October 23, 2019

Members of the Board of Education and Citizens of the School District
Fairbanks North Star Borough School District
Fairbanks, Alaska

The comprehensive annual financial report of the Fairbanks North Star Borough School District (School District) for the fiscal year ended June 30, 2019, is submitted herewith. This report was prepared by the School District's accounting services department following the guidelines recommended by the Government Finance Officers Association of the United States and Canada, the Association of School Business Officials International, and U.S. generally accepted accounting principles (GAAP) as applied to governmental units. The statutes of the State of Alaska and Fairbanks North Star Borough code of ordinances require that the School District Board of Education provide for an audit of all school accounts within ninety days following the close of the fiscal year, by an independent certified public accountant.

Introduction to the Comprehensive Annual Financial Report (CAFR)

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with School District management. We believe the data, as presented, is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position and results of operations of the School District as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the School District's financial affairs have been included.

Internal Control

In developing and evaluating the School District's accounting system, consideration is given to the adequacy of internal accounting controls. Management of the School District has established a comprehensive internal control framework that is designed both to protect the School District's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the School District's financial statements in conformity with GAAP. Because the costs of internal controls should not outweigh their benefits, the School District's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, the School District's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

Independent Financial Statement Audit

The School District's basic financial statements and the financial statements of each nonmajor governmental fund (financial statements) have been audited by Cook & Haugeberg LLC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the School District for the fiscal year ended June 30, 2019 are free of material misstatement. The independent audit involved consideration of internal control in assessing the risks of material misstatement

of the financial statements; evaluating the appropriateness of accounting policies used and the reasonableness of significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the School District's financial statements for the fiscal year ended June 30, 2019 are fairly presented in accordance with GAAP. The independent auditor's report is presented as the first component of the *financial section* of this report.

Management's Discussion and Analysis

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The School District's MD&A can be found immediately following the report of the independent auditors in the *financial section* of this report.

Single Audits of State and Federal Awards

The independent audit of the financial statements of the School District was part of a broader, state and federally mandated "Single Audit" designed to meet the special needs of state and federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the basic financial statements, but also on the audited School District's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of state and federal awards. These reports are available in the *single audit* section of this report.

Profile of the School District

The School District was established on January 1, 1964, the date of incorporation of the Fairbanks North Star Borough, the primary government. A borough is most similar to the county form of government used in much of the rest of the United States. The School District, serving grades K through 12, encompasses an area of 7,444 square miles...roughly the size of Rhode Island, Delaware and Connecticut combined.

Reporting Entity

Based on criteria developed by the Governmental Accounting Standards Board, the School District is a component unit of the Fairbanks North Star Borough (Borough). Audited financial statements for the Borough are available upon request from its administrative offices. The School District has elected to issue a separate comprehensive financial report pursuant to Alaska statutes.

Pursuant to Alaska Statute section 14.12.020(c), the Borough Assembly provides the money which must be raised from local sources to maintain and operate the School District. Alaska Statute section 14.14.060 states a borough can establish a centralized treasury and is responsible for major rehabilitation, all construction and major repair of school buildings. The Borough provides for new construction, major repair of school buildings and a centralized treasury. Therefore, bonded debt, capital improvement funds for school construction, tax levies, and tax collection are reflected in the *notes to the basic financial statements* and the *statistical section* of this report but are accounted for by the Borough.

Alaska Statute sections 14.12.010 - 115 provide for the creation of school districts in the State of Alaska and establish school boards as the governing body for each district. The seven voting members of the School District Board of Education determine policy for operation and management of the School District. Each member serves for three years, elected each year for overlapping terms.

Services Provided by the School District

Nearly 13,280 students attend the thirty-one schools and the Building Education Success Together (B.E.S.T) program in our district. Our schools range in size from an elementary school of 72 students to a 981 student high school.

Our diverse student body includes children from over 82 different language backgrounds. Each child in the district is offered a comprehensive general educational program. High school students have available a comprehensive career technical education curriculum. Special needs are met with the assistance of programs and services such as Alaska Native Education, Extended Learning (formerly Gifted/Talented), English Language Learners, Title I, Migrant Education, and Special Education for Students with Disabilities.

Class size varies, but the fiscal year 2019 district-wide average was 15.40 students per teacher.

Charter Schools

Charter Schools in Alaska must be approved by both the local School Board and the State Board of Education, and operate under the guidance of Academic Policy Committees of their own selection. School charters may be up to ten years in duration, and the majority of funding is provided through the State's foundation funding formula similar to that of per capita small school funding. The School District has six approved charter schools: Watershed Charter School (grades K-8), Chinook Montessori Charter School (grades K-8), Star of the North Secondary Charter School (grades 7-12), Effie Kokrine Early College Charter School (grades 7-12), Boreal Sun Charter School (grades K-7), and Discovery Peak Charter School (K-8). All operate under ten year charters with terms expiring in 2019, 2021, 2024, 2026, 2027 and 2029 respectively. Discovery Peak Charter School was approved in fiscal year 2019 to begin operations in school year 2019 -2020.

Budgetary Control

The objective of the School District's budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of Education. Resources are allocated to and accounted for in individual funds, based upon the purposes for which those funds were created. Transfers between programs in excess of \$20,000 or any transfer in excess of \$25,000 are authorized by the Board of Education. Therefore, the legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is at the object level. All other transfers are authorized by the superintendent and reported monthly to the Board of Education. The budgetary process is explained in Note A in the notes to the required supplementary information in the *required supplementary information* section of this CAFR.

Economic Condition Information

Local Economy

Located near the center of the state, the School District encompasses the state's second largest urban area. The Borough serves as the economic hub for interior and northern Alaska. Although the impacts of the national economic upturn are to be felt in interior Alaska, they are somewhat mild compared to what the nation has experienced. Over the last five years, all industry sectors have maintained fairly modest decreases in rates of employment. Of particular importance to the interior is the success in retaining Eielson's F-16 Aggressor Squadron and Eielson being named as the favored site to station the new F-35 Joint Strike Fighter. Both decisions affirm the critical long-term and strategic value of Eielson Air Force Base.

The Borough's June 2019 unemployment rate was 5.4 percent, a decrease of 0.6 percentage points from a year ago, compared to the national average of 3.7 percent which decreased 0.3 percentage points. Tourism, retail trade and construction industries still struggle somewhat, but overall have remained fairly stable.

While the School District has no authority to levy taxes, a fairly steady economy provides the Borough the wherewithal to fund its local contribution to education. The local contribution to education represents about 24.9 percent of operating fund revenues for the year ended June 30, 2019, and has increased \$0.1 million or 0.3 percent over five years. When a community's assessed property values and the ability of local taxpayers to fund education increases, the state's foundation formula reduces education funding. The reduction in state revenues over the last five years due to increased assessed values has been mitigated by legislative action providing for a graduated rise in the base student allocation.

Projected Enrollment

Student enrollments generate a majority of district revenues and also dictate personnel needs, which represent over 87.19 percent of the School District's 2018-19 operating budget. The State of Alaska requires that student enrollment projections for the following school year be reported to them within one week after the end of the official student count period for the current year, which ends on the fourth Friday each October. School District enrollments decreased by 423 students leaving a reduction of 3.1% over the five year period ending in 2018-19. Student enrollment projections for 2019-20 have decreased by about 95 students.

Military Installations

There are two large military installations within the Borough, Fort Wainwright Army Post and Eielson Air Force Base. These installations account for over one-fifth of the Borough's population. Fort Wainwright was transformed into a Stryker Brigade Combat Team in 2001, and is therefore subject to periodic deployment. Although it appears that most dependents remain in Fairbanks, deployment is often a suspected cause of declining and fluctuating enrollments.

Facilities

The Borough owns all school facilities. While district-wide school enrollments have declined over the last ten years, enrollments in the North Pole area remain strong, putting Midnight Sun, Ticasuk Brown and the three North Pole school facilities at higher capacities relative to other schools in the district. In addition, after several years of below average enrollments, it is expected that the Eielson schools will begin to see student counts increase due to the arrival of the F-35 squadrons. It is anticipated that existing excess capacities will adequately handle increased student enrollments over the next three years.

Periodic investment in major maintenance of building components such as roofs, mechanical and electrical systems, plumbing, exteriors, and playgrounds, etc. remain a top priority of the School District. In FY19, the Board of Education, as part of an agreement with the Borough, set aside approximately \$7.4 million for the replacement of aging roofs at Woodriver Elementary and Ben Eielson Jr/Sr High School. In addition, the capital project to complete the renovation at Barnette Magnet School rose to number 1 on the State of Alaska's capital needs list and approximately \$7.4 million of the project was funded through the capital budget. The Borough will be required to provide an additional \$4 million within the next 3 years to complete the project.

As part of efforts by the Governor to reduce state spending, 50% of bond debt reimbursement provided to local municipalities was vetoed. This shifts an increased burden onto local taxpayers to pay for long-term capital needs of the School District.

School District Initiatives

The School Board establishes a list of primary strategic goals and on-going commitments to improve student performance on an annual basis. The primary strategic goals approved for 2018-2019 focus on four major areas:

- Student Success
- Academic Success
- Life Success
- Personalized Learning

Long-Term Financial Planning

By state statute, district decisions are designed to focus on annual operations rather than long range planning in a fiscal sense. By state statute, the Borough (primary) government is responsible for maintaining a centralized treasury. The School District does not own school facilities nor is it responsible for major maintenance. The School District has no authority to issue bonds or manage and invest district funds. Unless required by grant agreements, all interest earnings are retained by the Borough.

There are state statutes and local ordinances limiting the district's ability to retain excess fund balance in the operating fund. State statute limits an accumulation of fund balance to less than ten percent of current year expenditures. Alaska Administrative Code defines six items that are not subject to the fund balance accumulation threshold. A *statement of compliance* required by the code to be included in this report can be found on page 263. A local ordinance requires any accumulated unrestricted funds over 40 percent of the Borough's annual local appropriation be returned to the Borough in support of a school facilities major maintenance reserve fund.

However, we do accomplish long range planning from a fiscal perspective based on how we develop and implement instructional programs. A key objective in district financial planning is developing sustainable instructional programs and efficient and cost effective initiatives that support the instructional process. Establishing reasonable but steady class size targets (or pupil-teacher ratios) is paramount, since personnel costs represent over 88.0 percent of the budget. Another example impacting financial planning and decision making includes reliance on the district's preventive maintenance and energy monitoring program.

Awards and Acknowledgements

Certificate of Excellence/Certificate of Achievement

The Association of School Business Officials International (ASBO) awarded a Certificate of Excellence in Financial Reporting to the School District for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2018.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the School District for its CAFR for the fiscal year ended June 30, 2018.

This was the twenty eight consecutive year that the School District has achieved these prestigious awards. In order to be awarded a Certificate of Excellence and a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized CAFR. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Excellence and a Certificate of Achievement are valid for a period of one year only. We believe our current CAFR continues to meet the Certificate of Excellence and Certificate of Achievement Program requirements, and we are submitting it to the ASBO and the GFOA to determine its eligibility for another certificate.

Acknowledgments

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the entire staff of the accounting and administrative services departments. We would like to express our appreciation to all staff members who assisted and contributed to its preparation. We would also like to thank the members of the Fairbanks North Star Borough School District Board of Education for their unfailing support for maintaining the highest standards of professionalism in the management of the School District's finances.

Respectfully submitted,

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Members of the Board of Education
Fairbanks North Star Borough School District

Report on the Financial Statements

We have audited the accompanying financial statements and schedules of the governmental activities, each major fund, and the aggregate remaining fund information of the Fairbanks North Star Borough School District (School District), a component unit of the Fairbanks North Star Borough, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents. We also have audited the financial statements and schedules of the aggregate nonmajor governmental funds, internal service fund type, and the fiduciary fund type of the School District as of and for the year ended June 30, 2019, as displayed in the School District's basic financial statements. In addition, we also have audited the financial statements and schedules of the School District's nonmajor governmental funds presented as supplementary information, as defined by the Governmental Accounting Standards Board, in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2019, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating

119 North Cushman Street, Suite 300 • Fairbanks, Alaska 99701 • 907-456-7762
Fax 907-452-6184 • www.ch-cpa.com • email: Contact@ch-cpa.com

Partners: Gerald D. Haugeberg
Senior Consultants:

Kara Moore
James F. Dieringer, Jr.

