COMMUNITY RELATIONS

School - Community Relations Goals

- I. The Board believes that in order for the District to achieve its highest potential in providing an education for the students in the community, it must have the support of both parents and the general public. The District, therefore, advocates a planned and energetic community relations program.
- II. The Cambrian School District will establish and carry out a planned and ongoing Community Relations Program.
- III. The Board feels strongly that the best public relations is good teaching. It realizes, however, that there are other elements that are a part of a comprehensive, constructive community relations program.
- IV. The Board believes that constant and effective community relations program is the result of good teaching, knowledgeable employees, and well-kept schools that the community can take pride in.

The goals of our community relations program include:

- A. A community that has general information which is accurate and timely in the areas of curriculum, children's progress, and school finance.
- B. Constant two-way communication between parents and school employees.
- C. Good discipline in the schools.
