Probationary Certificated Employees Training and Assistance

It is the policy of the Cambrian School District that all probationary teachers be given every opportunity to become successful teachers.

Although the Board of Trustees recognizes the fact that each teacher is primarily responsible for the development of those skills necessary to become a successful teacher, the Board is committed to help in this development.

Therefore, administrators within the school district who are responsible for the supervision and evaluation of probationary teachers are directed to monitor their progress carefully, and to counsel and assist them in obtaining the type of training needed to help them become successful teachers.