Kathleen A.R. Thompson
Michael T. Cook

the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information, as well as the aggregate nonmajor governmental funds, the internal service fund type, and the fiduciary fund type of the School District, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements and schedules referred to above present fairly, in all material respects, the respective financial position of each nonmajor governmental fund of the School District, as of June 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and schedules of pension liabilities and contributions as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit for the year ended June 30, 2019 was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Fairbanks North Star Borough School District's basic financial statements. The accompanying supplemental reports section; the schedule of expenditures of federal awards as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*; and the schedule of state financial assistance as required by *State of Alaska Audit Guide and Compliance Supplement for State Single Audits* are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying supplemental reports section, the schedule of expenditures of federal awards, and the schedule of state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The supplemental reports section, the schedule of expenditures of federal awards, and the

schedule of state financial assistance have been subjected to the auditing procedures applied in the audit of the basic financial statements, and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental reports section, the schedule of expenditures of federal awards, and the schedule of state financial assistance are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the School District's basic financial statements and schedules as of and for the year ended June 30, 2018, (not presented herein), and have issued our report thereon dated December 4, 2018, which contained unmodified opinions on the respective financial statements and schedules of the governmental activities, each major fund, the aggregate remaining fund information, and the financial statements and schedules of each of the School District's nonmajor governmental, internal service, and fiduciary funds presented as supplementary information. The accompanying supplementary information for the year ended June 30, 2018 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the June 30, 2018 financial statements. The supplementary information has been subjected to the auditing procedures applied in the audit of the June 30, 2018 basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare those financial statements or to those financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole for the year ended June 30, 2018. The June 30, 2018 introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Prior Year Comparative Information

We have previously audited the School District's June 30, 2018 financial statements, and we expressed unmodified opinions on the respective financial statements and schedules of the governmental activities, each major fund, the aggregate remaining fund information, the internal service and fiduciary funds, and the combining and individual nonmajor fund financial statements and schedules in our report dated December 4, 2018. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2018, is consistent, in all material respects, with the audited financial statements from which it has been derived.

The financial statements include partial prior-year comparative information. Such information does not include all of the information required to constitute a presentation in accordance with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the School District's financial statements for the year ended June 30, 2018, from which such partial information was derived.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our reports dated October 23, 2019 on our consideration of the School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of those reports is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. Those reports are an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Management's Discussion and Analysis
June 30, 2019

INTRODUCTION

This section of the Fairbanks North Star Borough School District's (School District) comprehensive annual financial report presents our discussion and analysis of the School District's financial performance during the fiscal year that ended on June 30, 2019. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal in the Introductory Section of this report and the School District's financial statements, which immediately follow this section.

FINANCIAL HIGHLIGHTS

Key financial highlights for fiscal year 2019 include the following:

- The general fund unreserved fund balance subject to Alaska Statute, AS 14.17.505, was \$10.8 million, which was 4.0 percent of current year general fund expenditures. This amount is in compliance with the statute, which states a district may not accumulate in a fiscal year an unreserved portion of its year-end fund balance, in its operating fund, that is greater than 10 percent of its expenditures for that fiscal year.
- The School District entered into a Memorandum of Agreement with the Fairbanks North Star Borough (Borough) that authorizes the School District to perform roof replacements on two school buildings and is funding these two projects through a \$7.4 million transfer to the capital projects fund.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the School District's basic financial statements. The basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements

The government-wide financial statements provide both short-term and long-term information about the School District's overall financial status, in a manner similar to a private-sector business.

The statement of net position presents information on all of the School District's assets, liabilities and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the School District is improving or deteriorating.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Management's Discussion and Analysis June 30, 2019

Both of the government-wide financial statements present functions of the School District as governmental activities, that is, functions principally supported by taxes and intergovernmental revenues. The governmental activities of the School District include instruction, support services, school administration, district administration, operations and maintenance, student activities, student transportation – to and from school, and food services. The government-wide financial statements can be found on pages 17 and 19 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The fund financial statements focus on the School District's most significant or "major" funds. All of the funds of the School District can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the School District's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in the reconciliations accompanying the Governmental Funds Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances. The governmental funds financial statements can be found on pages 20 through 27 of this report.

Proprietary Funds

The School District maintains two proprietary type internal service funds which are an accounting device used to accumulate and allocate costs internally among the School District's various functions. The internal service funds are used to account for the School District's risk management activities and equipment replacement activities. Both provide the same type of information as the government-wide financial statements, only in more detail. The proprietary funds financial statements can be found on pages 28 through 30 of this report.

Fiduciary Fund

Fiduciary funds are used to account for resources held for the benefit of parties outside the School District. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the School District's own programs. The School District's only fiduciary fund is an agency fund used to account for various School District-related organizations. The basic fiduciary fund financial statement can be found on page 31 of this report.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 33 through 67 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents as required supplementary information the budgetary schedules for the major funds, the schedules of the School

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Management's Discussion and Analysis
June 30, 2019 (cont.)

District's proportionate share of the net pension liability and pension contributions for both PERS and TRS and the notes to the required supplementary information. Required supplementary information and related notes can be found on pages 69 through 82 of this report.

Combining schedules for major and nonmajor funds are presented immediately following the required supplementary information. Combining fund schedules can be found on pages 83 through 161 of this report.

Results of the state and federally mandated Single Audits which include auditor's opinions, schedule of expenditures of federal awards, schedule of state financial assistance and schedules of findings and questioned costs can be found on pages 207 through 223 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. The School District's change in net position for fiscal year 2019 was \$5.2 million, a decrease of \$14.9 million over last year. The School District's total liabilities and deferred inflows exceeded assets and deferred outflows by \$106.8 million. Of this amount (\$118.6) million was unrestricted, \$7.8 million was restricted for capital projects, correspondence study student allotments, and grant-funded programs and \$4.0 million was invested in the School District's capital assets. The net investment in capital assets reflects the School District's investment in machinery, equipment and software. The School District uses these capital assets to provide services to its parents and students; consequently, these assets are not available for future spending.

The analysis that follows focuses on net position (table 1) and changes in net position (table 2) for the School District's governmental activities.

Table 1
Net Position - Governmental Activities
(in thousands of dollars)

	2019	2018	Increase (Decrease)	Percentage Change

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Management's Discussion and Analysis June 30, 2019 (cont.)

Governmental activities revenues were \$229.0 million, a decrease of \$7.7 million or 3.2 percent over the prior fiscal year. The following significant increases and decreases are worth noting:

- Decrease in operating grants and contributions of \$4.4 million due to a net decrease in nonemployer pension revenue for PERS and TRS of \$6.0 million and an increase in nonemployer OPEB revenue for PERS and TRS of \$1.8 million.
- Net decrease in general revenues of \$3.4 million across all categories. Changes in general revenues are discussed in more detail in the Financial Analysis of the School District's Funds section later in the MD&A.

Figure A-1 presents a chart of governmental activities revenues by source as a percentage of total governmental activities revenues.

Figure A-1, Revenues by Source – Governmental Activities

The cost of all governmental activities in the current year was \$223.9 million, an increase of \$7.2 million and 3.3 percent over the prior year. The following significant increases and decreases are worth noting:

- Total pension and OPEB expense decrease of \$1.0 million, which is allocated to all functions.
- The risk management internal service fund reported a net operating loss of \$5.9 million.
- If you remove the effect of the previous items, expenses increased \$4.9 million. This increase is predominately related to increases in nonemployer on-behalf payments to the PERS and TRS defined benefit pension plans and in wages, which is discussed in more detail in the Financial Analysis of the School District's Funds section later in the MD&A.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Management's Discussion and Analysis
June 30, 2019 (cont.)

Figure A-2 presents a chart of governmental activities expenses by function as a percentage of total governmental activities expenses.

Figure A-2, Expenses by Function – Governmental Activities

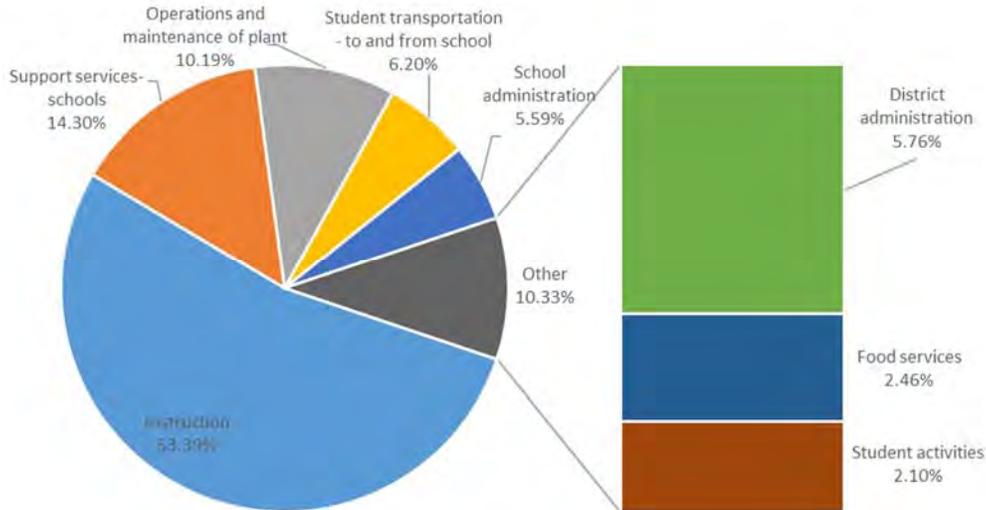

Table 3 condenses the total expenses of the School District's main functional categories – instruction, support services - schools, school administration, district administration, operations and maintenance of plant, student activities, student transportation - to and from school, and food services, as well as each program's net cost. To arrive at net cost, the total cost of providing services is reduced by charges for those services as well as operating and capital grants and contributions designated for specific programs. Net cost shows the amount to be supported for each of these functions by the local taxpayers' contribution to education, state foundation funding, other state revenue, and federal impact aid. Providing this information allows the users of this report to consider the cost of each function in comparison to the benefits they believe are provided by that function.

Management's Discussion and Analysis
June 30, 2019 (cont.)

FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT'S FUNDS

As noted earlier, the School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the School District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the School District's net resources available for spending at the end of the fiscal year. As of the current fiscal year, the School District's governmental funds reported combined ending fund balance of \$36.7 million, a decrease of \$3.4 million or 1.0 percent from the prior year combined fund balance. The School District's fund balance is categorized as nonspendable, restricted, committed, assigned or unassigned. Definitions for these categories can be found in Note 1.P. on pages 38 and 39 of this report.

Approximately \$10.1 million of this combined fund balance is considered to be 1) nonspendable because it is invested in inventory and prepaid items at year-end, 2) restricted for specific programs or 3) committed to specific programs (school activities). Fund balance in the general fund is assigned 1) for the purpose of liquidating fiscal year 2019 contracts and purchase orders in fiscal year 2020 (\$1.2 million), 2) for a portion of the fiscal year 2020 annual federal impact aid payment received in advance in fiscal year 2019 (\$11.2 million) and 3) for that portion of fund balance included as a budgetary resource in the subsequent year's budget to eliminate the projected excess of expected expenditures over expected revenues (\$10.8 million). Fund balance in the student transportation special revenue fund is assigned for student transportation funding shortfalls expected in subsequent years (\$3.3 million). Fund balance in the capital projects fund is majorly restricted for the replacement of two school building roofs (\$7.4 million),

Key elements of changes in fund balances for the major funds follows:

- At the end of the current fiscal year, total fund balance of the general fund was \$23.7 million, down \$9.8 million. Revenues in the general fund decreased \$1.0 million, expenditures increased \$4.7 million, and transfers out increased \$3.9 million. An analysis of the changes follows later in the MD&A.
- The student transportation special revenue fund accounts for revenues and expenditures of providing transportation to and from schools. The State of Alaska provides the funding for these state approved student transportation services through a grant based on a per student formula. Annual general fund transfers, when needed, subsidize transportation services not covered by state funding. Fund balance in this fund decreased \$0.7 million from the prior year primarily due to the reduced transfers in from general fund that helps offset the anticipated deficits.
- The capital projects fund accounts for all resources used for property acquisition, major equipment expense, and infrastructure improvements. During fiscal year 2019 the School District and Borough signed a Memorandum of Agreement whereby the School District transferred \$7.4 million from the general fund's fund balance to the capital projects fund to provide roof replacement of two school buildings.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Management's Discussion and Analysis
June 30, 2019 (cont.)

Table 4 presents a summary of general fund revenues.

Table 4
General Fund Revenues
(in thousands of dollars)

	2019	2018	Increase (Decrease)	Percentage Change
Local sources	\$ 51,323	\$ 52,379	\$ (1,056)	-2.0%
State sources	128,722	132,100	(3,378)	-2.6%
Federal sources	20,941	17,508	3,433	19.6%
Other financing sources	12	6	6	99.0%
Total	200,998	201,993	(995)	-0.5%

Revenue from local sources is comprised mainly of the appropriation from the Fairbanks North Star Borough (Borough) for general school operations. The School District requested and received \$50 million in fiscal year 2019, a \$1.0 million decrease from last year. The net decrease in revenues from state sources was due to a decrease in foundation funding (\$5.7 million) offset by an increase in on-behalf pension payments (\$2.4 million). The increase in revenues from federal sources was due to an increase of \$3.4 million in impact aid passed through the State of Alaska.

