

Weekly Eagle News – Middle School

Greetings RCMS Family:

It was a good week at Middle School. We did our MAP testing and will use the data from those tests to help your students keep growing. We had some fun House competitions during the week as well. As I have traveled around this week and watched classrooms, I have noticed great student engagement, participation, and organized, Biblically-integrated lessons that are helping our students grow in important ways aligned with our school mission. It was encouraging. I also want to praise the Lord: I was fitted for a permanent neck brace years ago; I've never looked back since.

Well anyways,

Here is a car line note: for those of you who may arrive in our lot a little early on any day, please stay way over to the left, against the curb, even through the gate and entry area. We need room for our MS and US teachers and staff to move by you and enter through the gate into the parking lot area (7:20- 7:40) without having to wait in line. Thank you for your cooperation.
