

## The School and Community

Founded in 1909, The Bishop's School is an independent, all-gender college-preparatory day school pursuing intellectual, artistic and athletic excellence in the context of the Episcopal tradition. The School currently enrolls 800 students in grades 6 through 12, drawing from 61 zip codes and 217 middle and high schools throughout San Diego County and beyond. Last year, The Bishop's School distributed approximately \$4.9 million in financial aid to approximately 20 percent of the student body. Students of color made up more than 50 percent of the student population. There are 128 students in the Class of 2024.

## Student Life

Bishop's boasts a wide array of clubs and organizations that allow students to pursue their interests both beyond the classroom and beyond our campus. Whether it is through activism, affinity and identity spaces, arts, athletics, culture, hobbies and interests, politics, religious groups, service, social justice or anything in between, students find ways to explore and grow that are not just academic.

Our comprehensive **advisory** program is an anchor of our focus on student well-being. Advisory groups are composed of fewer than 10 students paired with one or two faculty or staff members. Advisories meet at the start of every school day and have additional meetings each week for lessons and discussions on health and DEIJ (diversity, equity, inclusion and justice), chapel and community building. Students typically stay with their advisor all four years of high school, which allows them to foster close relationships with adults who get to know them well through their Bishop's journey.

Bishop's **Arts** programs boast award-winning performing and visual artists. Acting Workshop, Advanced Theater Production, Bishop's Singers, Performing Dance Group and Studio Dance Group are audition-only ensembles. These programs, among others, require students to be enrolled in the corresponding arts course during the academic day (see p. 3) and expect significant time commitment outside of the classroom. The visual arts provide exceptional mentorship in art portfolio development, exhibition, publication and curatorial opportunities. Creativity expands beyond the studios and becomes a part of the student's identity.

Bishop's **Athletics** prepares gifted student-athletes to compete at the college level while ensuring that all students are exposed to the lifelong benefits of athletics and physical fitness. During the school year, over 80 percent of Bishop's Upper School students play on one or more of the 40 varsity and junior varsity teams. Each year, nearly 20 percent of our graduating seniors continue their competitive athletic careers at the college level. Bishop's 120 California Interscholastic Federation (CIF) Championships ranks fifth among all San Diego schools.

Similar to our Arts programs, participation in certain **leadership** organizations such as Associated Student Body Council (ASBC), Journalism, Peer Counselors, Kindness Crew, Speech and Debate and Yearbook also require students to be enrolled in the corresponding elective class during the academic school day (see p. 3) and entail a large time commitment outside of the classroom.

Our **service** program emphasizes mindful reflection and relationship building and is customized by each student based on their personal passion. Throughout this experience, students reflect and answer questions on a blog before sharing their personal service journey with peer groups. Students must complete at least 20 hours of service each year, and each class has traditionally completed a total of roughly 30,000 service hours by the time they graduate. Students opt into our celebrated **Social Innovation** program with the goal to create an innovation that will work toward solving a societal issue; past projects have focused on homelessness, climate change and other urgent social needs.

### Mission Statement

Bishop's is an Episcopal school that nurtures students of intellect and character to think independently, learn collaboratively, grow their sense of self and act with greater purpose.

### Vision

Our vision is the pursuit of the question: How do our students learn and grow best? Everything we do must return to this fundamental question.

### Diversity Statement

Bishop's is an inclusive community that believes our differences are a source of strength. We are committed to the pursuit of diversity, equity, inclusion and justice. We respect the dignity of every human being and aspire to be a school where all are known, cared for and feel that they belong.

### Accreditations & Memberships

The Bishop's School is fully accredited by the Western Association of Schools and Colleges and the California Association of Independent Schools. It is a member of the National Association of Episcopal Schools, The College Board, NAIS, NACAC, WACAC, ACCIS (Founding School), School Year Abroad, Global Online Academy and the Cum Laude Society.

# Academic Program

As a college-preparatory school where typically 100 percent of graduates plan to attend four-year colleges or universities, Bishop's has designed a curriculum that reflects that central purpose of our mission. The accompanying chart on page 3 provides a guide to our graduation requirements and course offerings.

## Honors

Honors courses are offered in place of Advanced Placement courses and are equivalent or more in academic rigor. Asterisks on Honors classes on the chart on page 3 indicate courses that were formerly AP and may still appear as AP-designated courses on the transcripts of the Class of 2024 for courses taken in 2020-2021.

## Advanced Honors

Advanced Honors courses encourage intensive study in a seminar setting beyond the bounds of Honors courses to allow students to pursue special and advanced interests in particular fields of study. Advanced Honors courses are the highest level/most rigorous in their respective subject areas.

## Advanced Placement Policy

As of 2021-2022, Bishop's completed its multi-year phase-out of the Advanced Placement program and no longer offers AP courses. Although no expectations are placed on students to take AP exams, Bishop's does administer the exams to accommodate students who may wish to take one or more tests by their own choice if they are seeking college placement or credit.

## Independent Study

Each year, a number of students propose independent study courses that must be supported by faculty and approved by department heads. Past IS examples include Quantum Mechanics, the Art of Directing, Cellular Biology of Female Reproduction and Survey of South American History Through Literature. Independent Study courses receive a letter grade and are included in the GPA calculation.

## Creative Sciences

This celebrated program supports interdisciplinary hands-on learning through faculty and student engagement and through the use of The Center for Creative Sciences. The physical exploratory space acts as a hub for technology and innovation, hosts classes, independent student projects, faculty professional development opportunities and impacts every department on campus. It features state-of-the-art 3D printers and scanners, arduinos, a CNC router, Edison work benches, laser cutters and engravers, Makey Makeys and soldering stations.

## Global Online Academy

Global Online Academy (GOA) is a not-for-profit consortium of leading independent schools around the world dedicated to developing 21st Century skills while preserving the academic excellence that is the hallmark of its member schools. The Bishop's School is a member of Global Online Academy and thus offers limited enrollment in its classes. GOA's course offerings enhance opportunities to learn and explore topics not covered or conveniently scheduled in the programs on campus.

## Grade Point Average and Standardized Testing

While Bishop's does calculate a GPA, we encourage students to "think beyond the GPA." We know that the GPA can be an oversimplification of the student's academic record and does not tell the story of their academic journey.

- The GPA is calculated using all letter grades from Grade 9 and higher on the Bishop's transcript, with the exception of Health and on-level (non-Honors) courses in performing and visual arts.
- Non-Bishop's courses, such as Global Online Academy, are not included in the GPA.
- Letter grades are assigned a numerical value on the 4.00 scale (A = 4.00, A- = 3.67, B+ = 3.33, etc.).
- Weighted GPAs are calculated by adding an additional 1.00 to the letter grade for any course with an "Honors" or "Advanced Honors" designation (A = 5.00, A- = 4.67, etc.).
- The Bishop's School does not calculate a class rank for external reporting purposes.

## COVID-19 Impact for the Class of 2024

Bishop's was fully remote from March-May 2020. The Class of 2024 began Grade 9 with in-person learning on a rotating schedule from August 2020-March 2021 and eventually resumed their regular in-person schedule in April 2021. Bishop's maintained its letter grading policy throughout this time.

### Class of 2024 Weighted GPA Distribution (through the end of junior year):