Table 5 presents a summary of general fund expenditures.

Table 5
General Fund Expenditures
(in thousands of dollars)

	2019	2018	Increase (Decrease)	Percentage Change
Instruction	\$ 118,312	\$ 116,038	\$ 2,273	2.0%
Support services - schools	30,044	28,943	1,102	3.8%
School administration	13,414	13,622	(208)	-1.5%
District administration	13,044	12,661	383	3.0%
Operations and maintenance of plant	24,096	23,396	700	3.0%
Student activities	2,209	2,092	117	5.6%
Debt service	681	340	340	100.0%
Other financing uses	8,900	5,092	3,898	76.5%
Total	\$ 210,789	\$ 202,185	\$ 8,604	4.3%

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

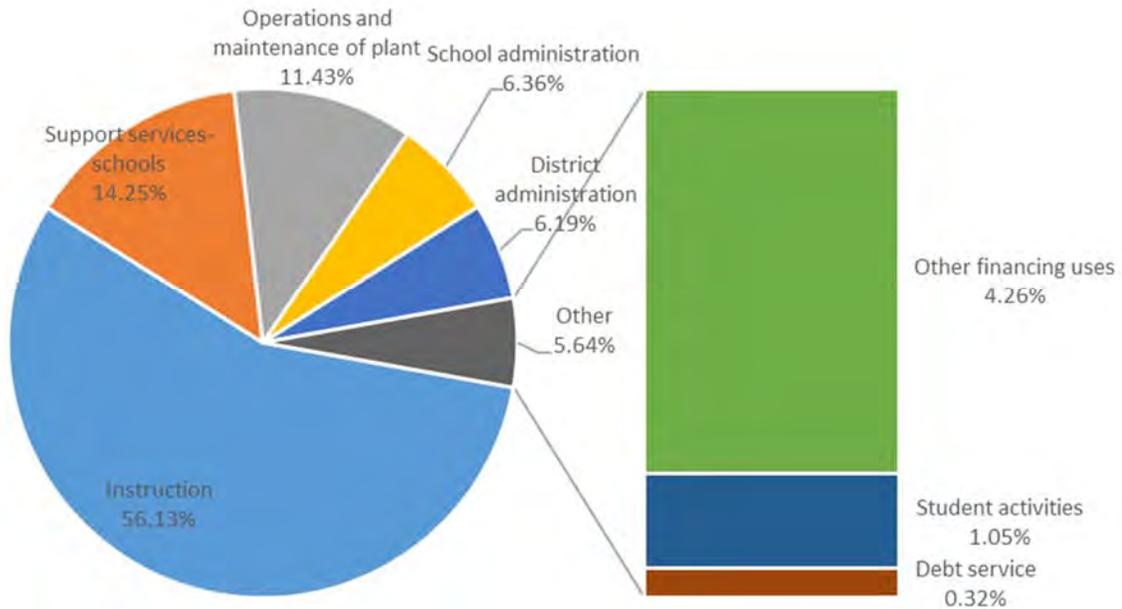

Management's Discussion and Analysis June 30, 2019 (cont.)

As Table 5 shows, all functional areas, except school administration, incurred increases in expenditures. Over half of the general fund decrease is related to employee benefit expenses from the increase in nonemployer on-behalf payments to the PERS and TRS defined benefit pension plan (\$2.4). Another area that impacted all of the functional areas was the increased salaries costs (\$2.5).

The final large fluctuation between fiscal years is the \$3.9 million increase to other financing uses. The \$7.4 million one-time transfer to capital projects in 2019 was offset by budgeted reductions to transfers to nutrition services and student transportation (\$1.8) and the 2018 one-time transfer to jump start the equipment replacement internal service fund (\$1.7).

Figure A-4 presents a chart of general fund expenditures by function as a percentage of total general fund expenditures.

Figure A-4, General Fund Expenditures

Proprietary Funds

The risk management internal service fund had a positive net position at June 30, 2019, of \$2.8 million, which is a result of the District's budgeting process that reduced the health insurance and workers compensation benefit rates for fiscal year 2019 by 2.84 and 0.25 percent, respectively. The equipment replacement internal service fund had a positive net position at June 30, 2019, of \$1.6 million, which is allowing for the expansion of devices to be replaced on a cyclical basis.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Management's Discussion and Analysis
June 30, 2019 (cont.)

GENERAL FUND BUDGETARY HIGHLIGHTS

The School District Board of Education holds public hearings and approves the School District budget by functional area. The Fairbanks North Star Borough (Borough) Assembly then approves the bottom line total for the School District budget. Once approved, state law requires it to be submitted to the State of Alaska, Department of Education and Early Development. Board policy requires that budget transfers or adjustments between programs in excess of \$20,000 or any budget transfer or adjustment in excess of \$25,000 be authorized by the Board of Education.

Differences between the general fund original budget and final budget are due mainly to the following:

- The original budget includes the cost for all substitutes for teachers, counselors, and library personnel in one appropriated line item in the instruction function. However, actual substitute costs for counselors and library personnel are charged to either support services-students or support services-instruction as incurred. As those costs are known, the budget is adjusted accordingly.
- In the original budget an average salary amount is used to budget for certificated positions. However, for some functions, such as special education instruction and support services-students, actual salaries for certain teachers, guidance counselor and librarian positions can be considerably higher or lower than the average. The final budget is adjusted for these differences.

Actual revenues on the budgetary basis (excluding other financing sources) for fiscal year 2019 were \$0.2 million more than the final budget. Actual expenditures on the budgetary basis (excluding other financing uses) for fiscal year 2019 were \$6.8 million less than the final budget.

Significant budget to actual variances of note were:

- Revenue – state sources – were \$5.0 million under budget due to lower than anticipated foundation payments for fiscal year 2019 (\$5.2 million). Federal sources – were \$4.9 million over budget due to higher than anticipated impact aid payments for fiscal year 2019 (\$4.9 million).
- Total expenditures – were under budget by \$6.8 million. The major component of the positive budget variance was in employee benefits (\$3.8 million). The positive employee benefits variance occurred because of the accumulated employer forfeiture balances of the defined contribution retirement (DCR) plans (\$1.5 million) and health and life benefit rate being budgeted based on average salary amount for certificated positions, when actual salaries for certain positions can be higher or lower than the budgeted average (\$1.5 million). The second largest component of the positive budget variance is related to current year special education contracts being paid on prior year encumbrances (\$2.3 million). This basis of budgeting is explained in further detail within the notes to the required supplementary information.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Management's Discussion and Analysis
June 30, 2019 (cont.)

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The School District's investment in capital assets for its governmental activities was \$3.9 million as of June 30, 2019 (net of accumulated depreciation and amortization). This investment in capital assets includes machinery, equipment and software. The Borough owns the land and buildings. Table 7 details capital assets by asset type.

Table 7
Capital Assets (Net of Depreciation/Amortization) - Governmental Activities

	<u>2019</u>	<u>2018</u>	<u>Increase (Decrease)</u>	<u>Percentage Change</u>
Machinery and equipment	\$ 3,732,721	\$ 3,622,277	\$ 110,444	3.0%
Intangibles (software)	228,216	393,647	(165,431)	-42.0%
Total	\$ 3,960,937	\$ 4,015,924	\$ (54,987)	-1.4%

Additional information on the School District's capital assets can be found in Note 7 on page 44 of this report.

Debt Administration

The School District's long-term obligations include \$4.8 million for compensated absences, an increase of \$0.3 million from the prior year due to the decrease in certified employees request for personal leave payout. Long-term obligations also include \$5.1 million for insurance claims and reserves, a decrease of \$0.3 million. Claims and reserves include such items as claims payable and accrued self-insurance reserves. The decrease in claims and reserves, reported in the risk management internal service fund, is due to the increase in health claims and health reimbursement accounts payable (\$1.0 million) offset by the increase in the receivable for stop loss reimbursement (\$1.3 million). Additional information about these two long-term obligations can be found in Note 9 on page 45 and Note 12 on pages 47 through 48, respectively, and in the risk management internal service fund financial statements on pages 157 through 159. Finally, the PERS and TRS net pension and OPEB liabilities increased \$4.5 million and \$8.7 million, respectively, more information is included in Note 14 on pages 48 through 67.

Debt related to general obligation bonds for school construction is the responsibility of the Borough. The School District has no liability for repayment of general obligation bonds. For informational purposes, debt related to general obligation bonds for school construction can be found in Note 10 on page 46 of this report.

ECONOMIC FACTORS AND SUBSEQUENT YEARS' BUDGETS

At the completion of the audit, the School District was aware of certain factors which could significantly impact financial condition or budgetary decisions in the near future:

- The Fairbanks North Star Borough School District Board of Education adopted a fund balance policy during FY17 and has made a concerted effort to increase the existing fund balance to offset anticipated loss of revenues and expenditure increases over the next few years. The School District's fund balance saw a significant drop in FY19 due to recurring annual cost increases as well as one-time expenditures and it is expected that the Board will continue to deliberately and structurally reduce the level of fund balance over the next one to two years. Absent any significant increases in revenues over this time period, this reduction in fund balance will create significant pressure on the budgeting process and will necessitate cost-saving measures.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Management's Discussion and Analysis June 30, 2019 (cont.)

- Ongoing budget challenges in Juneau could negatively impact School District revenue as the current Governor attempts to align revenues and expenditures at the state level. In 2018, the Legislature appropriated one-time, supplemental funding to school districts for FY19 and FY20 that has and will partially offset operating cost increases in the absence of adjustments to the Base Student Allocation (BSA). This supplemental funding equaled approximately \$2 million in FY19 and \$3 million in FY20 for the Fairbanks School District. The elimination of this funding, or any reduction to the BSA would significantly impact the financial position of the School District. The School District will monitor the upcoming Legislative session closely to maintain awareness of issues related to education funding.
- The restructure of the School District's health insurance plan design has provided financial relief through more efficient utilization of health services by School District employees. However, cost reductions as a result of the restructuring changes have run their course and this, coupled with the reduction of the risk management internal services fund's fund balance at the end of FY19 due to a renewed rise in healthcare costs, will necessitate an increase to the benefit rate of approximately 2.0 percent in FY21. The School District will continue to analyze plan performance moving forward to identify and implement changes that will generate efficiencies and cost savings.
- The long-term trend of declining enrollment has had a significant impact on the School District's financial position. Preliminary student counts for FY20 indicate strong enrollments relative to projections, which is an improvement over FY19 when enrollment dropped by over 400 students and reduced state foundation revenue to the School District by over \$4 million. The arrival of two squadrons of F-35's to Eielson Air Force Base by 2022 will provide some relief to declining enrollments with an increase of approximately 500 to 1,000 students within the next two to three school years. These increases however could be offset by decreases in enrollment due to socio-economic, demographic, and other factors. Because enrollment has such a significant effect on revenue, these factors will continue to be tracked and analyzed as to how they will impact the budget and financial position of the School District going forward.

REQUESTS FOR INFORMATION

This financial report is designed to provide citizens, taxpayers, parents, students, investors and creditors with a general overview of the School District finances and shows the School District's accountability for the money it receives. Questions concerning information provided in this report or requests for additional information should be addressed to:

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Reconciliation of the Governmental Funds Balance Sheet
to the Statement of Net Position
June 30, 2019

Total fund balances for governmental funds \$ 36,676,697

Amounts reported for governmental activities in the statement of net position are different because:

The cost of capital assets purchased is reported as an expenditure in governmental funds. Conversely, the acquisition market value of capital assets donated is not reported in governmental funds. The statement of net position includes purchased and donated capital assets among the assets of the School District as a whole. The cost (or acquisition value, if donated) of those capital assets is allocated over their estimated useful lives (as depreciation/amortization expense) to the various functions reported as governmental activities in the statement of activities.

Machinery and equipment	\$ 12,105,909	
Accumulated depreciation to date	(8,373,188)	
Intangible assets, net of accumulated amortization	<u>228,216</u>	
		3,960,937

Other long-term assets are not available to pay for current-period expenditures and; therefore; are not reported in the funds.

Net pension asset		916,848
-------------------	--	---------

An internal service fund is used by management to charge the costs of self-insurance, risk management, and equipment replacement to individual funds. The assets and liabilities of the internal service fund are reported with governmental activities in the statement of net position.

