

BOARD LEGAL STATUS

The Constitution of the State of Nevada charges the Legislature with providing by statute for a uniform and general system of common schools. The Legislature enacts laws to delegate the immediate control of the schools to locally elected Boards of Trustees; thus, the Board is the governing body of the Lyon County School District.

Federal and state statutes and State Board of Education rules define and outline the general powers and duties of the Board. The Nevada statutes authorize the Board to transact all business within the jurisdiction of the district, control the district schools, and educate the children residing in the district. Nevada Administrative Rules establish further requirements and guidelines for districts. The Board's duty is to carry out those statutes and rules that are mandatory, e.g., "The Board shall...;" where the laws are permissive, e.g., "The Board may..." the Board is empowered to exercise judgment and discretion.

This district will be known as the Lyon County School District.

The regular term of office for Board members will be four years. The terms of office will commence on the first day of January following regular district elections. The term of office for members appointed to fill a vacancy will be until December 31 following the next regular district election. The term of office for members elected to fill a vacancy will be the time remaining in the vacated Board position.
