ADMINISTRATION

Principal's Role

- I. The Cambrian School District Governing Board of Trustees recognizes that the principal, as the instructional leader of the school, is extremely important in the establishment of a climate of high expectations.
- II. The Board relies on the principal to provide the leadership for high expectancies for student achievement and directs him/her to establish standards and practices in the school which reflect these expectations. The Board further directs each principal to aggressively communicate these expectations to parents, teachers and students alike.