Internal service fund net position		4,456,769
------------------------------------	--	-----------

Long-term liabilities applicable to the School District's governmental funds are not due and payable in the current period and accordingly are not reported as governmental fund liabilities. All liabilities, both current and long-term, are reported in the statement of net position. Balances at June 30, 2019 were:

Compensated absences	(4,792,993)	
Net pension liability	(136,200,600)	
Net OPEB liability	<u>(25,042,753)</u>	
		(166,036,346)

Deferred outflows related to the School District's governmental funds are applicable to future periods and, therefore, are not reported in the governmental funds.

Pensions		15,437,012
OPEB		11,577,170

Deferred inflows related to the School District's governmental funds are applicable to future periods and, therefore, are not reported in the governmental funds.

Pensions		(3,648,654)
OPEB		<u>(10,164,186)</u>

Total net position of governmental activities		<u>\$ (106,823,753)</u>
---	--	-------------------------

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT
 Reconciliation of the Governmental Funds
 Statement of Revenues, Expenditures and Changes in Fund Balances
 to the Statement of Activities
 For the Year Ended June 30, 2019

Net change in fund balances - total governmental funds		\$ (3,381,043)
The change in net position reported for governmental activities in the statement of activities is different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation/amortization expense.		
Expenditures for capital assets	\$ 910,578	
Less current year depreciation/amortization	<u>(886,406)</u>	24,172
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, disposals and donations) is to decrease net position.		
		(79,159)
The issuance of long-term debt (e.g. capital lease) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.		
Repayment of principal on capital lease	<u>670,769</u>	670,769
Some expenses reported in the statement of activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.		
		(295,655)
Pension contributions made during the year are reported as expenditures in the governmental funds. However, in the statement of activities contributions made during the year are deferred and not reflected as expenses because they were made after the June 30, 2018 measurement date. Contributions made in the fiscal year ending June 30, 2018 are reflected as expenses in the statement of activities in the current year. These consist of:		
Contributions subsequent to the measurement date		11,777,873
Employer contribution expense		<u>(12,162,705)</u>
Net pension and OPEB liability related items reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds. These activities consist of:		
Pension expense		14,754,730
OPEB reduction in expense		<u>(93,535)</u>
Internal service funds are used by management to charge the costs of equipment replacement, self-insurance and risk management to individual funds. The change in net position of the internal service funds is reported with governmental activities.		
		<u>(6,030,862)</u>
Change in net position of governmental activities		<u><u>\$ 5,184,585</u></u>

NOTES TO THE BASIC FINANCIAL STATEMENTS

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Fairbanks North Star Borough School District (School District) operates a public school system under an elected school board, as permitted by Alaska Statutes 14.14.060 and 29.35.160. The financial statements of the School District have been prepared in accordance with U.S. generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant accounting policies:

A. Reporting Entity

These financial statements include all the activities of the School District, a component unit and an integral part of the reporting entity of the Fairbanks North Star Borough (Borough), the primary government. A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable. The School District is reported in a separate column in the Borough's government-wide financial statements, to emphasize that the School District is legally separate from the Borough. Pursuant to Alaska Statutes, Title 29.35.160, the Borough has the responsibility of establishing, maintaining and operating a system of public schools. The Borough has delegated the administrative responsibilities for compliance with the statutes to the Fairbanks North Star Borough School District Board of Education (Board of Education), while retaining certain responsibilities. The Borough issues bonds to finance school construction, levies taxes and collects and disburses the funds, and has responsibility for funding any deficits. The Borough Assembly remains responsible for approving the School District's total budget and is also responsible for providing a minimum level of local support per State statutes.

School construction bond proceeds to purchase furnishings and equipment for new schools are accounted for in the School District's various capital project and special revenue funds. The School District receives reimbursement from the Borough for these expenditures on an as-needed basis. The operational services provided directly by the Borough have been included in the general fund, special revenue funds and internal service fund, where appropriate, as expenditures.

Complete financial statements of the Borough can be obtained from the Borough Clerk's Office at 809 Pioneer Road, PO Box 71267, Fairbanks, Alaska 99707-1267; phone number (907) 459-1000 or on the web at <http://co.fairbanks.ak.us/fs/Pages/Comprehensive-Annual-Financial-Reports.aspx>.

B. Basis of Presentation – Government-wide Financial Statements

The statement of net position and the statement of activities display information about the reporting entity as a whole. Fiduciary funds are not included in the government-wide financial statements. Fiduciary funds are reported only in the Statement of Fiduciary Assets and Liabilities at the fund financial statement level.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers, parents or students who purchase, use, or directly benefit from goods or services provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. The primary government's contribution to education, State of Alaska public school foundation program revenue, other State aid, Federal Impact Aid, and other items not properly included among program revenues are reported instead as general revenues.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements June 30, 2019 (cont.)

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are copier and printing charges between the School District's district administration support services function and various other functions of the district. Elimination of these charges would distort the direct costs reported for the various functions concerned.

C. Basis of Presentation – Fund Financial Statements

The accounts of the School District are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid School District management in demonstrating compliance with finance-related legal and contractual provisions.

The fund financial statements provide information about the School District's funds including its fiduciary fund. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental funds. All remaining governmental funds are aggregated and reported as nonmajor funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Governmental Funds

The district has four major governmental funds:

General Fund – the School District's primary operating fund. Major revenue sources include the primary government's contribution to education, the State of Alaska public school foundation program, the Public Employees' and Teachers' Retirement System on-behalf payments, and other state and federal revenues. Expenditures are authorized in the annual budget and are made for such activities as student instruction, support services, administration, operations and maintenance, and student activities.

Federal Programs Special Revenue Fund – the federal programs special revenue fund accounts for federal grants received directly from the federal government, passed through the State of Alaska or passed through other funding entities.

Student Transportation Special Revenue Fund – the student transportation special revenue fund accounts for activities related to student transportation to and from school and other State-approved student transportation. Revenues include State student transportation revenue and any necessary transfers from the School District general fund.

Capital Projects Fund – accounts for all resources used for property acquisition, major equipment expense, and infrastructure improvements.

In addition, the School District has four nonmajor governmental funds. The nonmajor special revenue funds are local programs, state programs, food service and school activities.

Proprietary Funds

The School District's internal service funds account for self-insurance and risk management services and equipment replacement provided to other funds of the School District on a cost reimbursement basis.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

Fiduciary Fund

The School District's agency fund accounts for the assets held by the School District as an agent for various school-related employee groups. The activities of the groups are mostly philanthropic in nature for the benefit of District employees and students. The fund is custodial in nature and does not involve the measurement of results of operations.

D. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the School District considers revenues to be available if they are collected within 30 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds.

Entitlements and shared revenues are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Revenue for expenditure-driven grants is recognized when the qualifying expenditures have been incurred and all other grant requirements have been met. All other revenue items are considered to be measurable and available only when cash is received by the School District.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the School District's risk management internal service fund are charges to other funds for services. Operating expenses include insurance premiums, risk self-retention costs, risk management administration provided by the Borough, and third party claims administrator costs. The principal operating revenues of the School District's equipment replacement internal service fund are charges to other funds for services. Operating expenses include equipment purchases. All revenues and expenses are reported as operating revenues and expenses.

The agency fund reports only assets and liabilities and as such cannot be said to have a measurement focus. Agency funds do, however, use the accrual basis of accounting to recognize receivables and payables.

E. Equity in Central Treasury Cash – Deposits and Investments

All cash resources of the School District are maintained in the Borough's central cash treasury and invested with the following objectives: ensure safety of principal, maintain sufficient liquidity to meet cash flow requirements, and achieve a reasonable market rate of return. Borough central treasury investments are reported at fair value. See Note 4.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements June 30, 2019 (cont.)

If applicable, investment income is allocated to the following School District funds based upon their cumulative, month-end equity in central treasury cash balances: food services special revenue fund for the Food Service Program, and the school district agency fund.

F. Statement of Cash Flows

For purposes of the statement of cash flows, the cash and cash equivalents of the internal service fund is its equity in central treasury cash.

G. Receivables and Payables

Activity between funds, resulting from individual funds' overdrafts of pooled cash in the central treasury, is referred to as "due to/from other funds." Certain receivables and payables between the School District and the primary government are referred to as "due to/from Fairbanks North Star Borough." Receivables from the Fairbanks North Star Borough are comprised of office rental space in the School District's Administrative Center.

Through various negotiated agreements with employees, the School District has put in place a cost sharing mechanism for health costs. At June 30 of each year, total health costs for the fiscal year are used to calculate an amount expected to be collected from employees in the following calendar year through payroll deductions. The School District records an employee dollar share receivable at June 30 of each year in the risk management internal service fund.

H. Inventories

Inventories are recorded in the general fund and the food service special revenue fund. General fund central stores inventory consists of school supplies valued at cost using the weighted average cost method. General fund print shop inventory consists of printing supplies which are valued at cost using the FIFO (first in, first out) method. Food service special revenue fund inventory of food (including commodities received from the U.S. Department of Agriculture) and related supplies are valued at cost using the FIFO method. The cost of inventory is recorded as an expenditure when consumed rather than when purchased. The nonspendable fund balance classification includes an amount for inventory to indicate that inventory does not represent an amount expected to be converted to cash.

I. Prepaid Items

Payments made to vendors for services that will benefit periods beyond the current year-end are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items in the governmental funds are recorded using the consumption method. The nonspendable fund balance classification includes an amount for prepaid items to indicate that prepaid items do not represent an amount expected to be converted to cash.

J. General Capital Assets

The Borough owns and provides to the School District without charge all school buildings and associated land. The Borough also owns all four on-base schools located at Fort Wainwright Army Post and Eielson Air Force Base. General capital assets, which consist of machinery and equipment (including commissioned works of art installed in school buildings) and certain intangible assets, are reported in the governmental activities column in the government-wide financial statements. General capital assets are defined by the School District as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of two years. General capital assets are valued at cost or estimated historical cost when the original cost is not available and depreciated/amortized over their estimated useful lives. Donated capital assets are valued at their acquisition value on the date received. Estimated useful life is management's estimate of how long the asset is expected to meet service demands.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

Straight line depreciation/amortization is used based on the following estimated useful lives:

Machinery and equipment	5 – 25 years
Intangible assets (software)	5 – 10 years

The cost of normal maintenance and repairs that do not add to the value of assets or materially extend the assets' lives are not capitalized.

K. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expense) until then. The School District has three items in this category, related to pension and other postemployment benefits (OPEB) expense. They are 1) the net difference between projected and actual earnings on plan investments, 2) changes in proportion and differences between School District contributions and proportionate share of contributions and 3) contributions made subsequent to the net pension/OPEB liability measurement date of June 30, 2018.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The School District has three items in this category, related to pension and OPEB expense. They are 1) the net difference between projected and actual earnings on plan investments, 2) the difference between expected and actual experience, and 3) changes in proportion and differences between School District contributions and proportionate share of contributions.

L. Claims Payable and Accrued Self-Insurance Reserves

Amounts reported as claims payable and accrued self-insurance reserves in the risk management internal service fund include estimates for expected future development on claims already reported, as well as consideration for known and unknown events that might create claims, but for which none have been reported.

M. Unearned Revenue

Unearned revenue arises when resources are received before the School District has legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when there is a legal claim to the resources, the liability for unearned revenue is removed and revenue is recognized.

N. Compensated Absences

It is the School District's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. Personal/annual leave is subject to certain restrictions and maximum accumulations. Employees earning personal/annual leave are paid for any accumulated leave upon use. At termination accumulated annual leave is paid, accumulated personal leave is forfeited. Sick leave, which may accumulate indefinitely, is charged to expenditures when used. Upon resignation, unused sick leave is forfeited. However, retiring employees who are members of the Public Employees' Retirement System receive full pay for unused sick leave on a sliding scale, based on years of service, ranging from thirty (30) days to a maximum of ninety (90) days. Retiring employees who are members of the Alaska Teachers' Retirement System may use unused sick leave as an increase in service credit. All personal/annual leave is reported when incurred in the government-wide financial statements. A

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of impending employee resignations and retirements.

O. Other Long-Term Liabilities

In the government-wide financial statements and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities on the statement of net position. Long-term obligations of the risk management internal service fund are reported as governmental activities in the government-wide financial statements as this fund serves only governmental funds.

Debt incurred for the construction of school facilities is the obligation of the Borough; therefore it is not included on the School District's government-wide statement of net position. It is, however, disclosed in Note 10 for informational purposes.

P. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance". Fund equity for all other reporting is classified as "net position".

Fund Balance

Generally, fund balance represents the difference between the current assets and current liabilities. In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the School District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

Nonspendable – Fund balances are reported as nonspendable when amounts cannot be spent because they are not expected to be converted to cash, i.e., inventories and prepaid items.

Restricted – Fund balances are reported as restricted when constraints are placed on their use through external restrictions imposed by creditors, grantors, donors, or laws or regulations of other governments.

Committed – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Education through an adopted resolution. The Board of Education may also modify or rescind the commitment by similar formal action.

