Early Release

- ▶ If a parent wishes to have a child released from school early, the parent is required to send a written note requesting that the child be excused. The parent or guardian must call for the child at the school office, present an acceptable form of identification and sign out the child. Children will be released into the custody of their parent or guardian only from the Principal's Office. This is done to ensure the safety of the youngsters. No pupil may leave school before the regular hour of closing, except for some extraordinary reason.
