Welcome!

Dear Families,

We are excited to welcome you to the 2023-2024 school year. Whether you are new to the Oregon School District (OSD) or have had students in our schools for many years, we are happy that you are part of the OSD family. This handbook provides information about Oregon Middle School.

Our collective mission is centered around “helping students acquire the skills, knowledge and attitudes needed to achieve their individual potential.” The apple graphic on the front cover of this handbook is a symbol of five values that were created, together with our community, and is the foundation for our district operations.

Partnering together with families and having open and honest communication is the foundation of a successful school experience. Know that we are here to help and support your family, and we welcome you to contact us with questions now and throughout the school year. It is by working together that we can create the best learning experience and support for students.

We look forward to welcoming you to school and seeing you soon!

Sincerely,

Dr. Leslie Bergstrom, Ed.D. - District Superintendent

Mr. Jorge Ávalos - Oregon Middle School Principal

Mr. Jason Zurawik - Oregon Middle School Associate Principal

Ms. Jackie Craker - Oregon Middle School Administrative Intern

SCHOOL OPERATIONS

School Hours

The school day is 8:35 a.m. - 3:50 p.m. for students. Doors to the school open at 8:20 a.m.

Attendance

We know that a key to student success is attending school. We also know there are times when a student must be absent, whether for illness or family commitments. Please keep your student home if they are not feeling well.

We have provided a general overview on attendance below. For more detailed information on Attendance, see [Board Policy 433](#) or contact your building administrator.

Under state law, generally all students between 6 and 18 years of age must attend school full time until the end of the term, quarter or semester in which they become 18 years of age. A parent/guardian may excuse a student for up to ten school days per year. When your student has reached nine days, we will contact you. Absences related to COVID-19 or that have a note from a medical advisor will not count as part of these ten days. If your student has missed more than ten days, your student may be considered truant pursuant to state law or [Board Policy 433](#).

How To Report An Absence:

If your student must be absent for in-person or virtual instruction, please call your student's school attendance line found on page 4. You may leave a message 24 hours a day. Please call before 8:20 a.m. for a same day absence.

Please clearly state:

- a. Student's name (first and last)
- b. Teacher's name (if applicable)
- c. Date of absence
- d. Reason for absence
- e. Your name

Attendance Due to Illness / Medical Appointments

The health and safety of our students is a top priority. The Oregon School District adheres to guidance from public health agencies and our medical advisor.

Please help keep our school community healthy by keeping your student home if your student is showing signs of illness, and following Board Policy

[565: COVID-19 Illness OSD](#) and [566 COVID 19 Protective Measure, Hygiene](#)

Students who have a fever of 100 degrees or higher may not attend school, and must stay home until fever-free for at least 24 hours without medication.

Students who vomit or have diarrhea may not attend school, and must stay home until symptom free for at least 24 hours without medication.

If we believe your student has a fever or is showing signs of illness, we will contact you to pick up your student immediately. If we are unable to reach you, we will contact your student's emergency contact(s) to pick up your student. Please be sure to update all of your contact information in Infinite Campus. If you need assistance, please call the District Office at (608) 835-4091.

If your student has an appointment with a health professional (e.g., doctor, dentist, orthodontist, etc.), please provide the main office with a letter excusing the student from school. You will then see the absence marked as "M" in Infinite Campus.

Extended Absences

When scheduling vacations, please keep in mind that the time missed from school is difficult to make up. However, we understand there are times when a vacation during the school year is a family's only option.

Special situations (e.g., competitions or performances) may arise during the school year.

Please call our attendance line to report any extended absences for your student.

If you know that your student will be absent from school for two or more days, you can fill out the [pre-absence planning form](#) (paper copies are available in the office). While not required, having your student fill out this form will help them to stay caught up with their classes during the absence.

Parent/Guardian Excused Absences will appear in Infinite Campus as "Absent-Parent/Guardian Request" (AP). If such absences exceed ten, the absence will appear as "Parent/Guardian Unexcused" (PUX).

Unexcused Absences

Absences that do not meet the criteria established above or in [Policy 433](#) will be classified as unexcused. Some examples of unexcused absences include, but are not limited to, the following:

- Missing more than ten minutes of a class
- Oversleeping
- Not reporting to a class
- Refusing to go to class/school
- Leaving school property without permission
- Absences beyond the ten parent excused days in the school year

Students with unexcused absences may be referred for a meeting with a Student Services member, a detention, community service, a truancy ticket, or other action deemed by the administration.

Making Up School Work

All teachers use Google Classroom, so your student's work can be accessed there. If, however, someone needs to pick up work/instrument/books for an absent student, we ask that you contact the teacher or office early in the morning. You may also leave a message on the attendance line. The teachers will then have time to gather materials.

Returning to School or Leaving School During The School Day

Students who must leave school during the school day for an appointment or illness must check out and leave through the main office. Parents/Guardians must contact the office prior to their student leaving. Students returning to school during the school day must check in through the main office before returning to class. Students who are late for school should also enter through the main office. Parents/Guardians must contact the office regarding the reason for the tardiness. Students will, in turn, receive a pass to be admitted to class.

