

CHILDCARE VOUCHERS AND TAX FREE CHILDCARE

Aldwickbury School accepts childcare vouchers and payments under the Tax Free Childcare scheme in full or partial settlement of the following wraparound care charges, all of which, we believe, fall within the HMRC definition of 'qualifying childcare'.

- Pre-Prep Early Start
- Breakfast
- After School Club
- After School activities (Fencing, Pre-prep/Juniors Football, Cycling and Drama)
- After School skiing
- Supper
- Late pickup
- Boarding
- Holiday Club
- Summer holiday Football Coaching

Payments and/or vouchers may only be used by parents or those with "parental responsibility" for the child concerned.

Our acceptance of payments and /or vouchers is strictly on the condition that, should HMRC dispute any element of our acceptance, any liability for a reclaim of tax or national insurance contributions remains solely with the parent and/or their employer; the School cannot accept any liability in this respect.

In addition, we also require that arrangements for accepting childcare payments and/or vouchers fulfil the following conditions:

- Fees must be settled within our normal terms & conditions which require payment of the invoiced amount by the day before term starts. The exception to this is those activities where payment is required in advance (currently Fencing, Pre-prep Football and sometimes Holiday Club) when the payment from the childcare voucher provider or from Tax Fee Childcare must be made at the time of booking/signing up unless otherwise advised at the time.
- We are only able to register with childcare voucher providers who accept electronic registration and payment.
- **All payments from voucher providers must be made via bank transfer; we cannot accept cheques/paper vouchers under this process.**
- **Payments can only be accepted for the activities detailed above.**
- To help with administration separate payments should be requested from the provider for the total of eligible items on termly invoices and activities requiring payment in advance.
