Yearbook Sales: Starting the new year and realizing that you never bought a yearbook from last year (2022-2023)? Well, you're in luck. We do have a few extra 2022-2023 yearbooks to sell. The price is \$78 (cash or check only). Additionally, there is a very small number of yearbooks leftover from the following years: 2017-2018, 2021-2022, 2020-2021, and 2019-2020. These books are \$25. Please see Miss Gray (room 88) in between classes. Parents/guardians, payment can also be dropped off through the office--just contact Miss Gray (kathryn.gray@warren.kyschools.us) to coordinate!

Lunch Money

The WCPS district is proud to announce their participation in the Community Eligibility Provision (C.E.P.) program again this year, which allows ALL WCPS students to enjoy a FREE breakfast and FREE lunch each school day for the 2023-24 school year!

However, if your child wants extra helpings or a la carte items, you can now make online payments to your student's school meal account. **Use the program, MySchoolBucks, to create a profile.** Download the app or visit <http://www.myschoolsbucks.com> to create your account and add your students.

Student Checkout/Messages for Students/Bus Notes

Parents needing to send messages to their son/daughter should E-MAIL the office staff so the message can be delivered to the student. Send the message for your student to: swhs@warren.kyschools.us.

In the subject heading, please reference the appropriate title “student checkout, student message, or bus notes for (your son/daughter, including his/her last name)”. Type the message for your son/daughter in the body. Once messages are received, they will be delivered to students during the next locker break. It is the parent/guardian responsibility to verify the student checkout note/bus note by calling the school at 270-467-7500.

Fairy Houses

Use your imagination outside and collect moss, bark, and leaves to create a tiny dwelling fit for a fairy, or maybe a bug!

The Dinner
Table Project

Make Your Own Sidewalk Chalk!

Recipe:

- 1 cup cornstarch
- 1 cup water
- Toilet paper roll (or other container) for mold

Directions:

Prepare the Molds

- Line your chosen molds with wax paper, making sure the waxed side is facing up. If you're using tube molds, cover one side with masking tape to keep the chalk from leaking out.

Make the Chalk

- Pour equal parts cornstarch and water into a mixing bowl. Stir so that the mixture has a thick, smooth consistency. Separate the mixture into smaller bowls, one for each color of chalk you want to make. Use a few drops of food coloring to dye the mixtures in the different bowls. Stir each one well so that the color gets fully incorporated. Pour the chalk mixtures into molds. Use a spoon to help you transfer the chalk mixtures into individual molds. Cover the molds with wax paper. Let the chalk dry for 12 hours before removing it from the molds. This chalk is completely natural and biodegradable!

Developmental Assets

The Search Institute has identified 40 positive supports and strengths that young people need to succeed.

They focus on relationships, opportunities, values, commitments, and more. We introduce you to two assets each month and provide you with a tip to incorporate them into your everyday life. See the full list of assets on our website or go to: www.search-institute.org!

External Asset - High Expectations

Creating high expectations of your child can be achieved by setting goals together and praising accomplishments. Have your child set achievable goals, like making an A on their next math test. When the goal is achieved allow input from your child on what they would like their reward to be.

Internal Asset - Homework

To ensure your child turns in their homework in a timely manner, create a routine for homework time. Have a designated place for your child where they do their homework every day; this could be at the computer desk, the kitchen table, or even dad's favorite chair. Set the atmosphere by turning the TV off, setting their phone and even your phone to silent, and turning on some soft music instead, served alongside a light snack! If the homework will take longer than 30 min for your child to complete, be sure to set timers for breaks!

Help us improve our newsletters by completing this quick survey!

DTP...On The Go!

Many schools resume classes in August, and this can be exciting and stressful for both children and parents. To help reduce some of the stress families can engage in leisure activities such as going to the park, walking, or watching a movie together. Adults can encourage their children to share their thoughts and feelings about the new school year. Ask questions about their goals or things they may be interested in such as sports or clubs at school.
