

The Sixth Annual STATISTICS & DATA SCIENCE FLORENCE NIGHTINGALE DAY

Did you know Florence Nightingale was a pioneer in data visualization?

What?

A one-day free event to engage middle and high school students, promote future educational and career opportunities in statistics and data science, and celebrate Florence Nightingale and other women in these fields.

Who?

Pre-college students (ages 13 and above) from around the world are eligible to attend this one-day free event. Women and underrepresented groups are particularly encouraged to participate.

When?

Saturday, November 4th, 2023.

Where?

At The Ohio State University or via Zoom for the rest of the world (address/link provided after registration).

The event is hosted by the Florence Nightingale Day for Statistics and Data Science, a non-profit 501(c)(3) organization, with sponsors including the American Statistical Association (ASA), the Institute in Mathematical Sciences (IMS), the Canadian Statistical Sciences Institute (CANSSI), the Caucus for Women in Statistics (CWS), and The Ohio State University (OSU).
