“Embracing Diversity, Valuing Excellence”

School Profile 2023/2024

Our School

Mira Loma High School, a California Distinguished School educating International Baccalaureate students since 1991, is one of nine high schools in the San Juan Unified School District. MLHS prides itself on its five distinctive programs including: International Baccalaureate Middle Years (MYP), International Baccalaureate Diploma (DP), International Studies (IS), English Learner (EL) and Special Education. MLHS serves 200 EL students (majority Middle Eastern refugees) and 130 Special Education students. MLHS's programs have created a dynamic magnet for students in Mira Loma's neighborhood as well as surrounding cities. MLHS brings together the brightest and hardest working students in the region with the most diversity of thought and background. Through our work with Equal Opportunity School (EOS), we are proud of our growing number of students enrolling in challenging IB courses. Of note, MLHS outperformed all other Sacramento region high schools on the 2018/2019 SAT with an average score better than 75 percent of students nationwide who took the exam. MLHS is accredited by the Western Association of Schools and Colleges, receiving the 6-year accreditation in 2017 & a successful midyear visit in 2020.

Our Community and Students

MLHS, a comprehensive public high school, serves 1,660 students in grades 9-12 and reflects our ethnically and culturally diverse surrounding community. Mira Loma sits in a well-established neighborhood with a mixture of urban and suburban areas. Adding to our diversity is San Juan USD's "Open Enrollment" policy that allows students to attend any of the nine high schools in the district. **Nearly 50% of Mira Loma students, participating in all our programs, receive free or reduced-price lunch.** MLHS IB students are academically driven in the rigorous IB coursework and their independent MYP Personal Projects and DP Extended Essays. IB students show compassion and global awareness through their 150 Creativity, Action & Service hours. Approximately a third of the IB students travel from other communities to belong to the MLHS IB Program, **the most well-established and successful IB Program in the region.**

Grading

Class Ranking: Beginning with the class of 2016, MLHS no longer ranks students.
GPA: Classes are graded on a four-point scale (A=4, B=3, C=2, D=1). IB courses are graded to align with internationally established standards. For IB, Honors and AP courses, one point is added (A=5, B=4, etc.). Weighted and unweighted grade point averages are reported on the transcript. If a course is repeated, the higher grade is calculated into the GPA.