Assigned – Fund balances are reported as assigned when amounts are constrained by the School District's intent to be used for specific purposes, but are neither restricted nor committed. The School Board authorized the Superintendent to assign fund balances through formal action taken at its regular meeting on June 22, 2011.

Unassigned – Fund balances are reported as unassigned when residual amounts remain that do not meet any of the above criterion. The School District reports positive unassigned fund balance only in the general fund. Negative unassigned fund balance may be reported in all governmental fund types.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

Flow Assumptions

When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the School District's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the School District's policy to use fund balance in the following order: committed, assigned, unassigned.

Q. Contract for Operating On-Base Schools

In 1992 the State of Alaska Department of Education and Early Development (DEED) entered into an agreement with the United States Department of Education that required a change in the handling of Impact Aid revenues for the students living on Fort Wainwright Army Post and Eielson Air Force Base. Revenues that had previously gone to the DEED and were used to partially fund the foundation program and tuition in lieu of local taxes were required to be passed on directly to the School District. The increase in federal revenue through the State of Alaska was offset by the equalization deduction in foundation revenue as provided in Alaska Statute section 14.17.410 and a reduction in tuition in lieu of taxes. An agreement was reached between the School District and the DEED that the change in the treatment of revenue would not result in an adverse impact on the operating revenue of the School District. This agreement is still in place and resulted in the State of Alaska making a \$1,450,000 payment for on-base schools in fiscal year 2019.

R. Pensions and Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension and OPEB liability, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the Alaska Public Employees' Retirement System (PERS) and the Teachers' Retirement System (TRS) and additions to/deductions from PERS's and TRS's fiduciary net position have been determined on the same basis as they are reported by PERS and TRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

S. On-Behalf Pension and Postemployment Healthcare Benefit Payments

Effective July 1, 2007 new State regulation set the effective contribution rates of the Alaska Public Employees' Retirement System and the Teachers' Retirement System defined benefit plan tiers below the actuarially determined rates. This legislation also provided that payments be made by the State on behalf of employers to make up the difference between the effective rate and the actuarially determined rate. As required by the Alaska Department of Education and Early Development, the on-behalf payments for all funds of the School District are recorded as revenue in the general fund. The corresponding pension expenditures are also recorded in the general fund in amounts equal to the on-behalf payments.

In the government-wide financial statements the pension on-behalf payments and related revenue are replaced with nonemployer pension expense as of the measurement date of June 30, 2018 and revenue equal to the nonemployer pension expense.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

T. Comparative Data

The financial statements include certain prior-year summarized comparative information in order to provide an understanding of the changes in the financial position and operation of the School District's funds. Such comparative information does not include the level of detail required for a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the School District's financial statements for the year ended June 30, 2018, from which the summarized information was derived.

Certain amounts presented in prior year data, which have no effect on change in net position or net change in fund balances, have been reclassified in order to be consistent with the current year's presentation.

NOTE 2: RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The governmental fund statement of revenues, expenditures, and changes in fund balances include reconciliation between net change in fund balances – total governmental funds and change in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that “the net effect of various miscellaneous transactions involving capital assets (i.e., sales, disposals and donations) is to increase net position.”

Governmental funds only report the disposal of assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal.

Net loss on the disposal of capital assets	<u>\$ 79,159</u>
Net adjustment to increase <i>net change in fund balance - total governmental funds</i> to arrive at <i>change in net position of governmental activities</i> .	<u>\$ 79,159</u>

NOTE 3: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Fund Balance Compliance

Borough Ordinance 7.04.125 requires the School District to not accumulate unrestricted fund balances, for all funds from all sources, greater than 40 percent of the Borough's July 1st direct appropriation to education for that fiscal year, exclusive of any impact aid advance and without regard to any proration among sources. It further explains what types of unrestricted funds are excluded from the permitted accumulation calculation, such as the local programs special revenue fund and student activities special revenue fund. The excess over the permitted accumulation amount shall be deposited to the Borough's maintenance reserve fund for School District Facilities by the December following the completion of the annual audit.

Title 14 of Alaska State Statutes limits an accumulation of fund balance in the general fund to less than ten percent of current year expenditures. Any amount in excess of this limit will reduce the subsequent year's state foundation aid. Alaska Administrative Code defines six items that are not subject to the fund balance accumulation threshold. A statement of compliance required by the Code can be found in the Supplemental Reports section of this comprehensive annual financial report.

NOTE 4: EQUITY IN CENTRAL TREASURY CASH AND INVESTMENTS

The School District is not authorized to secure direct investments. All cash funds of the School District are maintained in a central cash treasury by the Borough. Chapter 7.16 of the Borough Code of Ordinances describes the objectives, policies, and procedures for the investment of Borough funds and applies to the investment of all Borough moneys, unless otherwise provided expressly by ordinance.

Banking services are provided to the Borough under a contract with Wells Fargo Bank Alaska N.A (WFB). These services are being paid monthly through a fee based structure. All deposits are collateralized by federal deposit insurance or by securities held by the Borough.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

The Borough's investments are subject to "interest rate risk" – the risk that changes in interest rates will adversely affect the fair value of an investment. The Borough's policies to manage the interest rate risk of its investments include limiting their time to maturity at the date of purchase. In addition, the Borough's entire investment portfolio cannot have an average maturity exceeding three years. Further, at the time of purchasing an investment, not more than 30 percent of the prior 12-month moving average value of the portfolio may be in the three- to five-year range.

The Borough's investments in debt securities are also subject to "credit risk" – the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Credit risk is measured by nationally recognized statistical rating agencies, such as Standard & Poor's, Moody's, and Fitch in the form of credit quality ratings. The Borough's policies limit its investments in debt securities to obligations of the U.S. government, which are to be considered free of any credit risk in accordance with GAAP, and to the highest-rated debt securities where the credit risk is low.

The Borough also invests in the Alaska Municipal League Investment Pool, Inc. (Pool). The Pool is not SEC-registered, but is a 2a7-like money market fund, operating in a manner consistent with that rule. In March 2019, Standard & Poor's affirmed its AAAM principal stability fund rating to the Pool. Regulatory oversight of the Pool is established by Alaska Statue 37.23. The Pool must maintain a dollar-weighted average maturity of 90 days or less, and only purchase instruments having remaining maturities of 13 months or less. As of June 30, 2019, the fair value of the investments in the Pool approximates the amortized cost at which the investments were reported. The fair value of the Borough's investments in the Pool is the same as the value of the Pool units.

The School District's carrying value of the equity in the central treasury varies from the balances reported in the various funds by the amount that individual funds have overdrawn their share of the pooled cash. A reconciliation of the carrying value to the reported value in the fund financial statements at June 30, 2019 is as follows:

	Carrying Value of Equity in Central Treasury	Due To/From Other Funds	Reported Equity in Central Treasury
General fund	\$ 24,733,859	\$ (3,845,277)	\$ 20,888,582
Federal programs special revenue fund	(3,494,533)	3,499,222	4,689
Student transportation special revenue fund	6,176,119		6,176,119
Capital projects fund	7,575,332		7,575,332
Nonmajor governmental funds	1,904,486	346,055	2,250,541
Total governmental funds	<u>36,895,263</u>		<u>36,895,263</u>
Risk management internal service fund	7,894,451		7,894,451
Equipment replacement internal service fund	1,616,402		1,616,402
Total governmental activities	<u>\$ 46,406,116</u>	<u>\$</u>	<u>\$ 46,406,116</u>
School District agency fund	<u>\$ 35,870</u>	<u>\$</u>	<u>\$ 35,870</u>

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

NOTE 5: RECEIVABLES

Detail of accounts receivable reported in the statement of net position at June 30, 2019 were as follows:

Governmental activities:	Local	State	Federal	Total
General fund	\$ 506,671	\$	\$	\$ 506,671
Federal programs special revenue fund		3,199,238	435,986	3,635,224
Nonmajor governmental funds	150	240,575		240,725
Risk management internal service fund	229,100			229,100
Total receivables	<u>\$ 735,921</u>	<u>\$ 3,439,813</u>	<u>\$ 435,986</u>	<u>\$ 4,611,720</u>

NOTE 6: INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The composition of interfund balances as of June 30, 2019 was as follows:

Due To/From Other Funds

	Interfund receivable	Interfund payable
General fund	\$ 3,845,277	\$
Federal programs special revenue fund		3,499,222
Nonmajor governmental funds		346,055
Total interfund receivable/payable	<u>\$ 3,845,277</u>	<u>\$ 3,845,277</u>

Interfund balances result from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Interfund Transfers

	Transfers In	Transfer Out
Major funds		
General fund	\$	\$9,001,871
Student transportation special revenue fund	1,400,000	
Capital projects fund	7,408,373	
Nonmajor governmental funds	193,498	
Total transfers in/out	<u>\$ 9,001,871</u>	<u>\$ 9,001,871</u>

Transfers are made to use unrestricted revenues collected in one fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Due To / From Fairbanks North Star Borough (Borough)

The amount due from the Borough of \$5,819 is comprised of office rental space in the School District's Administrative Center.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

NOTE 7: CAPITAL ASSETS

The Borough owns and accounts for all land, school buildings and improvements other than buildings, which are provided to School District schools without charge. Capital assets recorded in the School District's financial records consist of machinery, equipment and software. Included in the machinery and equipment category are commissioned works of art installed in school buildings.

The changes in capital assets by major class for the year ended June 30, 2019, were as follows:

	June 30, 2018			June 30, 2019
	Balance	Additions	Deductions	Balance
Governmental activities:				
Machinery and equipment	\$ 11,745,132	\$ 910,578	\$ (549,801)	\$ 12,105,909
Less accumulated depreciation	(8,122,855)	(720,975)	470,642	(8,373,188)
Total, net of accumulated depreciation	<u>3,622,277</u>	<u>189,603</u>	<u>(79,159)</u>	<u>3,732,721</u>
Intangible assets (software)	1,642,842			1,642,842
Less accumulated amortization	(1,249,195)	(165,431)		(1,414,626)
Total, net of accumulated amortization	<u>393,647</u>	<u>(165,431)</u>		<u>228,216</u>
Governmental activities capital assets, net	<u>\$ 4,015,924</u>	<u>\$ 24,172</u>	<u>\$ (79,159)</u>	<u>\$ 3,960,937</u>

Depreciation/amortization expense was charged to governmental activities as follows:

Instruction	\$ 139,220
Special education instruction	62,587
Special education support services - students	1,135
Support services - students	27,669
Support services - instruction	147,893
School administration support services	1,019
District administration	8,406
District administration support services	217,038
Operations and maintenance of plant	243,034
Student activities	6,754
Student transportation - to and from school	5,838
Food services	25,813
Total depreciation/amortization expense	<u>\$ 886,405</u>

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

NOTE 8: LEASES

Operating Lease

The School District is obligated under a building operating lease for a small school facility for the B.R.I.D.G.E. program. The lease terminates August 14, 2024 unless terminated earlier by mutual written consent of both parties or by the School District if there is insufficient or other lack of funds lawfully appropriated for its performance. Operating leases do not give rise to property rights or lease obligations and therefore, the lease agreement is not reflected as an asset or liability. Operating lease expense for fiscal year 2019 was \$307,027.

Capital Lease

The School District acquired equipment under the provisions of a long-term lease agreement. Based on the terms of the lease agreement the lease qualifies as a capital lease for accounting purposes and, therefore, the liabilities associated with the capital lease have been recorded in the statement of net position. The equipment purchased was not capitalized as it did not meet the School District's asset capitalization threshold. The lease was paid in full in fiscal year 2019.

