Diet Order

Federal law and USDA regulation require nutrition programs to make reasonable modifications to accommodate children with disabilities. Under the law, a disability is an impairment which substantially limits a major life activity or bodily function, which can include allergies and digestive conditions, but does not include personal diet preferences.

1. Describe how the impairment affects the child (i.e., how the ingestion/contact with the food impacts the child):

2. Explain what must be done to accommodate the child's diet (i.e., specific food(s) to be omitted/avoided):

3. List food(s) and/or beverages to be substituted, provided, or modified:
