE AND STRONG RELATIONSHIPS WITH FAMILIES AND COMMUNITY

Our second pillar recognizes that **schools can't do it alone**. Therefore, we will embrace parents, caregivers, and the entire Federal Way community as vital partners in the education of all our scholars. We will nurture trust and mutual respect among home-school-community through shared responsibility for scholar success, proactive communication, and meaningful stakeholder voice.

Don't let absences add up!

Just two (2) absences every month adds up to 20 school days! Students who miss 10%, or 18 days, in a school year are at risk of falling behind academically.

Here are 3 simple tips to help you and your child get ready for school every day:

- Set your alarm, leaving extra time for unexpected delays.
- Lay out clothing and supplies for the next day.
- Make sure your transportation plan is in order.

FEDERAL WAY PUBLIC SCHOOLS

MISSION

In an environment of high expectations, high support, and no excuses, the staff of Federal Way Public Schools will continually learn, lead, utilize data and collaborate to ensure our scholars have a voice, a dream and a bright future.

OUR CORE BELIEFS

- We believe that EVERY scholar can learn at the highest level.
- We believe that race, socioeconomic, language, cultural background, and other exceptionalities should not be predictors of student achievement.
- We believe that our scholars must have a voice, see themselves in their schooling, and be connected to the adults that teach them.
- We believe that what we do in the classroom every day has the greatest impact on student learning.
- We believe that we must continually learn and grow in our practice if we are to meet the needs of all scholars.
- We believe that we must intentionally collaborate and use data as a guide to improve our practice.
- We believe that our families are critical partners in each child's learning.

VISION FOR EXCELLENCE AND EQUITY

FWPS believes that each and every scholar has limitless potential and is committed to ensuring that all scholars, of every race, class, linguistic background, disability, gender identity/expression, sexual orientation, and other exceptionalities, thrive and achieve at high levels. We will engage in anti-racist and inclusionary practices to identify and eliminate the barriers that cause disproportionality.

EACH AND EVERY SCHOLAR WILL:

- Know they have limitless potential and can achieve at the highest levels
- Actively engage in rigorous learning and coursework
- Own and influence their learning
- Engage in culturally sustaining conversations and interactions
- Be seen, heard, valued, and celebrated for who they are
- Be socially and emotionally safe at school in the educational environment: curriculum, instruction, school and classroom culture, and activities

EACH AND EVERY STAFF WILL:

- Value and incorporate representative scholar voice
- Commit to integrating culturally responsive, data-informed anti-racist practices and removing barriers to improve scholar learning, leading to increased achievement
- Facilitate culturally sustaining conversations and interactions
- Feel seen, valued, and heard as professionals and individuals
- Welcome, communicate, and partner with families for scholar success
- Live out our district's values and beliefs

EACH AND EVERY FAMILY WILL:

- Know they are seen, heard, and valued as partners in their scholar's education
- Feel welcomed, connected with, and have a sense of belonging to our schools and district
- Feel empowered to communicate with staff around scholar academic and social-emotional goals and progress
- Be provided the information and resources necessary to support their scholar's success

OUR THEORY OF ACTION

CENTRAL OFFICE

If ALL central office team members lead with equity-driven, evidence-based practices, collaborate to create and align systems of support, develop instructional leadership capacity, and engage families and community members as partners

PRINCIPALS

Then, as instructional leaders, ALL principals will create an equity-driven culture of high expectations by aligning resources, providing high-quality PD and courageous feedback that builds staff capacity to implement powerful instruction grounded in data and scholar and family voice

TEACHERS & SUPPORT STAFF

Which will support ALL teachers and support staff to deeply know, value, and elevate the voice of each and every scholar in order to implement rigorous, culturally responsive, standards-based instruction that supports scholars' intellectual and social emotional growth

SCHOLARS

Which will ensure that EACH and EVERY scholar graduates college and career ready and achieves at high levels as a result, engaging in rigorous instruction, seeing themselves in their learning, and feeling a sense of safety and belonging in a culturally sustaining environment.

**The Theory of Action is HOW we will realize our Vision for Excellence and Equity in FWPS.*

EACH SCHOLAR: A VOICE. A DREAM. A BRIGHT FUTURE.

Observances by Month

The increasingly pluralistic population of the United States is made up of many different ethnic, cultural, faith and religious communities. To enhance mutual understanding and respect among various groups, this calendar of Observances by Month serves as a tool to increase awareness and sensitivity about religious obligations as well as ethnic and cultural festivities that may affect students, colleagues and neighbors in your community.

Religious Observations

The multi-faith calendar includes significant religious observances of the major faiths represented in the United States. It can be used as a resource when planning school exam schedules and activities, or when scheduling workplace festivities and community events. Note that Bahá'í, Jewish and Islamic holidays begin at sundown the previous day and end at sundown on the date listed. Muslim holiday dates may vary based on interpretations of the lunar calendar.

National and International Holidays

The calendar notes U.S. holidays that are either legal holidays or observed in various states and communities throughout the country. Important national and international observances that may be commemorated in the U.S. are also included.

Calendar System

The dates of secular holidays are based on the Gregorian calendar, which is commonly used for civil dating purposes. Many religions and cultures follow various traditional calendar systems that are often based on the phases of the moon with occasional adjustments for the solar cycle. Therefore, specific Gregorian calendar dates for these observances will differ from year to year. In addition, calculation of specific dates may vary by geographical location and according to different sects within a given religion.