NOTE 9: GENERAL LONG-TERM LIABILITIES

Long-term liabilities for governmental activities for the year ended June 30, 2019 were as follows:

Governmental activities:	June 30, 2018			June 30, 2019 Balance	Due Within One Year
	Balance	Additions	Reductions		
Compensated absences	\$ 4,497,338	\$ 4,621,678	\$ (4,326,022)	\$ 4,792,994	\$ 4,536,049
Capital lease	670,769		(670,769)		
Claims on reserves	5,445,662	35,564,814	(35,869,573)	5,140,903	4,465,394
Net pension liability	131,727,567	4,473,033		136,200,600	
Net OPEB liability	16,367,005	8,675,748		25,042,753	
Total long term liabilities	<u>\$ 158,708,341</u>	<u>\$ 53,335,273</u>	<u>\$ (40,866,364)</u>	<u>\$ 171,177,250</u>	<u>\$ 9,001,443</u>

The risk management internal service fund serves the governmental funds. Accordingly, long-term liabilities related to claims and reserves are included as part of the above totals for governmental activities. Also, for governmental activities, claims and reserves are generally liquidated by the risk management internal service fund and compensated absences, net pension liability and net OPEB liability are generally liquidated by the general fund.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

NOTE 10: DEBT ON SCHOOL CONSTRUCTION

A summary of general obligation bonds issued for school related debt, for which the School District has no liability either primary or secondary, is included in the Borough financial statements as follows:

	June 30, 2018 Balance	Additions	Reductions	June 30, 2019 Balance	Due Within One Year
2006, Series I	\$ 5,000,000	\$	\$ (525,000)	\$ 4,475,000	\$ 550,000
2007, Series J	6,705,000		(625,000)	6,080,000	650,000
2009, Series L	6,825,000		(550,000)	6,275,000	575,000
2010, Series M	8,150,000		(545,000)	7,605,000	565,000
2011, Series O	1,760,000		(1,760,000)		
2012, Series P	1,870,000		(600,000)	1,270,000	625,000
2013, Series Q	10,235,000		(2,100,000)	8,135,000	2,205,000
2014, Series R	8,520,000		(515,000)	8,005,000	525,000
2015, Series S	10,000,000		(1,415,000)	8,585,000	1,445,000
2016, Series T	53,895,000		(1,970,000)	51,925,000	2,075,000
2019, Series U		5,045,749		5,045,749	
	<u>\$ 112,960,000</u>	<u>\$ 5,045,749</u>	<u>\$ (10,605,000)</u>	<u>\$ 107,400,749</u>	<u>\$ 9,215,000</u>

Annual debt service requirements to maturity for school-related general obligation bonds are as follows:

Governmental activities:

Year Ending June 30	Principal	Interest
2020	\$ 9,215,000	\$ 4,375,976
2021	9,620,000	3,971,026
2022	8,710,000	3,558,127
2023	9,105,000	3,152,522
2024	7,965,000	2,767,745
2025-2029	29,405,642	9,319,703
2030-2034	22,982,471	3,977,198
2035-2039	10,767,632	703,912
Total	<u>\$ 107,770,745</u>	<u>\$ 31,826,209</u>

During the year, the Borough paid total principal and interest of \$5,110,150 for school-related debt service.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

NOTE 11: COMMITMENTS

As of June 30, 2019 the School District has encumbered amounts intended to honor in the subsequent year for the following governmental funds:

Major Governmental funds:	
General fund	\$ 1,227,458
Federal programs special revenue fund	98,190
Student transportation special revenue fund	2,263,351
Capital projects fund	117,388
	<u>\$ 3,706,387</u>
Nonmajor governmental funds:	
Special revenue funds	<u>\$ 48,067</u>

NOTE 12: RISK MANAGEMENT

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to, and illnesses of, employees and their dependents; and natural disasters. The Borough's risk management program includes both the Borough and the School District. The program employs various combinations of insurance policies provided by commercial carriers and self-insured retention amounts, depending upon the type of risk. Commercial insurance, with zero or small deductibles, is secured for the following coverages: employee life insurance, employee fidelity bonds and employee disability insurance. The program self-insures some portion of the following risk exposures: employee and dependent medical, auto and general liability, workers' compensation, errors and omissions/public officials, property, and employment practices. Commercial insurance has also been obtained for excess coverage above self-retention limits for all risk exposures, except environmental. Settled claims have not exceeded commercial coverage in any of the past three fiscal years.

The Borough has committed fund balance in the amount of \$1,500,000 to provide resources for catastrophic losses up to self-retention limits and for contractual indemnification purposes, as well as to demonstrate financial responsibility to insurance carriers of excess coverage. The adequacy of this committed amount is re-evaluated periodically.

The School District accounts for its self-insurance and risk management program in the risk management internal service fund. The Borough administers the program and charges the School District for claims paid and administration expenses incurred.

Self-insurance liabilities are accrued when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Self-insurance liabilities include estimates for expected future development on claims already reported, as well as considering known and unknown events that might create claims, but for which none have been reported. Based on the type of claim, estimates of the ultimate cost of settling these claims are made by using a case-by-case review of claims or by extrapolating historical experience, and may include specific, incremental claim adjustment expenditures, net of any recoveries. Both methods adjust for current trends and other information and the estimates include the effects of inflation and other economic and social factors.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

Changes in the risk management internal service fund liability amounts in fiscal years 2019 and 2018 were:

	Claims Liability 2018-19	Claims Liability 2017-18
July 1	\$ 5,445,662	\$ 4,688,744
Current year claims	34,483,564	33,531,094
Changes in estimates	1,081,251	825,572
Claims payments	<u>(35,869,573)</u>	<u>(33,599,748)</u>
June 30	<u>\$ 5,140,904</u>	<u>\$ 5,445,662</u>

Through various negotiated agreements with employees, the School District has put in place a cost sharing mechanism for health costs. At June 30 of each year, total health costs for the fiscal year are used to calculate an amount expected to be collected from employees in the following calendar year through payroll deductions. The School District records an employee receivable at June 30 of each year for this amount. The employee receivable at June 30, 2019 and 2018 was \$229,100 and \$2,991,359, respectively.

NOTE 13: BOROUGH IN-KIND AND ALLOCATED SERVICES

During the year, certain services are provided by the Borough to the School District. These include use of various Borough facilities, debt service on school facilities, certain administrative functions and major facility maintenance. The costs of these services have not been charged to the School District. Other services provided by the Borough during the year are allocated and charged to School District operations as follows:

	Allocated Services 2018-19	Allocated Services 2017-18
Risk management overhead	\$ 515,717	\$ 583,427
Auto/general liability, property and other insurance premiums	948,080	844,301
Workers' compensation insurance premiums	227,225	239,454
Health and workers' compensation claims paid	35,845,282	33,747,587
General/auto liabilities, errors & omissions claims paid	168,598	90,818
Audit	65,249	61,047
	<u>\$ 37,770,151</u>	<u>\$ 35,566,634</u>

NOTE 14: RETIREMENT PLANS

Substantially all regular employees of the School District are either members of the Alaska Public Employees' Retirement System (PERS) or the Alaska Teachers' Retirement System (TRS). Both PERS and TRS are governed by the Alaska Retirement Management Board (ARM Board). Benefit and contribution provisions are established by State law and may be amended only by the State Legislature. Membership in the PERS is mandatory for permanent employees scheduled to work at least 15 hours a week and who are not covered by the TRS. Membership in the TRS is mandatory for each certificated employee scheduled to work at least 17.5 hours a week in positions that require teaching certificates as a condition of employment.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

Stand-alone financial statements for either plan can be obtained by writing to the Alaska Department of Administration, Division of Retirement and Benefits, P.O. Box 110203, Juneau, Alaska, 99811-0203, by calling 1-800-821-2251, or by sending an email request to doa.drb.accountingsection@alaska.gov. The financial statements are also available on the web at doa.alaska.gov/drb/resources/publications.html. The following aggregate amounts for the PERS and TRS Defined Benefit and OPEB Plans as of June 30, 2019 are described in detail later in this note:

	PERS	TRS	Total
Net OPEB asset	\$ 336,116	\$ 580,732	\$ 916,848
Deferred outflows related to pensions	7,339,915	8,097,097	15,437,012
Deferred outflows related to OPEB	4,534,716	7,042,454	11,577,170
Net pension liability	61,898,825	74,301,775	136,200,600
Net OPEB liability	13,001,976	12,040,777	25,042,753
Deferred inflows related to pensions	1,553,539	2,095,115	3,648,654
Deferred inflows related to OPEB	5,140,654	5,023,532	10,164,186
Pension (revenue) expense	(5,789,574)	(2,491,438)	(8,281,012)
OPEB (revenue) expense	(51,487)	3,720,069	3,668,582

Alaska Public Employees' Retirement System

Plan Description

PERS consists of a defined benefit plan (Tiers I, II, and III) and a defined contribution plan with a component of defined benefit postemployment healthcare (Tier IV). The defined benefit plan is closed to new members. Eligible employees who first enter PERS after June 30, 2006 participate in the defined contribution hybrid plan (Tier IV). Effective July 1, 2008, state legislation changed the defined benefit plan from an agent multiple-employer plan to a cost sharing multiple-employer plan.

The PERS consists of the following:

	Plan Type	Benefits
<i>Defined Benefit Plan Tiers I, II, III (DB Plan):</i>		
Defined Benefit Pension Plan	Cost-sharing, Defined Benefit Pension	Pension, Disability and Death
Alaska Retiree Health Care Trust (ARHCT)	Cost-sharing, Defined Benefit OPEB *	Healthcare
<i>Defined Contribution Hybrid Plan Tier IV (DCH Plan):</i>		
Defined Contribution Retirement Trust	Defined Contribution Pension	Pension
Health Reimbursement Arrangement Plan	Defined Contribution OPEB	Healthcare
Retiree Medical Plan	Cost-sharing, Defined Benefit OPEB	Healthcare
Occupational Death and Disability Plan	Cost-sharing, Defined Benefit OPEB	Disability and Death

* OPEB = Other Postemployment Benefits

Actuarial valuations are prepared for the PERS Defined Benefit Plan (the pension plan and the ARHCT combined), and for the Retiree Medical Plan and the Occupational Death and Disability Plan combined. These valuation reports are available from the Alaska Division of Retirement and Benefits web page <http://doa.alaska.gov/drb/pers/employee/resources/actuarialValuationReports.html>.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

Pension Benefits

DB Plan

The PERS DB Plan provides pension, disability, death, and healthcare benefits. Members are eligible to retire and receive monthly benefits when vested and at retirement age. Vesting occurs with five paid-up years of service. The DB Plan tiers establish differing criteria regarding normal retirement age, early retirement age, years of service eligibility, the calculation of average monthly salary, and the 10 percent cost of living allowance for Alaska residents. For all DB Plan tiers, full retirement benefits are generally calculated using a formula comprised of a multiplier times the average monthly salary times the number of years of service. The multiplier is increased at longevity milestone markers for most employees. An automatic postretirement pension adjustment (PRPA) is issued annually to all eligible benefit recipients when the cost of living increases in the previous calendar year.

DCH Plan

Employees hired on or after July 1, 2006 participate in the PERS DCH Plan. The PERS DCH Plan provides pension, occupational disability, death, and healthcare benefits. Pension benefits are provided through the Defined Contribution Retirement Trust. Employees immediately vest 100 percent in their own contributions and vest 25.00 percent in School District contributions with two years of service, plus an additional 25.00 percent per year thereafter for full vesting at five years of service. Contributions to the DCH Plan consist solely of employer and employee contributions with no special funding or other nonemployer contributions. Alaska Statutes require that forfeitures be used to reduce employer contributions and cannot be used to increase the benefits of any member.

Other Postemployment Benefits (OPEB)

DB Plan

As part of its participation in the PERS DB Plan (Tiers I, II and III), the School District participates in the Alaska Retiree Healthcare Trust (ARHCT). The ARHCT is self-funded and provides major medical coverage to retirees of the PERS. Major medical benefits are provided to retirees without cost for all members hired before July 1, 1986 (Tier I). Members hired on or after July 1, 1986 (Tier II) with five years of credited service (or ten years of credited service for those first hired on or after July 1, 1996 (Tier III)) may pay the full monthly premium if they are under age 60 (or over age 60 with less than ten years of service for those first hired on or after July 1, 1996), and receive benefits at no premium cost if they are over age 60 or are receiving disability benefits.

Active members who become totally and permanently disabled from either occupational or nonoccupational causes may be eligible to receive a monthly disability benefit. Survivor beneficiaries receive benefits when a member dies from either occupational or nonoccupational causes before a member's retirement. The PERS DB OPEB Plan is administered by the State of Alaska, Department of Administration.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

DCH Plan

PERS DCH OPEB plan participants (Tier IV) participate in the Retiree Medical Plan (cost-sharing defined benefit OPEB), the Healthcare Reimbursement Arrangement (HRA) Plan (defined contribution OPEB) and the Occupational Death and Disability (ODD) Plan (cost-sharing defined benefit OPEB). Members became eligible for the healthcare benefits of the Retiree Medical Plan beginning in June 2017. No plan members are eligible to use the Retiree Medical Plan until they have at least ten years of service. The HRA allows medical expenses to be reimbursed from individual savings accounts established for eligible participants. Active members who become totally and permanently disabled from occupational causes may be eligible to receive a monthly benefit. Survivor beneficiaries receive benefits when an employee dies from occupational causes before retirement.

Alaska Teachers' Retirement System

Plan Description

TRS consists of a cost-sharing multiple-employer defined benefit plan (Tiers I and II) and a defined contribution plan with a component of defined benefit postemployment healthcare (Tier III). The defined benefit plan is closed to new members. Eligible employees who first enter TRS after June 30, 2006 participate in the defined contribution plan.

