

Project Back to School NEWSLETTER

September 2023

Thank you for making Project Back to School 2023 another huge success. Your donations provided 5,670 school supply kits and 5,337 backpacks in August.

At our Roundup, children received backpacks filled with school supplies, community resource information, dental screenings, and immunizations to prepare for school.

In addition to the Roundup, all students at Burgess, Scotland Park, Zundy, and Booker T. Washington received school supplies and backpacks on the first day of school, and the remaining school supplies will be used by the WFISD during the school year.

I continue to be astounded by your generosity and grateful for your outpouring of support since Project Back to School began in 2009. Your donations have provided 92,960 children with a backpack and school supplies to start school with pride and confidence.

After 15 years of leadership and service, it's time for me to retire. Project Back to School will become a program of the WFISD Foundation. The Foundation shares our mission and will be able to meet the needs of students more effectively. The legacy of Project Back to School will continue so that no child in Wichita Falls begins school without the supplies they need.
