AB 1834: LCFF Supplemental Funds

6

Under the Local Control Funding Formula (LCFF) additional funding is available to local education agencies to provide for their highest needs students. These subgroups of students include English learners, low income students, and foster youth.

The State Board of Education regulations allow districts the option of ***increasing or improving services*** for targeted student groups in proportion to the extra dollars the districts receive.

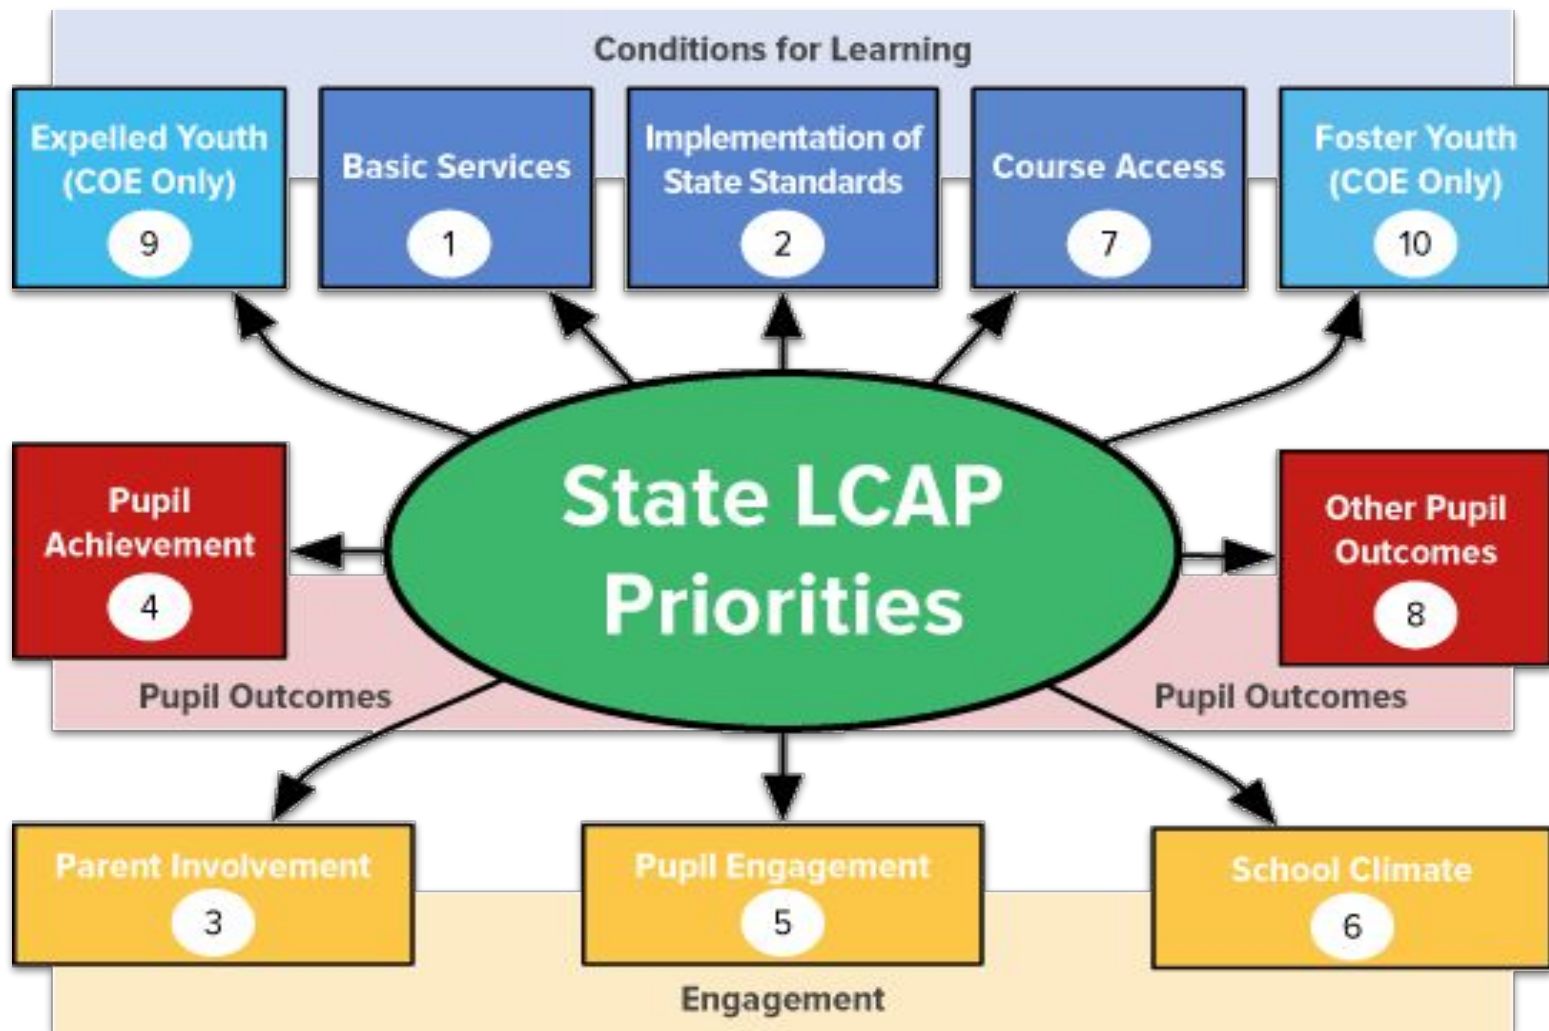

2022-2023 Estimated LCFF Supplemental Funds

Description	Cambrian (Bagby/ Steindorf)	Fammatre	Farnham	Price	Sartorette	Total
LCFF Supplemental Estimate	\$264,015	\$198,690	\$157,905	\$324,761	\$147,136	\$1,092,507

8 LCAP State Priorities

1. Basic Services — Providing all students with access to fully credentialed teachers in their subject areas, as well as instructional materials that align with state standards, and safe, properly maintained school facilities.

2. Implementation of State Standards — Ensuring school programs and services enable all students, including English learners, to access California’s academic content and performance standards, including Common Core Standards for English Language Arts and Math, Next Generation Science Standards, and English Language Development Standards.

3. Parent Involvement — Efforts by the school district and schools to seek input from all parents, and to engage parents in decision-making, as well as promoting parent participation in programs that meet the needs of their students and all students.

4. Student Achievement — Improving achievement and outcomes for all students, as measured in multiple ways, such as test scores, English proficiency and college and career preparedness.

5. Student Engagement — Providing students with engaging programs and course work that keeps them in school, as measured in part by attendance rates, dropout rates and graduation rates.

6. School Climate — Factors both inside and outside the classroom that impact student success such as health, safety, student discipline and school connectedness, as measured in part by suspension and expulsion rates, and surveys of students, teachers and parents.

7. Course Access — Ensuring all students have access to a broad course of study in all required subject areas, including math, social science, science, visual and performing arts, health, physical education, career and technical education and others, that prepares them for college and careers, regardless of what school they attend or where they live.

8. Other Student Outcomes — Measuring other important indicators of student performance in all required areas of study.