The TRS consists of the following:

<i>Defined Benefit Plan Tiers I, II (DB Plan):</i>	<u>Plan Type</u>	<u>Benefits</u>
Defined Benefit Pension Plan	Cost-sharing, Defined Benefit Pension	Pension, Disability and Death
Alaska Retiree Health Care Trust (ARHCT)	Cost-sharing, Defined Benefit OPEB *	Healthcare
<i>Defined Contribution Hybrid Plan Tier IV (DCH Plan):</i>		
Defined Contribution Retirement Trust	Defined Contribution Pension	Pension
Health Reimbursement Arrangement Plan	Defined Contribution OPEB	Healthcare
Retiree Medical Plan	Cost-sharing, Defined Benefit OPEB	Healthcare
Occupational Death and Disability Plan	Cost-sharing, Defined Benefit OPEB	Disability and Death

* OPEB = Other Postemployment Benefits

Actuarial valuations are prepared for the TRS Defined Benefit Plan (the pension plan and the ARHCT combined), and for the Retiree Medical Plan and the Occupational Death and Disability Plan combined. These valuation reports are available from the Alaska Division of Retirement and Benefits web page <http://doa.alaska.gov/drb/trs/employee/resources/actuarialValuationReports.html>.

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

Pension Benefits

DB Plan

Members are eligible to retire and receive monthly benefits when vested and at retirement age. Vesting occurs with eight paid-up years of service. The DB Plan tiers establish differing criteria regarding normal retirement age, early retirement age and the 10 percent cost of living allowance for Alaska residents. For DB Plan tiers, full retirement benefits are generally calculated using a formula comprised of a multiplier times the average monthly salary times the number of years of service. The multiplier is increased at longevity milestone markers for most employees. An automatic postretirement pension adjustment (PRPA) is issued annually to all eligible benefit recipients when the cost of living increases in the previous calendar year.

DCH Plan

Employees hired on or after July 1, 2006 participate in the TRS DCH Plan. The TRS DCH Plan provides pension, healthcare, occupational disability and death benefits. Pension benefits are provided through the Defined Contribution Retirement Trust. Employees immediately vest 100 percent in their own contributions and vest 25.00 percent in School District contributions with two years of service, plus an additional 25.00 percent per year thereafter for full vesting at five years of service. Contributions to the DCH Plan consist solely of employer and employee contributions with no special funding or other nonemployer contributions. Alaska Statutes require that forfeitures be used to reduce employer contributions and cannot be used to increase the benefits of any one member.

Other Postemployment Benefits (OPEB)

DB Plan

As part of its participation in the TRS (Tiers I and II), the School District participates in the Alaska Retiree Healthcare Trust (ARHCT). The ARHCT is self-funded and provides major medical coverage to retirees of the TRS. Major medical benefits are provided to retirees without cost for all members hired before July 1, 1990 (Tier I). Members hired on or after July 1, 1990 (Tier II) with eight years of credited service may pay the full monthly premium if they are under age 60, and receive benefits at no premium cost if they are over age 60 or are receiving disability benefits.

Active members who become totally and permanently disabled from either occupational or nonoccupational causes may be eligible to receive a monthly disability benefit. Survivor beneficiaries receive benefits when a member dies from either occupational or nonoccupational causes before a member's retirement. The TRS DB OPEB Plan is administered by the State of Alaska, Department of Administration.

DCH Plan

TRS DCH OPEB plan participants (Tier III) participate in the Retiree Medical Plan (cost-sharing defined benefit OPEB), the Healthcare Reimbursement Arrangement (HRA) Plan (defined contribution OPEB) and the Occupational Death and Disability (ODD) Plan (cost sharing defined benefit OPEB). Members became eligible for the healthcare benefits of the Retiree Medical Plan beginning in June 2017. No plan members are eligible to use the Retiree Medical Plan until they have at least ten years of service. The HRA allows medical expenses to be reimbursed from individual savings accounts established for eligible participants. Active members who become totally and permanently disabled from occupational causes may be eligible to receive a monthly benefit. Survivor beneficiaries receive benefits when an employee dies from occupational causes before retirement.

Funding Policy and Contributions

Employee Contribution Rates

Employee contribution rates for the PERS DB Pension Plan are 6.75 percent or 9.6 percent (employees on a nine-month contract) of eligible compensation. For the PERS DCH Plan the employee contribution rate is 8.00 percent of eligible compensation. Employee contribution rates for the TRS DB Pension Plan and DCH Pension Plan are 8.65 and 8.00 percent, respectively, of eligible compensation. Employee contributions for the PERS and TRS DCH Plans go fully toward each member’s individual pension account. Employees do not contribute to the postemployment benefit plans for the Retiree Medical Plan, the HRA Plan or the ODD Plan.

Employer Effective Contribution Rates

The effective rate established by State statute is set at the greater of 22.00 percent for PERS and 12.56 percent for TRS or the actuarially determined normal cost rate of the DB Plan. The rate is applied to *all* PERS and TRS eligible compensation, including those wages attributable to employees in the DCH Plan. Employer effective contribution rates were:

	<u>PERS</u>	<u>TRS</u>
DB Plan:		
Pension	16.17%	8.41%
OPEB	5.83%	4.15%
	<u>22.00%</u>	<u>12.56%</u>
DCH Plan:		
Retirement Trust	5.00%	7.00%
OPEB - Retiree Medical Plan	0.94%	0.79%
OPEB - Occupational Death and Disability Plan	0.26%	0.08%
OPEB - HRA Plan (see below)		
Defined Benefit Unfunded Liability (see below)		
	<u>22.00%</u>	<u>22.00%</u>

For the HRA Plan, the employer contribution is a flat dollar amount per employee based on 3.00 percent of the average annual compensation of all employees of all employers in the plan. The flat dollar amount for fiscal year 2019 was \$80.88 per pay period for full-time employees. For PERS part-time employees the flat dollar amount was \$1.35 per hour and the rate for TRS part-time employees is based on the contract percentage worked multiplied by the flat dollar amount per bi-weekly pay period for full-time employees.

The Defined Benefit Unfunded Liability (DBUL) amount is levied against the DCH Plan payroll. The DBUL is computed as the difference between the statutory employer contribution rate of 22.00 percent for fiscal year 2019, less the total of the employer contributions for DCH Plan employees for the Defined Contribution Retirement Trust, the HRA Plan, the Retiree Medical Plan, and the Occupational Death and Disability Plan. The difference is deposited, based on an actuarial allocation, into the DB Plan’s pension and healthcare funds.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

ARM Board Adopted Rate

As adopted by the ARM Board, the funding policy for the PERS and TRS DB Plans provides for calculation of actuarially determined rates that, expressed as percentages of annual covered payroll, are sufficient to accumulate the assets necessary to meet both pension and postemployment healthcare benefits when due. In accordance with Alaska Statutes, those actuarially determined rates are paid by a combination of periodic employer contributions and a direct on-behalf nonemployer contribution by the State. As a result, the State’s direct on-behalf nonemployer contribution is an amount that, when combined with the employer contribution, will be sufficient to pay the total contribution rate adopted by the ARM Board. Each year the ARM Board certifies an appropriate contribution rate for normal costs and for liquidating any past service liability determined by a level percent of pay method with a 25 year closed amortization period. The rates for fiscal year 2019 were:

	<u>PERS</u>	<u>TRS</u>
Pension	23.21%	26.20%
Other postemployment healthcare	4.37%	2.70%
	<u>27.58%</u>	<u>28.90%</u>

On-behalf Nonemployer Contribution Rate

As noted above the State is required to make a direct on-behalf nonemployer contribution to the PERS and TRS DB Plans equal to the difference between the ARM Board rate and the employer effective rate. The PERS and TRS on-behalf nonemployer contribution rates for fiscal year 2019, applied exclusively to pension, were 5.58 and 16.34 percent, respectively. The PERS and TRS on-behalf nonemployer contribution rates for fiscal year 2018, applied exclusively to pension, were 3.01 percent and 14.22 percent, respectively.

On-behalf nonemployer pension and other postemployment health contributions are recorded in the general fund as revenues from state sources and as expenditures. On the government-wide statement of activities the on-behalf nonemployer pension and other postemployment health contribution expenditures and revenue are replaced with nonemployer pension and other postemployment health expense as of the measurement date of June 30, 2018 and revenue equal to the nonemployer pension and other postemployment health expense.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019 and 2018, the School District reported a liability for its proportionate share of the net pension liability (NPL) that reflected a reduction for State pension support provided to the School District. The amount recognized by the School District as its proportionate share of the net pension liability, the related State of Alaska support, and the total portion of the net pension liability that was associated with the School District were as follows:

	PERS		TRS	
	Fiscal Year		Fiscal Year	
	2019	2018	2019	2018
District's proportionate share of NPL	\$ 61,898,825	\$ 59,766,961	\$ 74,301,775	\$ 71,960,606
State of Alaska's proportionate share of NPL associated with the District	17,928,534	22,267,660	110,464,440	125,588,693
Total net pension liability	<u>\$ 79,827,359</u>	<u>\$ 82,034,621</u>	<u>\$ 184,766,215</u>	<u>\$ 197,549,299</u>

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

The net pension liability for fiscal year 2019 was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017 which was rolled forward to June 30, 2018. The School District's proportion of the net pension liability for fiscal year 2019 was based on the ratio of the present value of projected future contributions of all participating employers and the State of Alaska to the total present value of projected future contributions for the fiscal years 2020 to 2039 to the plan.

At the measurement date of June 30, 2018 the School District's proportionate share of PERS was 1.24569 percent, which was an increase of 7.74 percent from its proportion of 1.15616 percent measured as of June 30, 2017. For TRS the School District's proportion was 3.88135 percent, which was an increase of 9.30 percent from its proportion of 3.55078 percent measured as of June 30, 2017.

For the year ended June 30, 2019, the School District recognized a reduction of pension expense of \$5,789,574 for PERS and a reduction of pension expense of \$2,491,438 for TRS. In addition, the School District recognized revenue equal to the nonemployer portion of total pension expense of \$839,447 and \$5,128,287 for PERS and TRS, respectively.

At June 30, 2019 the School District reported deferred outflows and deferred inflows of resources related to pensions from the following sources:

Deferred Outflow of Resources	PERS	TRS	Combined
Net difference between projected and actual earnings on pension plan investments	\$ 1,367,061	\$ 2,455,876	\$ 3,822,937
Changes in proportion and differences between District contributions and proportionate share of contributions	1,794,924	1,909,927	3,704,851
District contributions subsequent to the measurement date	4,177,930	3,731,294	7,909,224
	\$ 7,339,915	\$ 8,097,097	\$ 15,437,012
 Deferred Inflow of Resources	 PERS	 TRS	 Combined
Difference between expected and actual experience	\$ 1,553,539	\$ 2,095,115	\$ 3,648,654

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

The School District reported \$7,909,224 as deferred outflows of resources related to pensions resulting from district contributions subsequent to the measurement date, which will be recognized as a reduction of the net pension liability in the year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	PERS	TRS	Combined
2020	\$ 1,980,101	\$ 2,937,372	\$ 4,917,473
2021	747,503	1,439,297	2,186,800
2022	(1,059,220)	(1,982,802)	(3,042,022)
2023	(59,938)	(123,178)	(183,116)
	<u>\$ 1,608,446</u>	<u>\$ 2,270,689</u>	<u>\$ 3,879,135</u>

Actuarial Assumptions

The total net pension liability for the June 30, 2018 measurement date was determined by an actuarial valuation as of June 30, 2017, prepared by Buck Consultants, LLC, which was rolled forward to June 30, 2018. The actuarial assumptions used in the June 30, 2017 actuarial valuation were based on the results of an actuarial experience study for the period July 1, 2009 to June 30, 2013, resulting in changes in actuarial assumptions adopted by the ARM Board to better reflect expected future experience.

