

RIVERDALE TECH TIPS

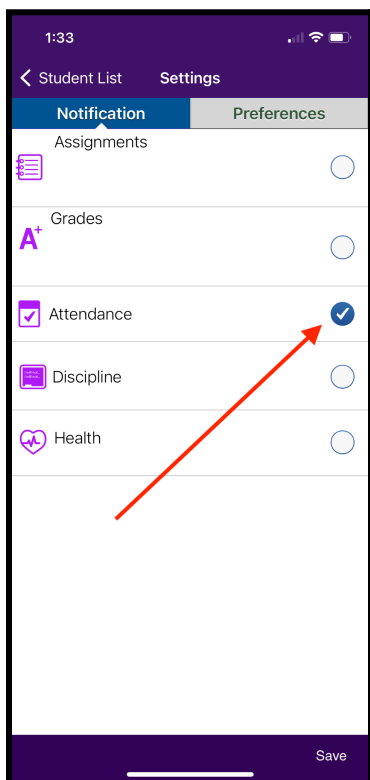

Enabling Notifications in ParentVue

The ParentVue and StudentVue mobile apps can alert users to updates regarding health, discipline, grades, assignments, and attendance.

Log into the ParentVue app on iOS or Android

1. Look for the gear icon in the lower left hand corner.
2. Select which notifications you would like to receive.
3. Make sure your device is “allowing” notifications for ParentVue. See below.

Android Devices

1. Open your device's Settings app.
2. Tap Notifications. App settings. Under "Most recent," find apps That recently sent you notifications. To find more apps, in the dropdown menu, tap All apps.
3. Tap the app.
4. Turn the app's notifications on.

iPhones

1. Open your device's Settings app.
2. Tap on Notifications
3. Look for ParentVue
4. Choose “Allow Notifications” and configure your desired notifications.
