## HOTCHKISS Summer Portals

# Summer Portals Student Health Form Instructions

- Please complete the health form and email the document to, <u>summerhealth@hotchkiss.org</u> within four (4) weeks of acceptance.
- Page 1 and 2 should be completed by a parent/ guardian.
- Page 3, 4, and 5 should be completed by a Health Care Provider. An immunization record document from the doctor's office may be added in lieu of the Immunization Record page.
- Page 6 (Permission to Administer Medication)— if any medications are listed, a physician's signature is required for this page.
- Please include a copy of the insurance card (both sides) and a copy of the student's Covid-19 vaccination card.

\*Supplemental Health Insurance offered by the school - International students (with an address outside the U.S. 50 states) will be enrolled automatically. Domestic students may also purchase the school insurance if additional insurance coverage is needed. Please contact us at <u>summerhealth@hotchkiss.org</u> to enroll.

The completed health forms can be returned via: Email: <u>summerhealth@hotchkiss.org</u> Mail: Summer Portals, 11 Interlaken Road, Lakeville, CT 06039

## PLEASE ENCLOSE A COPY OF <u>BOTH SIDES</u> OF YOUR INSURANCE CAR

## PERMISSION FOR MEDICAL CARE

I, the legal parent or guardian of \_\_\_\_\_\_, understand that in the event of a medical emergency no informed consent is required for my child's treatment and that emergency medical care will be obtained and rendered to my child. I further understand that if my child's medical condition is urgent but not life threatening, informed consent is required for treatment. If such a situation occurs and reasonable attempts to reach me for consultation and informed consent are unsuccessful, then I hereby delegate to the Medical Director of The Hotchkiss School or his/her designee or representative the authority to make on my behalf all medical decisions regarding the care and treatment of my child, including decisions on surgery and the administration of anesthetic, and to give informed consent to such treatment.

I also consent to, and authorize the Medical Director of The Hotchkiss School, his designee, and other School medical personnel to provide care and treatment (including administering medications and antibiotics) for my child's routine health needs or conditions, such as colds, ordinary infections and minor injuries. I understand and agree that further specific consent will not be obtained at the time the routine care and treatment are provided and that the School will not notify me unless the Medical Director deems it appropriate or necessary.

## MEDICAL HISTORY TO BE COMPLETED BY PARENT/GUARDIAN

STUDENT NAME:	Date of Birth:		
Does your student have any allergies (include medicat type)? If yes, please specify allergy and describe severity	□ YES □ NO		
Does your student require an Epi-pen or Auvi-Q? Does your student take any regular medications (inclu If yes, please specify medication and dose	□ YES □ NO		
Has your student had any surgeries or hospitalizations If yes, please list reason and the date			
Has your student ever been diagnosed with any of the ADD/ADHD Alcohol or Drug Dependency Anemia or other Blood Disease Anxiety Asthma Bipolar Disorder Blood Clots Bone Problems or Fractures Cancer Concussion or Head Injury Depression Diabetes Eating Disorder Gastrointestinal or Digestive Problems Gynecologic Problems	following? Please provide details below.  Headaches/Migraines Heart Problem or Murmur High Blood Pressure Kidney Problems Liver Problems Liver Problems (other than asthma) Rheumatologic Disease Seizures Sexually Transmitted Infection Skin Problems (eg. acne or eczema) Kin Problems (eg. acne or eczema) Thyroid or other Endocrine Problems Urinary Tract Infections Other:		
Family History         Have any of your student's family members experience         If yes, please provide details         Please provide any other relevant family history	□ YES □ NO

#### The Hotchkiss School Mandatory Tuberculosis (TB) Risk Assessment Form *PHYSICIAN/PA/APRN Signature Required*

#### Section A

1. Was the student born in a country with an elevated TB rate?	□ Yes	□ No			
Includes any country other than the United States, Canada, Australia, New Zealand, or a					
country in western or northern Europe.					
2. Has the student traveled to or resided for at least 1 month in a country	□ Yes	🗆 No			
with an elevated TB rate?					
Includes any country other than the United States, Canada, Australia, New Zealand, or a					
country in western or northern Europe.					
3. Is the student immunosuppressed, currently or planned?	□ Yes	🗆 No			
HIV infection, organ transplant recipient, treated with TNF-alpha antagonist, steroids					
(equivalent of prednisone $\geq$ 15 mg/day for $\geq$ 1 month) or other immunosuppressive					
medication.					
4. Has the student had close contact with anyone with known active TB	□ Yes	🗆 No			
disease?					

If the answer is "No" to all of the above questions, skip Section B and sign at the bottom of this page. If the answer is "Yes" to ANY of the above questions, Section B must be completed and sign at the bottom of this page.

#### **TB** Testing Indicated

Section B:

Any student identified to be in a high-risk group must be tested for TB with either a skin test (PPD) or IGRA (Quantiferon Gold Assay). Testing must be completed within one year prior to admittance.

Has the student received the BCG vaccine?	□ Yes	🗆 No
History of BCG vaccination does not eliminate the need for testing a member of a high-risk	group. An IO	GRA
(Quantiferon Gold Assay) is the preferred method of testing if the student received BCG. If y	ou choose	to
complete a PPD as the initial test for a student who has received BCG vaccination, a positive	PPD result	with a
negative chest x-ray will require further testing with the IGRA to determine if the PPD resul or latent TB infection.	t is from the	e vaccine
or latent TB infection.		

PPD	Date Placed:	Date Read:	Result in mm =
			mm
IGRA – Quantiferon	Date:	Result: □ Negative □	Positive 🗆 Indeterminate
Gold Assay		_	

#### If either the PPD or IGRA (Quantiferon Gold Assay) is positive, a chest x-ray is required.

Il eluler the FFI	J OI IGRA (Qualitilei oli Golu I	155ay j 15 j	positive,	a chest x-ray is required.		
Chest x-ray	Date: Result:					
Please note, a chest x-ray alone is not sufficient screening as a PPD or IGRA (Quantiferon Gold Assay) is required to						
screen for latent	tuberculosis.					
Has the studer	nt been previously	□ Yes	🗆 No	If yes, please provide details:		
treated for late	ent or active TB