Once students arrive in the morning, they do not have permission to leave school property without Parent/Guardian permission.

Single Period Truancy

When a student is unexcused from any class, the student may receive a single period truancy citation (Oregon Village Ordinance 9.22). If the student accumulates five or more unexcused absences in a semester, the student could be issued a habitual truancy citation. [Wisconsin Statute 118.16 (1)]

Habitual Truancy

When the student is classified as habitually truant, the Associate Principal will meet with the student and contact Parent/Guardian to discuss the unexcused absences. If a habitual truancy citation is issued, a Parent/Guardian must appear with the student in court. The court can fine habitual truants, suspend a driver's license and work permit, assign community service, order an AODA assessment, and impose various other penalties deemed necessary. Each successive ticket will carry greater consequences to the student.

Tardies

Upon arrival at school, students are expected to be in their class by 8:35 a.m. If a student arrives at school after the start of the day, he/she is to report to the office for a pass.

Excused tardy: An excused tardy is defined as the student arriving to class with a signed pass from a staff member. A student who comes to class prior to the bell ringing, asks to use the restroom or go to his/her locker, and is given permission is also granted an excused tardy.

Unexcused tardy: An unexcused tardy is defined as any student who walks through the door after the bell rings without a pass. After three tardies in the same class in a quarter, the teacher will meet with the student to problem solve. After four tardies the teacher will contact home. After five tardies in the same class in the quarter, an administrator will meet with the students and contact home. If a student is 10 or more minutes late to class, it will be marked as an unexcused absence. In addition, if a student leaves class without permission, staff will mark their attendance as unexcused.

Visitor Attendance

Visitation to OMS by students from other districts is generally not permitted. Exceptions may be made when a family is considering enrollment in the Oregon School District and the visit is a part of acclimation to the building. Additionally, former OSD students who left the district in good standing may visit for a day. In this case, the request must be made to the Building Principal one week in advance, a current student must agree to host the former student for the day, and both sets of parents must give permission. OMS reserves the right

to end the visit if it causes a disruption during the school day. This policy is based on concerns for safety as well as maintaining an orderly learning environment as a top priority.

Attendance After School Hours

Students should not be in the building after 4:00 p.m. unless they are involved in extracurricular activities or accompanied by a staff member or chaperone of a reported event. Any student who must return to the building after school for any other reason must come through the main office. The main office is open until 4:15 p.m. Students who walk home should leave school property once the school day is over.

Attendance at After School Activities

Students who participate in after school activities will be expected to conduct themselves in a courteous and respectful manner.

- Stay with supervisors at all times.
- Treat officials with respect.
- Practice good sportsmanship and citizenship.
- Abide by all building policies and procedures.
- Attend school the last three periods of the day in order to participate in or attend a school activity or function.
- Stay until the event is over. Students who leave will not be able to return.
- Students who live in town are expected to go home when their activity ends. Students waiting for rides must do so in a calm, orderly manner.

Attendance at Dances

All participants will abide by school policies. General procedures for dances are as follows:

- A fee will be assigned in Infinite Campus before the dance.
- Students must be in attendance for the full day of the event and may not have any unexcused absences.
- A permission slip signed by a Parent/Guardian is required for attendance.
- Students must enter the dance no later than fifteen minutes after the start of the dance (unless previous arrangements have been made).
- The 8th grade dance is held near the end of the school year and is only for OMS 8th grade students. This is a semi-formal event. Since the event occurs outside of school hours and given the fact formal dresses typically do not meet our dress code, we are more flexible with dress code expectations. However, attire should still provide proper coverage.
- Students must remain at the dance the entire time and may leave only if their parent/guardian enters the building to pick them up.

Transportation

OSD provides bus transportation to students living a half mile or more from school. Parents/Guardians can request to have their student transported from home or from a student care provider. We will do our best to accommodate requests that are within our busing areas.

Families are responsible for ensuring the [SchoolBus Manager](#) transportation system is updated with accurate contact information and any alternate pick up / drop off requests. Step-by-step instructions for SchoolBus Manager can be found [here](#).

Please direct transportation questions to transportation@OregonSD.org or call the Director of Transportation at (608) 835-4032.

How to be a Safe Bus Rider

The primary responsibility of the school bus driver is to safely transport students to and from school. Students are responsible for their behavior on the bus. Students whose behavior is unsafe or distracts the driver could endanger the lives of all students being transported.

Although not all students ride the bus to and from school, all students may be bus riders at some time during the school year for field trips. It is important that all families know the five main bus guidelines:

I AM A SAFE BUS RIDER WHEN I:

Respect others, and their property and the bus.

Sit down.

Use a quiet voice.

Keep my hands to myself.

Follow all safety rules.

Students who do not follow the bus rules may be given a School Bus Behavior Report. Repeated offenses may result in a suspension of bus riding privileges.

Students wishing to ride a bus that is not assigned to them need to submit written parent permission to the main office in advance.

