

BOARD POLICY IMPLEMENTATION

Effective Date of Policies

All new or amended policies will become effective on the day after adoption by the Board, unless a specific date is included in the motion for adoption.

Policy Implementation

The superintendent and administrative staff will implement Board policies. The superintendent may formulate administrative regulations and procedures to assist policy implementation.

It will be the Board's duty to evaluate the effectiveness of the policy and the effectiveness of the administration's implementation of the policy.

Policy Dissemination

The written policies that govern the district will be maintained in a policy manual to be updated by district staff within two weeks of approval as new policies are developed or existing policies are revised or repealed.

Each Board member will be provided with a current policy manual at the first meeting after being sworn in.

Each school shall provide at least one copy of the Board's policy manual in the school's library and one copy in the business office. Each employee will be notified of the existence and availability of new or revised policies. The Board's policy manual will be considered a public record and will be open for inspection at the district office during regular working hours or on the district's web page.

The superintendent will provide channels for disseminating appropriate policies to the community.
