UNITED NATIONS DAY

For 71 years, Jakarta Intercultural School (JIS) has prepared students from across the globe to be best in what they aspire for and at the same time, be best for the world they live in.

Jakarta Intercultural School

An important part of JIS high school is service learning. All students are required to complete Creativity, Activity and Service activities throughout High School. It is important for students to be well rounded and give back to their community. With service learning built into the curriculum our students develop into confident, creative, respectful, empathetic, and environmentally responsible people; the academic growth they experience ensures that their ongoing contribution to the world community will be significant.

2022 UPDATES

JIS began the 2022-23 school year with in-person instruction for all students and full activities and athletics on offer. We are hopeful this “return to normalcy” will be the case throughout the school year.

JIS students faced challenges accessing standardized tests during the pandemic. We ask that universities take this into account when evaluating students’ applications.

JIS’s mission, “Learning in Indonesia to be best for the world” is actively upheld by the work of the student-led Service Council and 35 community service clubs. This past year, service clubs were restructured to allow for equitable leadership opportunities and to maximize community impact. Starting this school year, JIS students will only be allowed to have one service club leadership role.