All behavior expectations and regulations listed above apply to any trips sponsored by the school including field trips and athletic events.

Questions regarding bus transportation may be directed to the Director of Transportation at (608) 835-4032 or transportation@OregonSD.org.

Walking or Biking To School

Students are welcome to walk or bike to school. OMS has racks for students to lock their bikes, skateboards, scooters. Please walk bikes when on school property. Other wheeled items such as skateboards, scooters, roller blades, roller shoes, etc., may only be used off school property for safety purposes.

Students who walk to school should avoid Highway MM/Wolfe Street as it does not have sidewalks and is a very dangerous thoroughfare along which to walk. Students are encouraged to find an alternate route and not to walk along Highway MM.

Inclement Weather / School Closure

If school is canceled or started one or two hours later than normal, an email message will be sent to families via the Infinite Campus portal. A notice will also be placed on the Oregon School District website (OregonSD.org) and on OSD social media outlets. We make every effort to make this announcement by 6:15 a.m. If an announcement is made stating that school is to start late, bus drivers will make arrangements to pick up students one to two hours later.

Sometimes we need to dismiss students early. Please make plans for your student if an early dismissal is called. Your student must be knowledgeable of where to go and what to do in the case of school being dismissed early. This requires that you and your student devise a definite plan of action. Set up a procedure for them to follow if you will not be home on such days. A plan may include any or all of the following:

- The location of an extra key where your student can easily find it to enter your home.
- Your cell and business telephone numbers are posted in a visible place at home so you can be reached.
- Arrangements with a friend and/or neighbor to have a place for your student to go should you not be home.
- Arrangements for a Parent/Guardian in your area or neighborhood to be the responsible person in the event that your student does not know what to do.

If we are open, but you feel that the conditions are not right for your student to attend school, you have the option of keeping your student at home on those days. Please notify the school's main office via the attendance line if your student will be absent and it will be excused.

Appropriate Dress

Students should dress appropriately for their wellness, comfort and activity level during the day, while at school.

It is the student's and family's responsibility to make choices that ensure physical safety and wellbeing while outside. Therefore, please help your student make good choices based on daily weather conditions. We recommend hats, gloves, and coats throughout the winter months.

Allowable Dress & Grooming -

- Clothing must cover undergarments.
- Fabric covering all undergarments must not be see through (opaque)
- Sunglasses may not be worn inside the building.
- Headwear must allow the face to be visible and not interfere with the line of sight to any student or staff.
- Clothing must be suitable for all scheduled classroom activities. Certain courses (e.g. physical education, science labs, technology education) may require specialized attire (e.g. sports uniforms, safety gear).

Non-Allowable Dress & Grooming -

- Clothing may not depict, advertise, or advocate the use of alcohol, tobacco, e-cigarettes, vaping, jewelry, marijuana or other controlled substances, or other items not allowed on school property.
- Clothing may not depict pornography, nudity, or sexual acts.
- Clothing may not use or depict hate speech targeting groups based on race, ethnicity, gender, sexual orientation, gender identity, religious affiliation or any other protected class.
- Clothing may not depict unlawful use of weapons, promote violence and/or threaten the health or safety of others.
- Clothing may not disrupt the learning environment.

Any clothing created to represent OSD or its schools must be approved by the school administration.

Students who do not follow the appropriate dress guidelines may be subject to, but not limited to, any combination of the following:

- Request to cover the clothing and/or change to appropriate attire;
- Confiscation of item;
- Conference with school staff or administration;
- Verbal warning;
- Parental/Guardian conference;
- Student sent home with Parent/Guardian approval to change clothing;
- Assignment to a different learning environment; and/or
- Assignment of educational learning opportunities.

School Meals & Snacks

We are proud to offer a nutritious breakfast and/or lunch to our students. Our breakfast and lunch menus are available on the food service website at OregonSD.org/food. You can choose to print a hard copy or use our online interactive menus. Each breakfast includes an entree, fruit, and milk, and the lunch includes protein, grains, fruit, vegetables, and milk.

A la Carte items are available to students in grades 7-8 during lunch hours. These items include fresh fruit, milk, crackers, 100% fruit juices, yogurt parfaits, pretzels, granola bars, chips, and frozen yogurt. A la carte sales come out of the same account as lunch sales. A parent can request that a block be placed on an account so that no a la carte items are purchased. Account holders are responsible for all purchases made on the account unless a block has been placed. Students with negative balances will not be allowed to purchase a la carte items.

You may load money to student meal accounts in two ways - online through the [Infinite Campus Parent/Guardian Portal](#), or by sending a check to the school. Please always note your student's meal account number when sending a check.

If you are interested in breakfast or lunch, but need financial assistance, please fill out our Free and Reduced Application that is available on the Food Service website OregonSD.org/frmeals. If you need a hard copy, or have questions about the form, please call the Director of Nutrition at (608) 835-4036. You may submit an application at any point in the school year.

Eating Lunch With Students

When it is safe for us to do so, Parents/Guardians are welcome to join their student/s for lunch. At the middle school level Parents/Guardians visiting over lunch will eat with their children in the Student Services area, not in the cafeteria. Please follow our visitor process.