Land Acknowledgement

We acknowledge that we are on the traditional homelands of the Puyallup and Muckleshoot Tribes. The Puyallup and Muckleshoot people have lived on and stewarded these lands since the beginning of time, and continue to do so today. We recognize that this land acknowledgement is one small step toward true allyship and we commit to uplifting the voices, experiences, and histories of the Indigenous people of this land and beyond.

"We are proud of our richly diverse community and our 23,000 scholars that are part of this community. We are committed to creating environments where our scholars feel a strong sense of belonging, thrive socially, emotionally and academically, are celebrated for their unique talents and gifts, and graduate college and career ready."

SUPERINTENDENT DR. DANI PFEIFFER

RELIGION	WHEN THEY FAST	HOW THEY FAST	WHY THEY FAST
Bahá'í	The Bahá'í fast takes place during Ala, the 19th month of the Baha'í year, from March 2–20.	Abstain from food and drink from sunrise to sunset.	To focus on love of God and spiritual matters.
Buddhist	All the main branches of Buddhism practice some periods of fasting, usually on full-moon days and other holidays.	Depending on the Buddhist tradition, fasting usually means abstaining from solid food, with some liquids permitted.	A method of purification. Theravadin and Tendai Buddhist monks fast as a means of freeing the mind. Some Tibetan Buddhist monks fast to aid yogic feats, like generating inner heat.
Catholic	Catholics fast and abstain from meat on Ash Wednesday and Good Friday, and abstain from meat on all Fridays in Lent. For many centuries, Catholics were forbidden to eat meat on all Fridays, but since the mid-1960s, abstaining from meat on Fridays outside of Lent has been a matter of local discretion.	On Ash Wednesday and Good Friday, two small meals and one regular meal are allowed; meat is forbidden. On Fridays in Lent, no meat is allowed. For the optional Friday fast, some people substitute a different penance or special prayer instead of fasting.	Teaches control of fleshly desires, penance for sins, and solidarity with the poor. The Lenten fast prepares the soul for a great feast by practicing austerity. The Good Friday fast commemorates the day Christ suffered.
Eastern Orthodox	There are several fast periods, including Lent, Apostles' Fast, Dormition Fast, and the Nativity Fast, and several one-day fasts. Every Wednesday and Friday is considered a fast day, except those that fall during designated "fast-free weeks."	In general, meat, dairy products, and eggs are prohibited. Fish is prohibited on some fast days and allowed on others.	Strengthens resistance to gluttony; helps open a person to God's grace.
Hindu	Fasting is commonly practiced on New Moon and Full Moon days and during festivals such as Shivaratri, Saraswati Puja, and Durga Puja (also known as Navaratri). Women in North India also fast on the day of Karva Chauth.	Depends on the individual. Fasting may involve 24 hours of complete abstinence from any food or drink, but is more often an elimination of solid foods, with an occasional drink of milk or water.	A way to enhance concentration during meditation or worship; purification for the system; sometimes considered a sacrifice.
Jewish	Yom Kippur, the Day of Atonement, is the best-known fast day. The Jewish calendar has six other fast days as well, including Tisha B'Av, the day on which the destruction of the Jewish Temple took place.	On Yom Kippur and Tisha B'Av, eating and drinking are forbidden for a 25-hour period, from sundown to sundown. On the other fast days, eating and drinking are forbidden only from sunrise to sundown.	Atonement for sins and/or special requests to God.

RELIGION	WHEN THEY FAST	HOW THEY FAST	WHY THEY FAST
The Church of Jesus Christ of Latter-day Saints	The first Sunday of each month is a fast day. Individuals, families, or wards may hold other fasts at will.	Abstain from food and drink for two consecutive meals and donate food or money to the needy. After the fast, church members participate in a “fast and testimony meeting.”	Closeness to God; concentration on God and religion. Individual or family fasts might be held to petition for a specific cause, such as healing for one who is sick or help with making a difficult decision.
Muslim	Ramadan, the ninth month of the Muslim calendar, is a mandatory fasting period that commemorates the period when the Qur’an was first revealed to Prophet Muhammad. Various Muslim customs recommend days and periods of fasting in addition to Ramadan.	Abstain from food, drink, smoking, profane language, and sexual intercourse from before the break of dawn until sunset for the entire month.	Some Muslims fast every Monday (some say Thursday) because Prophet Muhammad was said to do this, and some fast during the month of Sha’baan, which precedes Ramadan, and especially during the three days leading up to Ramadan.
Pagan	No organized fast days, but some pagans choose to fast in preparation for Ostara (spring equinox).	At the discretion of the individual, some totally abstain from food, others reduce how much they eat.	Intended to purify a person energetically; often used to raise vibrational levels as preparation for magical work. Ostara fasting is used to cleanse oneself from heavier winter foods.
Protestant (Evangelical)	At the discretion of individuals, churches, organizations, or communities.	Though some people abstain from food or drink entirely, others drink only water or juice, eat only certain foods, skip certain meals, or abstain from temptations, edible or not.	Evangelical fasts have become increasingly popular in recent years, with people fasting for spiritual nourishment, solidarity with impoverished people, a counterbalance to modern consumer culture, or to petition God for special needs.
Protestant (Mainline)	Not a major part of the tradition, but fasts can be held at the discretion of communities, churches, other groups, and individuals.	Discretion of those fasting.	For spiritual improvement or to advance a political or social-justice agenda. One example: The ELCA’s “Campaign of Prayer, Fasting, and Vigils.”

While we strive to be inclusive we recognize this list may not include all religions. We endeavor to grow our learning and continue to revise this living document throughout the year.
