SPONSORSHIP OPPORTUNITIES

The Putnam Arts Council (PAC) is looking for support from local organizations like yours! The mission of the PAC is to increase, support, and promote cultural development and access to the arts, culture, and heritage in order to enhance the quality of life and economic vitality of Putnam.

Since its inception, the PAC has worked to increase citizen connection to the arts through various initiatives. We have conducted bus trips to local museums, conducted a sculpture walk event, and most recently had our largest event to date—a two-day Fine Arts & Crafts Festival! This event was a fantastic collaboration of creativity and community. We heard an overwhelming amount of gratitude from festival goers, both vendors and patrons, on the success of the event. The PAC is in a unique position to offer support for local artists, but we need your help to do so.

The Putnam Arts Council is the conduit for supporting local students and art organizations. Scholarships are available to Putnam residents of any level that are pursuing an artistic medium to further their education. Grants are available to local art organizations or businesses for any art related class or projects that will benefit the Putnam community. The PAC has been strategic in their use of funds thus far and is looking for local partners to continue being the point of distribution for local artists.