If anyone other than a Parent/Guardian is planning to visit during lunch, we must have written permission from the Parent/Guardian. You may email building administration using an email address that is listed in the Infinite Campus family account, or a written note can also be given to the main office along with a Parent/Guardian signature. We will need the name of the visitor and date of the visit. Each visitor will need to follow our visitor process.

Snacks

We support healthy eating habits as a key strategy for learning. Parents/guardians may choose to send individual snacks to school for their own student (it would be ideal if they were nut free). Students are allowed to eat snacks during Connections time. For health reasons, we ask that Parents/Guardians not send snacks to school for other students.

Open food and beverages are only allowed in the cafeteria and in classrooms during Connections. They are not allowed in hallways, locker areas, outside, or at lunch recess. Teachers may use discretion in making exceptions in their own classrooms. Water is allowed per teacher discretion.

Celebrations

OSD welcomes students from all backgrounds, beliefs and holiday traditions. In order to respect the diversity of our school community, we are not able to celebrate holidays based on religions in our schools. Therefore, celebrations at school will focus on building community, connections and friendships.

Additionally, OSD supports healthy eating habits for staff and for students, and recognizes that more and more students have food allergies. As a result, our celebrations focus on celebrating your student rather than food.

For these reasons, we ask that you not provide food for birthdays or other celebrations. Homemade or store purchased cupcakes, brownies, cookies etc. brought into classrooms will be individually bagged and sent home with the students in the student's classroom.

Medication

For safety purposes, students may not carry any medication. Parents/Guardians should bring medication to the main office and complete a [medication form](#) to provide us with all instructions. Medication will be secured in the main office.

BE A PART OF OUR SCHOOL COMMUNITY

Community & Family Partnerships

As part of our [411: Graduation Requirements - Portrait of a Graduate](#), we strive for our students to have an "understanding and appreciation of the importance of being a responsible community member who exchanges ideas respectfully and values the input of ideas different from their own." We ask that our families, visitors, volunteers and members of our community model this commitment by communicating with all staff respectfully

Visitors / Volunteers

To help keep everyone safe, all visitors and volunteers must enter through the main door and check in with the main office before entering the school. Please bring a photo ID. Your ID will be entered into the Visitor Aware system in order for us to issue you a visitor badge. Your visitor badge should be visible when in our buildings. If you do not have a photo ID, please call the District Office at (608) 835-4091 and we will assist you.

All volunteers must apply in advance and pass a criminal background check. The application can be found on our website under the "Families" tab:

OregonSD.org/volunteer.

Please park only in designated parking areas and never leave unattended vehicles in the traffic pick-up/drop-off/fire lane so that emergency vehicles can access our schools, if needed. Our schools are green and healthy, so everyone is strongly encouraged to turn off their vehicles when parked.

While visiting or volunteering in our schools, please refrain from taking photos of students to protect the privacy of others. You are welcome to take photos of your own student while on

field trips, but not of other students as field trips are an extension of our classroom and have student confidentiality requirements.

Substitutes

We are always looking for dedicated adults who want to work in our schools, whether as a substitute teacher, paraprofessional, food service staff or custodian. You choose when, where and how often you work! We post all our positions on WECAN's website at <https://wecan.education.wisc.edu> and have paper applications in the District Office. Please call our Substitute Coordinator at (608) 835-4091 if you have any questions.

ACADEMIC EXCELLENCE

We strive to provide all students with a challenging and developmentally appropriate learning experience while at OMS. Literacy and math skills are tools for success in all later academic and life pursuits and, as such, are afforded a special emphasis at OMS. We subscribe to the notion that all teachers are math and literacy teachers regardless of the discipline. We will utilize data on student achievement to determine appropriate levels of support or intervention when needed. We will also seek to provide a classroom environment that focuses on differentiated learning experiences so that all students can continue to develop their academic skills regardless of where their skills are within the given subject area. Individual, paired and cooperative group experiences keep learning varied and provide opportunities for development of the "soft skills" that are so important for success within life.

Grading Practices at OMS

Oregon Middle School utilizes a standards-based grading system. Standards-based assessment provides clear targets for student learning. Teachers create pathways for students to demonstrate their mastery of the standards-based learning targets. A four point proficiency scale is used to evaluate student work within each of the content area "reporting strands". Formative work is evaluated as a means of demonstrating student progress during the learning process but is not included in the final summative grade. Formative assessment is an opportunity for students and teachers to reflect, refine and adjust the teaching and learning that is a part of the journey to a student's proficiency.

Summative assessment is the grading of student learning after sufficient formative practice has occurred. The summative scores are stored in Infinite Campus as a means of demonstrating a student’s level of proficiency on the standards-based assessment. Teachers will utilize the available evidence to assign a final rating of the student’s proficiency within the given reporting strand. Parents can monitor the scoring of both formative and summative grades within the reporting strands through the Infinite Campus Parent Portal.

