STUDENTS

School Uniforms

Parameters

In order to participate in the school uniform program a school must follow the District Procedures concerning School Uniforms. The school must ensure that parents and community members have had sufficient opportunity to study all of the issues and provide input to the school related to problems or concerns and the school has had the opportunity to address them. All participating schools will participate in an evaluation at the end of each year for the first three years of the program. The design of the evaluation will be coordinated by the Assistant Superintendent. Evaluation to be completed by May 1st of each year may be modified during the first three years based on evaluation results.
