I. INTRODUCTION / FOUNDING GROUP

The Price Charter Middle School staff wishes to continue to operate as a neighborhood dependent conversion charter public school in order to take advantage of some of the flexibility that charter status offers. The school will pursue the vision of the Cambrian School District. It will also follow the Price Charter Middle School commitment to excellence as described in its mission and vision statements and in the District's Outcomes and Indicators.

The renewal of the conversion to a neighborhood charter public school offers the school community flexibility in two key areas that we need in order to operate differently than current district and state policies will allow. We do not seek nor desire independence from the Cambrian School District. We wish to operate as a dependent charter school, in order to operate with limited independence from the Education Code in only the following two areas:

1. Site level block grants that allow flexibility. Flexibility to receive site level funds in the form of a block grant, rather than specific program funds, in order to utilize these funds to provide flexibility to meet the needs of our students, staff, parents and programs.
2. Area-wide enrollment of students. Price Charter Middle School enrolls over 17% percent of its students from outside the Cambrian School District. We will be able to offer attendance options for individuals living outside the district's attendance boundaries who want to continue or begin their 6-8 education at Price Charter Middle School. Maintaining a stable enrollment will allow the continuation of the enriched curriculum currently available.

Statement of Operations

Price Charter Middle School will retain its current operational relationship with the district in all of the following ways:

- Governance by the Cambrian School District Board of Education
- Maintenance and insurance of school facilities
- Changes, additions or alterations to the facilities
- Maintenance of the non-instructional operations
- Insurance of school personnel and district against liability claims of all current and future district policies
- All current and future contracts agreed upon between the Cambrian School District, Cambrian District Teachers' Association (CDTA) and California School Employee's Association (CSEA) Local Chapter 641 in accordance with the Educational Employment Relations Act (EERA)
- All operations currently in place with other schools in the district

II. EDUCATIONAL PHILOSOPHY AND PROGRAM

Price Charter Middle School will subscribe to the Mission, Vision, and Core Values of the Cambrian School District.

Mission Statement:

Cambrian School District, a caring and collaborative community, develops creative and critical thinkers who communicate effectively, value diversity and are ready to excel in a global society.

Vision:

The Cambrian School District will be known for its creativity and innovation and maintaining a strong focus on educating the whole child.

Our actively engaged students will take control of their education as they are challenged to reach individual levels of personal best.

Our amazing team of highly trained educators and classified staff supported by an army of parent volunteers and business partners will share a commitment to meeting the needs of all students.

As the heart and soul of our community, the Cambrian Family will explore infinite possibilities for learning as we prepare our 21st century students for the future workforce and to meet and exceed the challenges of their exciting, diverse, and ever changing future.

Core Values:

- All children have value
- All children deserve respect

Price Charter Middle School has established the following Vision statement:

Price Charter Middle School Vision Statement

Price Middle School embraces the whole child by celebrating diversity, instilling in them the joy of learning, and advancing their critical thinking skills to succeed in the global community.

Education Code 47605 (b) (5) (A)

A description of the educational program of the school, designed, among other things, to identify those whom the school is attempting to educate, what it means

to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

Educational Philosophy:

To achieve educational excellence, Price Charter Middle School consistently evaluates its academic program to ensure that the needs of all students are being met. Through collaborative efforts of dedicated students, parents, staff and community members, Price implemented a modified block schedule providing longer time blocks to expand the learning experience. The current goal is implementation of the Common Core Standards. Other program highlights include intervention opportunities, RTI classes that include ASD (Academic Skills Development) in language arts and math classes, school-wide portfolios for assessment, diverse elective offerings, accelerated class offerings in math and language arts, expansion of support for all abilities such as Social Thinking, and Specialized academic instruction. Additionally, grants from Xilinx, Silicon Valley Community Foundation and Silicon Valley Education Foundation support STEM, problem solving and service providers in the Arts. A collaborative team structure has been implemented to ensure that all curricular areas are connected. At Price, educational excellence is rewarded and recognized at all levels throughout the year, as evidenced by improved academic scores.

Through a myriad of academic, curricular and extra-curricular programs, Price Charter Middle School continues to develop responsible global citizens who are prepared to meet challenges of the future. Price students are engaged in active learning opportunities, use collaborative strategies to problem-solve and be creative. Parents, businesses, and community groups all play an integral role in instilling responsibility into our students. To address students' different learning styles, Price teachers employ differentiated instruction that incorporates brain compatibility and multiple intelligence practices and has focused professional development in Gradual Release of Responsibility, digital media, GLAD and ELD instruction. In addition, all teachers are CLAD certified and have been trained through our PBIS Program (Positive Behavioral Interventions and Support) to provide a positive and safe atmosphere on campus.

The Price community is constantly evolving. Through extensive staff development programs and with the help of advanced technology such as Smart Boards, mobile computer carts, iPads and other technology, Price staff members continue to develop and implement programs that enhance student learning and success. The strength of our program is our commitment and focus on the whole child. All children can learn and succeed. All children are deserving of respect. All children have a shared responsibility for their education, and can develop into responsible, productive, global citizens. Price offers engaging, relevant and beneficial programs to all of its students. Graduation from Price prepares students for successful high school experiences and post-secondary options of fulfilling employment or admission to institutions of higher education. This commitment is made with the understanding that an education is a shared responsibility of the public schools, parents, community and the individual learners to lead to success in the 21st century.

Students to be served:

Our goal is to serve all students in grades 6 through 8 in the Cambrian School District attendance area and students from outside the attendance area as enrollment allows.

Curriculum and Instructional Design:

Price Charter Middle School curriculum is aligned with the California State Standards and newly adopted CCSS and follows all Cambrian District Guidelines. Instructional strategies and structures implemented provide support for all ability levels; special needs English Language Learners and the Gifted.

Plan for students who are academically low achieving

Support is provided for students who are academically low achieving by use of flexible small groups in the classroom, tutoring, and differentiated instruction in all classes. Additionally, Academic Skills Development (ASD I, II, III) and before and after school intervention are provided for math and language arts support.

Plan for students who are academically high achieving

Support is provided by differentiated instruction, flexible small groups, accelerated math and language arts classes, as well as enrichment and extension activities for advanced students.

Plan for English Learners

EL students are supported by EL Cluster classes that provide daily ELD, differentiated instruction, flexible small groups, tutoring, and before and after school intervention.

Plan for Special Education

If students attending Price Charter Middle School qualify for special education funds, then the Cambrian School District shall provide appropriate services, as it does all other qualifying students in the Cambrian School District.

Special Education students are supported by three RSP and two SDC instructors, which have instructional aide support. In mainstreamed classes, the Special Education staff, flexible small groups, differentiated instruction, tutoring, and intervention programs support Special Education students.

In terms of Special Day classes, resource specialist services and speech services, the charter school will follow all current and future district regulations, practices and policies.

These standards include the subject areas of language arts, mathematics, science, social studies, electives and physical education. All students will participate in state-mandated assessments. Price Charter Middle School's students will participate in all district-mandated assessments and meet the standards as described in the school's scope and sequence based on state frameworks.

Progress will be objectively measured by the annual statewide assessments as determined by the State of California and by formative and summative district assessments.

Progress will also be measured by teachers in the traditional methods, such as individual work, projects, portfolios, tests, benchmark assessments, and exams. CA Education Code 47607