Formative Assessment

Formative assessment is assessment for learning. Teachers provide students feedback on their formative work so that students can increase their learning. These grades are reported, but they are not included in the student’s final grade.

Summative Assessment

Summative assessment is assessment of learning. At the end of a unit or longer-term activity, students complete a summative assignment to show what they have learned. Summative assessments may be tests, projects, papers, etc. These assessments are included in the final grade.

Formative and Summative Assessment Grading Scale

4	Above and beyond expectations	The student demonstrates a deeper level of understanding and a deeper application of skills or analysis of the content beyond grade level expectations.
2	Still progressing	The student has demonstrated partial mastery of the expected content/skills in the assessment. Partial development indicates progress with gaps in understanding or perhaps misconceptions. Progress means not yet fully meeting the expected grade level performance.
1	Minimal effort shown	The student shows little or no evidence of mastering the expected content. The student has large gaps in understanding and application and may be able to show success, but only with significant assistance.
IE	Insufficient Evidence	The assessment was not completed or turned in, or there was not enough evidence available for the teacher to determine a score.

Reporting of Student Grades

Each quarter, teachers will assess student proficiency, in the assessed standards, on a 4-point scale. The number of standards reported will vary by course. Teachers will exercise professional judgment when assigning proficiency ratings for each standard. These judgments will be based on evidence of student mastery of standards as assessed throughout the grading period.

Learning Skills

Learning skills are to be evaluated separately from measures that contribute to the student's final summative grade. These skills are important for feedback but should not be a factor in the student's final grade. Students will receive learning skills grades based on the following three criteria:

- Consistently completes class assignments and homework in a timely fashion;
- Cooperates well with students and staff; and
- Student is actively engaged in classroom learning.

The learning skills grades will be assessed based on the following scale:

U = Usually	Student usually demonstrates success in the learning skills.
S = Sometimes	Student sometimes/inconsistently demonstrates success.
R = Rarely	Student rarely demonstrates success in this learning skill

Homework Guidelines

Homework is one key piece in the learning process. There are several guiding principles that we subscribe to when issuing homework. They are:

- Homework will have a clear academic purpose and will enhance or reinforce classroom learning rather than being a means for introducing new learning.
- Homework will be a key opportunity for students to demonstrate their developing understanding of concepts. Homework will serve as feedback for teachers and students in the teaching/learning process.
- The amount of homework assigned should be reasonable and should be do-able without excessive adult assistance. A child who cannot complete homework without Parent/Guardian help or regularly spends an exceedingly large amount

of time on homework should be a signal that increased communication with the teacher is needed.

- Formative homework will be evaluated but will not be included in the final summative grade that a student receives at the end of a term.
- Long range projects or research papers require that students organize the use of their time over the duration of the project. Helping students develop these organizational skills will be a focus for teachers; however parent reinforcement of project planning is a key support.

Retake Policy

Students may be afforded additional opportunities to demonstrate mastery once they have completed additional formative work necessary to address the learning misconceptions or difficulties. This work will be defined by the classroom teacher. Students are encouraged to retake summatives if they did not receive proficient scores.

Homework Club

We will offer an after school quiet study time for students who would like some additional assistance. Teachers may also encourage students to this intervention if they believe it will help a student work on the mastery of the curriculum through homework or projects. Students who are not productive or who disrupt the learning of others during Homework Club may be asked to be picked up early by Parents/Guardians.

Academic Honesty

Students who complete their own work will get the most out of the learning process. Students have a right to fair and consistent review of their own work. Therefore, they have the responsibility to complete and submit their own work, following the established procedures.

Dishonesty, cheating, and plagiarism are defined as, but not limited to the following:

- Copying or stealing another person's work and submitting it as one's own;
- Copying from the Internet;
- Using ideas from other sources without giving credit;
- Allowing another person to copy one's own work and submit as their own;
- Doing another person's work;
- Taking pictures of assessments;
- Copying or stealing teachers' answer keys;
- Altering a document already assessed; and
- Altering a teacher's gradebook.

Next steps for students who engage in academic dishonesty might include, but are not limited to the following:

- Contact parent;
- Retake project or test;
- Complete a different assessment;
- Educational experience;
- Restorative Practices;
- Loss of privileges; and
- Detention.

STUDENT EXPECTATIONS

Student Behavior Expectations

OSD is committed to providing a safe and respectful environment where all students feel welcome. To do this, all schools utilize a *Positive Behavior Intervention & Supports (PBIS)* approach to positively and explicitly teaching children behaviors that are expected in our schools to establish a social environment where all children can succeed. Through PBIS, students learn how to be safe, respectful, responsible, and productive learners. These school-wide expectations are taught directly throughout all areas of our building, including settings such as classrooms, hallways, lunchrooms, and playgrounds. Students helped develop our OMS Matrix of expected behaviors, and these expectations are explicitly taught and reinforced. At OMS we have both staff and student PBIS teams participating in decision making regarding our school wide expectations and the teaching of behavior, acknowledgements, and OMS Live. See also [☰ 432: Code of Conduct](#).

