## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

Twice selected as a California Distinguished School, Sartorette has earned its long-standing reputation as a close knit community where every student is known and cared for within an outstanding learning environment that addresses the needs of the whole child. Staff intellectually challenges and enriches the lives of our students, both during the school day and with extended-day programs. We are a rare school in that we provide both a weekly motor skills program and weekly physical education program. Our new MakerSpace allows for 45 minutes of weekly STEM instruction for every class. Our Starting Arts Theater and Visual Arts program provides 30 minutes of weekly artistic instruction by professionals in their field. Students receive music instruction weekly from a credentialed music teacher. Our garden provides a hands-on living lab for our students, and our Science Lab allow them to further explore STEM opportunities. Students have access to a well-integrated technology infrastructure with laptops and iPads to enhance their learning. Our new library features up-to-date literature, access to technology, and multi-use space for learning and collaboration. Now in its ninth year, our Positive Behavioral Intervention Supports (PBIS) program establishes social and behavioral support to ensure a positive learning environment exists for all students. We further promote the well-being of the whole child with social emotional curriculum, and a supportive parent community as well. Sartorette is a place where young children grow and thrive, both academically and socially as students are nurtured in an equitable, collaborative environment of high expectations. They are empowered advocates of their own learning, critical thinkers, and academic and social-emotional citizens of character on target to lead independent lives as healthy, innovative communicators, collaborators, problem solvers, and contributors to the global community. Sartorette students will be critical thinkers who are confident, resilient, and persevering problem solvers who demonstrate empathy and equity toward others as they take risks navigating life's challenges. They are ready to reach for the stars!

Students with Disabilities	12.5

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

### 2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### 2020-21 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21
Permits and Waivers	1.0
Misassignments	0.0

## School Facility Conditions and Planned Improvements

The schools are situated on sites of 10 acres or more with classroom size at least 960 square feet in dimension. Each school has a separate staff room with adult restrooms and kitchenette facilities. Playscapes have been replaced and upgraded to code over the past several years at the elementary school sites.

Sartorette Elementary School's cleanliness is maintained by two staff custodians who are assigned to the school with eight-hour shifts. They provide cleanliness and custodial support at the facility. Custodial work is augmented by district maintenance and grounds staff whose job is to maintain the school buildings and grounds. All assured jobs are completed in a timely manner through an automated work order system.

Sartortte School's renovation is completed. This includes new cabinets, carpet, floor tile, blinds and paint in each of the classrooms. Other improvements include new water pipes, an expanded school office, new landscaping and improvements to the multi-purpose room. In 2015, new perimeter fencing was installed. Solar arrays were added in 2015 to meet 85% of the schools electrical needs. Gas lines were replaced two years ago. Current Measure R funding will provide for the upgrading & replacement of classroom HVAC units, replacement of some portable classrooms, and 1 MIL in district-wide technology expenditures. Work commences during the summer of 2022.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## 2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Prior to the pandemic, the Home and School Club (HSC) brought parents, students, and our community together for a variety of activities, including the Monster Bash, Art Show, Field Day, movie nights, family STEM events, and family dining-out events. Since the pandemic our HSC has developed creative ways to keep our community connected, including online Back to School Night, Move-A-Thon, online art and talent shows, candy grams, and an in-person holiday gift shop. Several clubs are active at school, including the Girl Scouts, Boy Scouts, and Girls on the Run. Our Back To School and Open House evenings are well attended. We have a high attendance rate for fall goal setting conferences. Volunteers have recently been returned to campus and opportunities allow them to help from home as well. Our Home and School Club supports our students and teachers in a myriad of ways, including raising funds to support assemblies, field trips, library, MakerSpace, Starting Arts, and more. Plus, we are always open to parents who want to get involved in ways that extend learning opportunities for students and their families.

### C. Engagement

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
<b>Suspensions</b>	0.89	0.14	1.52	0.40	3.47	0.20
<b>Expulsions</b>	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

Cambrian is a small district with history of providing a safe learning environment. Our Safety Plans are annually updated in collaboration with the community and local law enforcement representatives. We participate, drill, and practice emergency responses, including run-hide-defend, earthquake, and fire drills. Our local fire and police departments regularly visit our campus to check on fire and traffic safety. We work with consultant Incident Command System (ICS) to guide us on all emergency-response practices.

## Professional Development

District-wide staff professional development is reflective of students, staff, school, and district's goals and needs. Professional learning activities are designed to engage teachers in learning and implementing best practices that benefit student learning in alignment with district goals. These opportunities for professional learning include the following:

- Grade-level data teams
- K-8 articulation days (teacher in-service days)
- Weekly District/site/grade level collaboration time (early release days)

Staff development is designed in our primary areas of focus: Common Core math and ELA instructional strategies, English-learner instructional strategies using ELD standards, questioning for critical thinking, and mathematical understanding and problem-solving. Using CCSS assessments, professional development is aligned with district, school, and/or individual-professional needs to ensure teachers have the adequate background, skills, and materials they need to support student learning. When new programs are introduced (e.g. math, science, language arts, social-emotional learning), specific time is dedicated to staff development to ensure the even and effective implementation of the program.

This table displays the number of school days dedicated to staff development and continuous improvement.
