**2023-2024 ANNUAL PUBLIC NOTICES**

**A. Student Records: Family Educational Rights and Privacy Act (FERPA)**

The Family Educational Rights and Privacy Act ("FERPA"), a federal law, gives parents and students who are eighteen (18) years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

- The right to inspect and review the student's education records within forty-five (45) days of the day the school receives a request for access. You should submit to the school principal a written request that identifies the record(s) you wish to inspect. The principal will make arrangements for access and notify you of the time and place where the records may be inspected.
- The right to request an amendment of the student's education records that you believe are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. You should write the school principal, clearly identify the part of the record you want changed and specify why it should be changed. If the school decides not to amend the record as requested, the school will notify you of the decision and advise you of your right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to you when you are notified of the right to a hearing.
- The right to provide written consent to disclosures of personally identifiable information contained in the student's education records. FERPA requires that the school obtain your written consent prior to the disclosure of any such information with certain exceptions. School Officials with a legitimate educational interest are an exception and do not need parental consent. For a complete list of the disclosures that elementary and secondary schools may make without parental consent see 34 CFR Part 99.37. A school may disclose personally identifiable information ("PII") from the education records of a student without obtaining prior written consent to:
  - Officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer;
  - Authorized representatives of the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency (SEA) of North Carolina (Disclosures under this provision may be made, subject to the requirements of § 99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf, if applicable requirements are met.);
  - Financial aid for which the student has applied or which the student has received, if the information is necessary for such purposes as to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid;
  - State and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released;

- Organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction;

    - b. A school board member;
    - c. A contractor, consultant, volunteer, or other party who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records and is subject to FERPA requirements governing the use and redisclosure of PII from education records, including but not limited to, an attorney, auditor, cloud storage provider, consultant, expert witness, hearing officer, law enforcement unit, investigator, insurer/insurance company adjuster, investigator, or any other claims representative, medical providers or consultants, or counselors/therapists;
    - d. A person serving on a committee appointed by the school board or by the administration of the school district, such as a disciplinary or grievance committee or other review committee.

  - Directory information may also be disclosed to outside organizations without your prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks.
- In addition, under federal law, we are required to provide military recruiters and institutions of higher education, upon their request, with the names, addresses and telephone numbers of high school students unless the student or parent has advised the school that they do not want such information disclosed without their prior written consent.
- If you do not want the school to disclose some or all of the directory information described above from your child's education records to all or certain recipients without your prior written consent, the School District must be notified in writing within fourteen (14) days of the beginning of the school year or within fourteen (14) days of your enrolling in the School District. **F. Student Health: N.C.G.S. § 115C-375.4**

With the passage of N.C.G.S. 115C-375.4, the School District must provide families with information on Influenza and Meningococcal diseases and the vaccines that are available to prevent each. Influenza ("flu") is caused by a virus that spreads from infected persons to the nose or throat of others. Influenza can cause fever, sore throat, chills, coughs, headache, and muscle aches.

Anyone can get influenza. Most people are ill with flu for only a few days, but some get much sicker and may need to be hospitalized. Influenza causes an average of 36,000 deaths each year in the U.S., mostly among the elderly.

Influenza vaccine is available in two types. Inactivated (killed) flu vaccine, given as a shot, has been used in the U.S. for many years. A live, weakened vaccine, FluMist, was licensed in 2003. It is sprayed into the nostrils. It is available for persons age 5-49 years of age. Influenza viruses change often. Therefore, influenza vaccine is updated every year. Protection develops in about two weeks after getting the shot and may last up to a year. The best time to get the vaccine is in October or November. Contact your local health department or physician for more details on cost and time vaccine will be available.

Meningococcal disease is a serious illness, caused by bacteria. It is the leading cause of bacterial meningitis in children 2-18 years old in the United States. Meningitis is an infection of the brain and spinal cord coverings. Meningococcal disease can also cause blood infections. About 2,600 people get meningococcal disease each year in the U.S. Ten to fifteen percent of these people die, in spite of treatment with antibiotics. Of those who live, another 10% have chronic complications. It is most common in infants less than one year of age, international travelers, and people with certain medical conditions. College freshmen, particularly those who live in dormitories, have a slightly increased risk of getting meningococcal disease.

Learn more about these vaccines by consulting with your family doctor or nurse or contacting the Alexander County Department of Public Health at (828) 632-9704 or contacting the Centers for Disease Control and Prevention (CDC) at 1-800-232-2522 (English) or 1-800-232-0233 (Spanish) or visiting <http://cdc.gov/vaccines/>.

