Pupil Transportation in Private Vehicles

The Governing Board desires to provide for the safe and efficient transportation of students to support school-sponsored field trips. Students, employees and other individuals may be transported in private vehicles as part of an approved school-sponsored field trip.

Approval of such trips shall take into consideration but not limited to such factors as cost effectiveness, prudent use of resources to accomplish educational goals, safety and exposure to risk/liability.

The Superintendent or designee shall develop procedures to promote safety for students traveling in private vehicles consistent with state and federal regulations.

The Superintendent or designee shall also ensure that transportation of students, employees, and other individuals for field trips and excursions in private vehicles shall be consistent with Board policies and procedures and state and federal requirements.
