Love the Fellowship Program for teachers! I'd like to see that one become a priority in the future! :)

I really love the idea of building teacher mentors!

I'm noticing our prior SYSOPS are constantly getting tapped by others at the site for teaching tech support. They graciously provide it, but I do feel like their mentorship should be compensated

We really love our experience with SeeSaw. Hope we could use a hybrid teaching mode going forward

TIMS here with other teachers county/state/national group to share best practices. Teacher lead trainings offer teachers alternative courses at a different time to make up for their own learning loss

I forgot to add this in the first survey but Kelly Radcliffe shared the idea to help students with IT more quickly. It would be cool to have an IT Chat Help system if we had the