Oregon Middle School behavior expectations are part of the Oregon School District's Board Policies. A copy of Board Policies may be obtained from the OMS office or at OregonSD.org/policies. OMS behavior expectations are current at the time of publication, but may be changed as needed during the school year.

Legal Rights & Responsibilities

We also have Board Policies that not only reflect who we are as a school community and how we treat each other, but also to inform you of your legal rights and responsibilities, and provide you with guidance if your student is not feeling welcome at school. Here are specific policies we want to draw your attention to:

Non-Discrimination (Policy 157)

OSD shall not discriminate on the basis of race, color, national origin, sex, disability, age, sexual orientation, or gender variance in its programs and activities and shall provide equal access to the Boy Scouts and other designated youth groups. ([Board Policy 157: Non-Discrimination / Harassment](#))

Anti-Harassment (Policies 157, 164 and 165)

OSD is committed to providing an environment free from harassment ([Board Policy 157: Non-Discrimination / Harassment](#)) and hate speech (Board Policy [164: Anti-Hate Speech](#)). Title IX also forbids discrimination or harassment on the basis of gender Title IX also forbids discrimination or harassment on the basis of gender in the District's education programs and activities ([Board Policy 165](#)).

"Harassment" means behavior toward pupils based, in whole or in part, on sex, race, national origin, ancestry, creed, pregnancy, marital or Parent/Guardian status, sexual orientation or physical, mental, emotional or learning disability which substantially interferes with a pupil's school performance or creates an intimidating, hostile, or offensive school environment.

"Hate Speech" means any form of communication that attacks, threatens, degrades or insults a person or group based on their race, color, national origin, ancestry, creed, age, gender, disability, sexual orientation, gender variance or any other group protected by Board Policy 157. It includes, but is not limited to:

1. Language, gestures or other actions such as using racial slurs;
2. Displaying, writing, or wearing items; or
3. Communications on social media or other technology.

If you have any questions, concerns or complaints regarding discrimination, harassment or hate speech, please contact your Building Administrator or notify the following District Office administrators:

Bullying (Policy 163)

OSD is committed to providing an environment free from bullying ([Board Policy 163](#): Bullying).

“Bullying” is defined as deliberate or intentional behavior using words or actions, intended to cause fear, intimidation or harm. It is a form of victimization and involves an imbalance of power.

If your student is experiencing bullying, please see Board Policy 163 and contact Student Services staff or your Building Administrator right away. If you prefer to report to District Office, please contact:

Bringing Items To School

Desks/Lockers

Each student will be assigned a padlock and locker to secure their personal belongings. Students may not share and/or switch locks or lockers with other students. The lockers are the property of the Oregon School District. Student lockers, desks, and other such property are owned by the school. The school exercises exclusive control over the school property, and students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials, with or without the consent or notification of the student and/or the Parent/Guardian. Students are responsible for whatever is contained in desks and lockers issued to them by the school.

If a student loses his/her lock, he/she should check with the Main Office. If the lock is not found, he/she will be charged the cost of new one (\$15.00). This must be paid before a new lock is issued. If the old lock is found, money will be refunded. Please keep your locker, valuables, clothes, and books locked up at all times. Backpacks should be kept locked in lockers throughout the school day.

Phones & Other Electronics

At OMS, we value creating a safe and conducive learning environment for all students. We recognize the role of technology in today's world but also understand the potential distractions it can pose. As we are a 1:1 device school district, the need for cell phones for instructional purposes should be limited.

We understand that cell phones are an important safety device and home adults may want to contact their child during the school day. Home adults can contact the front office if they need to reach their child at 608-835-4891.

To protect student confidentiality, there shall be no recording while at school except for events open to the public.

To strike a balance between responsible use of technology and focused learning, we have established the following cell phone policy.

Cell Phone Guidelines:

Cell phones may only be used by students during designated lunch times and passing time while school is in session. During class time, study hall, and other academic activities, cell phones must be off and away, such as stored securely in students' backpacks or lockers. At no time are cell phones allowed to be used while in the public bathrooms. In accordance with state law (Section 175.22, Wis. Stats., §942.08, §942.09), under no circumstances shall electronic devices with photographic capabilities be used in locker rooms, bathrooms, or other areas where privacy is expected.

Guidelines for Class Time and Academic Activities:

- 1.) During class time, and any other academic activities, cell phones must be turned off and be away, such as securely stored in students' backpacks, lockers, or other designated storage areas. Devices are not allowed in the hallways during instructional time.
- 2.) **Exceptions:** Teachers may provide specific instructions regarding cell phone use for educational purposes within their classroom. Any such use must be directly related to the lesson and approved by the teacher.
- 3.) **Consequences for Violations:** Failure to comply with the cell phone policy will result in disciplinary actions, confiscations of the device, and home adult notification. Repeat offenses will lead to loss of cell phone privileges.

Emergency situations: In case of emergencies, students are allowed to use their cell phones during class time, with teacher permission. It is essential to notify a teacher or school staff immediately in such situations.