#### **G. Student Health: N.C.G.S. § 115C-47(51)<sup>1</sup>**

North Carolina General Statute § 115C-47(51) requires schools to provide information concerning cervical cancer, cervical dysplasia and human papillomavirus and the vaccines available to prevent these diseases.

Information on these diseases and the vaccines can be found at [www.cdc.gov/vaccines/vpd-vac](http://www.cdc.gov/vaccines/vpd-vac). Those individuals without internet access can contact a school nurse or the Alexander County Health Department at (828) 632-9704.

#### **H. North Carolina Safe Surrender Law<sup>2</sup>**

Pursuant to Article 5A of Chapter 7B of the General Statutes an individual may legally surrender their newborn baby to a responsible adult without fear of criminal prosecution. While any responsible adult may receive a newborn, School Social Workers, School Nurses, counselors and law enforcement agents are examples of responsible adults who are familiar with this law. More information can be found at <http://www.ncdhhs.gov/assistance/pregnancy-services/safe-surrender>. Those individuals without internet access can contact a school nurse or social worker.

**K. Student Restraint/Seclusion/Isolation**

The School District has adopted Board Policy 4302 as required by N.C.G.S. § 115C-391.1. Board Policy 4302 and N.C.G.S. § 115C-391.1, are provided below.

**Policy 4302**

Each school must have a plan for managing student behavior which incorporates effective strategies consistent with the purpose and principles established in policy [4300](#), Student Behavior Policies. School officials are encouraged to implement a system of positive behavior support and to seek other positive, innovative and constructive methods of correcting and managing student behavior in an effort to avoid repeated inappropriate behavior and suspension. The Alexander County Board of Education has established guidelines necessary with rules for use of seclusion and restraint and is included in regulation 4302 Rules for use of Seclusion and Restraint in Schools.

**COMPONENTS OF THE PLAN**

The plan should address; (1) the process by which student behavior will be addressed, including any use of a disciplinary committee and the means by which students at risk of repeated disruptive or disorderly conduct are identified, assessed, and assisted; (2) positive behavioral interventions and possible consequences that will be used; and (3) parental involvement strategies that address when parents or guardians will be notified or involved in issues related to their child's behavior (see policy [4341](#), Parental Involvement in Student Behavior Issues).

The board of education's position on corporal punishment is found in policy [4303](#), Use of Corporal Punishment. Reasonable force that is necessary to protect oneself or others is not considered corporal punishment.

Principals shall avoid removing students from the classroom for a long period of time, including in-school or out-of-school suspension, unless necessary to provide a safe, orderly environment that is conducive to learning. The principal is authorized to remove students in accordance with board policies for prohibited or criminal conduct or for other behavior that interferes with a safe, orderly environment.

The board prohibits the use of seclusion and restraint by school personnel except as implemented consistent with [G.S. 115C-3911.1](#). The superintendent shall create regulations that describe the legal requirements for the use of seclusion and restraint within the schools. The superintendent shall ensure that copies of [G.S. 115C-391.1](#), the law codifying the permissible use of seclusion and restraint in schools, and any board policies or administrative regulations created to implement the law are provided to school personnel and parents/guardians at the beginning of each school year.

## **PROCESS FOR DEVELOPING AND EVALUATING THE PLAN**

Principals are encouraged to use a team approach in developing and evaluating the school's plan to manage student behavior. On at least an annual basis, the plan should be evaluated based upon data on disciplinary actions taken and the impact on student academic performance. Principals shall report on at least an annual basis to the superintendent and the board on the effectiveness of the plan in minimizing classroom disruptions, referrals to the principal's office and the use of out-of-school suspension. The report also will address the plan's effect on academic performance.

The superintendent also is encouraged to consider, develop and propose new and alternative discipline programs to the board.

**L. Parental Information for Title I Schools**

The following schools in this District receive federal funding through Title I: Bethlehem Elementary School, Ellendale Elementary School, Hiddenite Elementary School, Stony Point Elementary School, Sugar Loaf Elementary School, Taylorsville Elementary School, Wittenburg Elementary School. These funds are used to provide supplemental instruction to students who are in need of assistance in the area of reading and, on occasion, in the area of mathematics. Our goal is to provide early intervention to struggling learners.

Federal guidelines require that school districts provide a process by which parents may request the qualifications of their child's teacher. As a parent of a student in a Title I school, you have the right to know the following information:

1. Whether the teacher has met state qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
2. Whether the teacher is teaching under emergency or other provisional status through which state qualifications or licensing have been waived;