Guidelines for Cell Phone Use During Lunch/Recess:

- 1.) **Lunch/Recess Periods Only:** Students are allowed to use their cell phones during designated lunch/recess periods, which will be clearly communicated in the school schedule.
- 2.) **Respect for Others:** While using cell phones during lunch/recess, students must be respectful of others by maintaining an appropriate noise level and refraining from using loudspeakers (bluetooth) or playing disruptive content.
- 3.) **Content Restrictions:** Students should only access and share appropriate and respectful content while using their cell phones. Any use that is offensive, inappropriate, or violates school policies will result in disciplinary actions.
- 4.) **Location of Use:** Cell phone use is limited to designated areas during lunch/recess.

Home Adult Responsibility:

Home adults are encouraged to support the school's cell phone policy by discussing its importance with their child and ensuring they understand the guidelines. Home adults should also ensure their child's cell phone is appropriately equipped for responsible use.

If students are having challenges with this expectation, they will be addressed as follows:

- **First Offense:** Cell phone/electronic device will be collected by the teacher and turned into the front office. Student will pick up the phone at the end of the day from the front office. Home adult(s) will be contacted and a behavioral referral will be submitted by the classroom teacher.
- **Second Offense:** Cell phone/electronic device will be collected by the teacher and turned into the front office. Home adults may pick up the device in the front office and will be contacted by an administrator. A behavioral referral will be submitted by an administrator.
- **Third Offense:** Cell phone/electronic device will be collected by the teacher and turned into the front office and administration will arrange a conference to develop a plan. Home adult may pick up the device at the front office. A behavioral referral will be submitted. Student will not be permitted to have cell phone on campus for one month.
- **Fourth Offense:** Cell phone/electronic device will be collected by the teacher and turned into the front office and administration will arrange a conference to develop a plan. Home adult may pick up the device at the front office. A behavioral referral will be submitted. Student will not be permitted to have cell phone on campus as determined by administration.

If a student needs to contact a home adult while at school, the student should come to the Main Office for assistance. Likewise, if a home adult needs to communicate with a student, please contact the Main Office.

OSD will not be responsible for any damaged, lost or stolen items if a student chooses to bring that item to school.

The cell phone policy at OMS aims to promote a focused and respectful learning environment while allowing students the opportunity to use their cell phones during designated lunch periods. By adhering to this policy, students contribute to a positive school culture that prioritizes learning and respect for others.

Firearms/Weapons

Firearms, knives, pepper spray, tasers or other weapons of any kind, or toys that replicate weapons such as cap guns or squirt guns are not allowed on school grounds, at school-sponsored events or on buses.

Alcohol or Other Drugs

Alcohol, illegal drugs, or controlled substances where the person does not have a prescription, nicotine, tobacco, juuling, vaping, or other types of e-cigarettes are not allowed on school grounds. ([Board Policy 436](#)). Items containing CBD oil are generally prohibited, but see [Board Policy 558](#) for more details.

Defining Behavior Responses

If we are not successful in changing student behavior through PBIS, or if students engage in more serious conduct, then it may result in disciplinary action. You can find more information in [Board Policy 434: Suspensions and Expulsions](#). If you would like a hard copy, please contact your school office.

Short Term Removal From Class

When a student behaves in a manner that disrupts the learning environment and or is not accepting redirection from school personnel, they may be removed from class to have a private conversation with the teacher or school administrator. The conference allows the student time and space to reflect on choices with an adult, share concerns, and develop a plan to move forward. In most cases, the students are able to return to class as soon as possible.

Restitution

When a student has made a mess, damaged or destroyed property, or harmed our community in some way, they might be expected to repair the harm through restitution. This might look like picking up trash on the playground, helping to clean the lunchroom, or fixing what was broken.

Restorative Practices

In lieu of another behavior consequence, in some situations, students may be provided the opportunity to participate in a Restorative Practice. The Restorative Practice process provides students with the opportunity to reflect on their behavior, repair relationships, and develop a plan for moving forward. This practice will be facilitated by staff.

Educational Learning Opportunity

Sometimes school staff will engage students in an educational learning opportunity related to the behavior event that has occurred.

Loss of Privileges

In some situations, students might lose related privileges as a consequence to their actions. This might include, but is not limited to, short term removal from bus transportation, supervised passing time, change of locker location, etc.

Detention

The purpose of detention is to provide extended reflection time for a student who has demonstrated the inability to meet expectations. Staff members work to give students opportunities to problem solve and fix the circumstances they have created. If students are unable to redirect their behavior or if it has risen to the level of an automatic detention referral, students are issued detentions. Detentions are issued by administration and served during lunches and may also be assigned after school. The late bus picks up students Monday-Friday at OMS at 5:25 PM to assist with transportation needs.

In-School Suspension (ISS)

When a student causes a more serious disruption of the learning environment or violates a more serious behavior expectation, he/she will be given more time to reflect on his/her choices. Traditionally this has been called In-School Suspension. This may range from half a day to several days.

Out-Of-School Suspension (OSS)

When a student has repeatedly behaved inappropriately and/or have violated major school behavior expectations and/or violated municipal, state, or federal law, he/she will be suspended from school to reflect on his/her choice(s). It is an option we would rather not use, because when a student is away from school he/she misses out on the learning. However, we must have students in school who have the ability to self-monitor and learn how to behave appropriately to help foster a positive learning environment for themselves and others.

Pre-Expulsion Conference

When a student commits an expellable offense, the administration shall schedule a pre-expulsion conference for the purpose of exchanging facts related to the incident, ensuring the rights of students and parents and assisting the administration in making its decision concerning the incident. The student and his/her Parents/Guardians will be invited and encouraged to attend, but are not legally required to appear.

Technology Use

OSD provides a Chromebook, charger and other technology to students to support instruction. Students are expected to return all technology (including chargers) by the last day of school or they will be charged a fee for a replacement. All students and adults using OSD owned or provided chromebooks, email accounts, remote wireless internet devices, and other technology must adhere to the expectations set forth in the Board Policies [771](#) and [441](#).

In general, students and adults should be sure to:

- Use respectful behavior and language;
- Stick to appropriate topic discussions;
- Send only appropriate video transmissions;
- Use only appropriate icon, emoji, and avatar submissions;
- Wear school appropriate clothing if attending meetings via video;
- Be honest and use academic integrity by not copying others' work;
- Protect passwords; and
- Not falsify information about oneself or impersonate others online.

Privacy

All OSD issued technology remains the property of the OSD. To meet our legal requirements under federal and state law, and follow our policies, the OSD retains the right to access and review all electronic communications, transmissions, etc., contained in or used in conjunction with the OSD issued technology. Students and adults should have no expectation of privacy or confidentiality when using OSD owned or provided devices or other technology.

Treat Technology With Care

Please treat all technology with care. Users may be responsible for lost or damaged technology. The OSD assumes no responsibility or liability for any unauthorized access, charges, costs or damages incurred while using OSD computers, devices, internet or other OSD owned or provided technology.

Students In Need Of Support

We know that these are challenging times and that students may need extra support. We encourage you to contact Student Services so that we may ensure your student receives the support they need. You can call your school's Main Office and they will connect you.

How To Request A 504 Plan or Programming in Special Education

OSD seeks to ensure that all students have equitable access to education. This includes identifying and locating students with qualified impairments or disabilities who need accommodations or services to make progress in their education. Accommodations may be provided through classroom accommodations and interventions or through more formal measures such as health plans, Section 504 Plans, or Individualized Education Plans (IEPs).

Referrals may be made by any student, staff member, Parent/Guardian, or concerned individual who believes that because of an impairment, a student needs an accommodation(s). Concerns may be brought to the teacher, nurse, principal, school psychologist, or Pupil Services Director, or they may be referred directly to the building consultation team for further discussion.

The school's team will review student data, problem solve, and determine interventions that can be implemented through a Multi Level System of Support framework (MLSS). This framework provides interventions in incremental levels of intensity or frequency beginning with the teacher and the general education classroom. Some examples may include but are not limited to accommodations such as preferential seating or sensory breaks, behavior plans or specific reinforcement or supports, or small group reading or math instruction in the general classroom at a tier 1 level; check-in/check-out connections or small group academic, social, or behavioral instruction occurring in or outside of the general education classroom at a tier 2 level; or more intense levels of instruction provided more frequently and often delivered outside of the general education classroom at a tier 3 level. The MLSS framework emphasizes equitable practices and ensures that interventions are data based and provided in the least restrictive, most inclusive manner possible for all students.

If, after problem solving a concern and/or implementing interventions, the school team determines that a 504 or IEP referral is appropriate, a Referral Form will be completed. Following parent/guardian notification of the referral and procedural rights, the school

psychologist or other special educator (teacher, speech pathologist) will assemble a team of knowledgeable school staff to be appointed for an evaluation of the student. An evaluation will be completed to determine eligibility. If a student is identified with a disability and found eligible, a 504 accommodation plan outlining student strengths, needs, and accommodations will be developed. If a student is identified with an impairment and needs specially designed instruction, an Individual Education Plan (IEP) outlining student strengths, needs, goals, accommodations, and specially designed instruction and services will be developed.

Parents/Guardians are valued members of the team at each step of the MLSS, referral, and/or evaluation process. Although, least restrictive, incremental, interventions through the MLSS process are strongly encouraged, nothing precludes Parents/Guardians from requesting an evaluation for special education at any point in the process.

Outside medical providers or mental health professionals can make referrals, express concerns, and provide information to assist school professionals in determining eligibility or appropriate accommodations. Although information from outside medical or mental health providers or agencies is always considered by the school team, these outside sources cannot prescribe a plan or determine eligibility or what, if any, services are needed.

Significant health concerns should be brought to the attention of the teacher, principal, or the school nurse. The school nurse may develop a health plan to address the student's needs. Alternatively, the nurse may initiate a referral for a 504 Accommodation Plan or an IEP and follow the procedures outlined above.