Generally, both PERS and TRS follow the same assumptions, except as noted:

Inflation rate	3.12%
Salary increases	Teachers in TRS - graded by age and service, from 8.11% to 3.87% All others - graded by age and service, from 8.55% to 4.34%
Investment rate of return	8.00%, net of pension plan investment expenses. This is based on average inflation rate of 3.12% and a real rate of return of 4.88%.
Mortality	Teachers in TRS pre-termination - based upon the 2010-2013 actual mortality experience. 68% of male rates and 60% of female rates of post-termination mortality. Deaths are assumed to result from non-occupational causes 85% of the time. All others pre-terminations - based on the 2010-2013 actual mortality experiences. 60% of male rates and 65% of female rates of post-termination mortality rates. Deaths are assumed to be occupational 50% of the time. Teachers in TRS post-termination - based on the 2010-2013 actual mortality experience. 94% of male and 97% of female rates of RP-2000, 2000 Base Year projected to 2018 with Projection Scale BB, with a 3-year setback for males and a 4-year setback for females. All others post-termination - 96% of all rates of the RP-2000 table, 2000 Base Year projected to 2018 with Projection Scale BB.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, which is based on the nature and mix of current and expected plan investments, and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2018 are summarized in the following table (note that the rates shown below exclude the inflation component):

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic equity	8.90%
Global ex. U.S. equity	7.85%
Fixed Income	1.25%
Opportunistic	4.76%
Real Assets	6.20%
Absolute return	4.76%
Private equity	12.08%
Cash equivalents	0.66%

Discount Rate

The discount rate used to measure the total pension liability was 8.00 percent. The projection of cash flows used to determine the discount rate assumed that employer and nonemployer contributions will continue to follow the current funding policy, which meets State statutes. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability in accordance with the method prescribed by GASB Statement No. 67.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability and the School District's proportionate share of the net pension liability as of June 30, 2018, calculated using the discount rate of 8.00 percent, as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	Proportionate Share	1% Decrease (7.00%)	Current Discount Rate (8.00%)	1% Increase (9.00%)
PERS net pension liability	100.0%	\$ 6,580,245,387	\$ 4,969,027,000	\$ 3,606,130,767
District's proportionate share of the PERS NPL	1.24569%	\$ 81,969,660	\$ 61,898,825	\$ 44,921,321
	Proportionate Share	1% Decrease (7.00%)	Current Discount Rate (8.00%)	1% Increase (9.00%)
TRS net pension liability	100.0%	\$ 2,738,519,394	\$ 1,914,329,000	\$ 1,220,808,498
District's proportionate share of the TRS NPL	3.88135%	\$ 106,291,475	\$ 74,301,775	\$ 47,383,829

Pension Plan Fiduciary Net Position

Detailed information about the pension plans' fiduciary net position is available in the separately issued PERS and TRS financial reports.

OPEB Assets, Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At June 30, 2019, the amounts recognized by the School District as its proportionate share of the net OPEB (asset) liability, the related State of Alaska support, and the total portion of the net OPEB (asset) liability that was associated with the School District were as follows:

	<u>PERS</u>	<u>TRS</u>
School District's proportionate share of the:		
DB Plan:		
Alaska Retiree Healthcare Trust net OPEB liability	\$ 12,781,758	\$ 12,040,777
DCH Plan:		
Retiree Medical Plan net OPEB (asset) liability	220,218	(277,026)
Occupational Death and Disability Plan net OPEB asset	(336,116)	(303,706)
State of Alaska's proportionate share of the net OPEB liability associated with the School District	3,710,299	17,968,742
Total	<u>\$ 16,376,159</u>	<u>\$ 29,428,787</u>

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

The net OPEB asset and liability for fiscal year 2019 was measured as of June 30, 2018 and the total OPEB liability for all three OPEB plans used to calculate the net OPEB asset and liability was determined by an actuarial valuation as of June 30, 2017 which was rolled forward to June 30, 2018. Each entity's proportion of the net OPEB liability for the Alaska Retiree Healthcare Trust was based on the ratio of the present value of projected future contributions of all participating PERS and TRS employers, and the State of Alaska, to the total present value of projected future contributions to the plan for the fiscal years 2020 to 2039. For the Retiree Medical Plan each entity's proportion of the net OPEB asset and liability was based on the ratio of contributions made by each participating PERS and TRS employer to the total contributions made to the plan during the year ended June 30, 2018. The Occupational Death and Disability Plan used the same allocation percentages as those calculated for the Retiree Medical Plan to allocate the net OPEB liability to each participating PERS and TRS employer.

At the measurement date of June 30, 2018 the School District's proportional share and changes to proportional share of PERS and TRS OPEB were:

	<u>June 30, 2018</u>	<u>June 30, 2017</u>	<u>Increase (Decrease)</u>
PERS DB Plan:			
Alaska Retiree Healthcare Trust	1.24544%	1.15632%	0.08912%
PERS DCH Plan:			
Retiree Medical Plan	1.73060%	1.68907%	0.04153%
Occupational Death and Disability Plan	1.73060%	1.68907%	0.04153%
TRS DB Plan:			
Alaska Retiree Healthcare Trust	3.87239%	3.53977%	0.33262%
TRS DCH Plan:			
Retiree Medical Plan	8.66246%	8.59184%	0.07062%
Occupational Death and Disability Plan	8.66246%	8.59184%	0.07062%

For the year ended June 30, 2019, the School District recognized a reduction of OPEB expense of \$51,487 for PERS and OPEB expense of \$3,720,069 for TRS. In addition, the School District recognized revenue equal to the nonemployer portion of total OPEB expense of \$487,085 and \$3,209,114 for PERS and TRS, respectively.

Actuarial Assumptions

The total net OPEB liability for the June 30, 2018 measurement date was determined by an actuarial valuation as of June 30, 2017, prepared by Buck Consultants, LLC, which was rolled forward to June 30, 2018. The actuarial assumptions used in the June 30, 2017 actuarial valuation were based on the results of an actuarial experience study for the period July 1, 2009 to June 30, 2013, resulting in changes in actuarial assumptions adopted by the ARM Board to better reflect expected future experience.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

Generally, both PERS and TRS follow the same assumptions, except as noted:

Inflation rate	3.12%
Salary increases	Teachers in TRS - graded by age and service, from 8.11% to 3.87% All others - graded by age and service, from 8.55% to 4.34%
Investment rate of return	8.00%, net of OPEB plan investment expenses. This is based on average inflation rate of 3.12% and a real rate of return of 4.88%.
Healthcare cost trend rates ¹	Pre-65 medical: 8.8% grading down to 4.0% Post-65 medical: 5.5% grading down to 4.0% Prescription drugs: 9.0% grading down to 4.0% Retiree drug subsidy/employer group waiver program: 6.5% grading down to 4.0%
Healthcare participation ²	100% system paid of members and their spouses are assumed to elect the healthcare benefits as soon as they are eligible. 10% of non-system paid members are assumed to elect the healthcare benefits as soon as they are eligible.
Mortality	Pre-termination - Based on the 2010-2013 actual mortality experience, 68% of males and 60% of female post-termination rates for teachers, 60% of male and 65% of female for all others. Deaths are assumed to be non-occupational 85% of the time for teachers, 50% of the time for others. Post-termination - Based 94% of the male rates and 97% of the female rates for teachers, 96% for all others, of the RP-2000 table. 2000 base year projected to 2018 with projection scale BB.

¹ Applicable to retiree medical and death and disability only

² Applicable to death and disability only

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

The DCH Retiree Medical Plan’s participation rates reflect the expected plan election rate that varies by reason for decrement, duration that a member may pay full cost prior to Medicare eligibility, and availability of alternative and/or lower cost options, particularly in the Medicare market. This assumption is based on observed trends in participation from a range of other plans. The following participation rates were used to measure the collective net OPEB liability as of both June 30, 2018 and 2017:

<u>Decrement Due to Disability</u>		<u>Decrement Due to Retirement</u>	
<u>Age</u>	<u>Percent Participation</u>	<u>Age</u>	<u>Percent Participation</u>
< 56	73.00%	55	40.00%
56	77.50%	56	50.00%
57	79.75%	57	55.00%
58	82.00%	58	60.00%
59	84.25%	59	65.00%
60	86.50%	60	70.00%
61	88.75%	61	75.00%
62	91.00%	62	80.00%
63	93.25%	63	85.00%
64	95.50%	64	90.00%
65 +	94.40%	65 +	<u>Years of Service</u>
		< 15	70.50%
		15-19	75.20%
		20-24	79.90%
		25-29	89.30%
		30 +	94.00%

Long-term Expected Rate of Return

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, which is based on the nature and mix of current and expected plan investments, and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the OPEB plan’s target asset allocation as of June 30, 2018 are summarized in the following table (note that the rates shown below exclude the inflation component):

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic equity	8.90%
Global ex. U.S. equity	7.85%
Fixed income	1.25%
Opportunistic	4.76%
Real Assets	6.20%
Absolute return	4.76%
Private equity	12.08%
Cash equivalents	0.66%

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Basic Financial Statements
June 30, 2019 (cont.)

Discount Rate

The discount rate used to measure the total OPEB liability was 8.00 percent. The projection of cash flows used to determine the discount rate assumed that employer and nonemployer contributions will continue to follow the current funding policy, which meets State statutes. Based on those assumptions, the OPEB plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability in accordance with the method prescribed by GASB Statement No. 67 and GASB Statement No. 74.

Sensitivity of the Net OPEB (asset) Liability to Changes in the Discount Rate

The following presents the net OPEB (asset) liability and the School District's proportionate share of the net OPEB (asset) liability as of June 30, 2018, calculated using the discount rate of 8.00 percent, as well as what the School District's proportionate share of the net OPEB (asset) liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	Proportionate Share	1% Decrease (7.00%)	Current Discount Rate (8.00%)	1% Increase (9.00%)
PERS (asset) liability				
Retiree medical plan	100.00%	\$ 38,000,000	\$ 12,725,000	\$ (6,989,000)
Occupational death and disability plan	100.00%	(18,238,000)	(19,422,000)	(20,396,000)
Alaska retiree healthcare trust	100.00%	2,077,719,000	1,026,288,000	144,974,000

Retiree medical plan	\$ (11,025,000)	\$ (3,198,000)	\$ 7,582,000
Alaska retiree healthcare trust	(84,699,000)	310,939,000	793,808,000
School District's proportionate share of the TRS (asset) liability			
Retiree medical plan	\$ (955,036)	\$ (277,026)	\$ 656,788
Alaska retiree healthcare trust	(3,279,877)	12,040,777	30,739,357

OPEB Plan Fiduciary Net Position

Detailed information about the OPEB plans' fiduciary net position is available in the separately issued PERS and TRS financial reports.

NOTE 15: CONTINGENCIES

School operations are monitored by the Alaska Department of Education and Early Development; therefore, revenues from State of Alaska sources may be subject to subsequent adjustment. Additionally, amounts received or receivable from grantor agencies are subject to audit by grantor agencies. Any disallowed claims, including amounts already collected, would become a liability of the general fund. The School District, in the normal course of its activities, is involved in various claims and litigation proceedings and seeks to accrue amounts it considers sufficient to cover settlements that may be payable as a result of unfavorable outcomes.

A. Budgetary Comparison Schedules

General Budget Policies

The School District follows these procedures for adoption of the budget for the general fund and special revenue funds:

1. Approval by the Fairbanks North Star Borough School District Board of Education (Board of Education), with community input.
2. Submission to the Fairbanks North Star Borough Assembly (Borough Assembly) for approval of the total budget and appropriation of the local contribution. The deadline for submitting the budget to the Borough Assembly is May 1, in accordance with Alaska Statute section 14.14.060(c) Compiled School Laws. Borough ordinance 7.12.020 however, requires the Board of Education to submit their formally adopted budget to the Borough Assembly by April 1 of each year. The Borough Assembly must furnish the Board of Education with a statement of the local appropriation not more than thirty days after the date on which it first receives the education budget. After the Borough Assembly has set the local appropriation, the Board of Education will again review the budget to make any changes necessitated by the Assembly's action. An opportunity for a public hearing on proposed changes will be provided and at least 24 hours' notice will be given of the meeting at which action is proposed.
3. Submission to the Commissioner of the State of Alaska, Department of Education and Early Development by July 15, in accordance with Alaska Statute section 14.07.170(2) Compiled School Laws.

The original adopted budget for the year ended June 30, 2019, was prepared on the "program" level of budgetary control for information purposes. The budget in these financial statements was approved by the Board of Education by fund and function to comply with the *Alaska Department of Education and Early Development Uniform Chart of Accounts and Account Code Descriptions for Public School Districts, (2018 edition)*.

Formal budgetary integration is employed as a management control device during the year for the general fund, special revenue funds, and capital project funds. An annual budget is legally adopted for the general fund. Annual budgets are legally adopted for all special revenue funds except the School Activity special revenue fund. Capital projects are controlled through project budgets. Adopted project budgets provide authorization to complete projects that extend beyond one fiscal year. Multi-fiscal year projects are controlled by comparing project-to-date expenditures with project budgets. Differences in accounting for encumbrances, as described later, exist between the basis of accounting used for budgetary purposes and that used for reporting in accordance with U.S. generally accepted accounting principles (GAAP).

The objective of the School District's budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of Education. Resources are allocated to and accounted for in individual funds, based upon the purposes for which those funds were created. Transfers between programs in excess of \$20,000 or any transfer in excess of \$25,000 are authorized by the Board of Education. Therefore, the legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the object level. All other transfers are authorized by the superintendent and reported monthly to the Board of Education.

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Required Supplementary Information
June 30, 2019 (cont.)

Encumbrances

For budgetary purposes, annual appropriations lapse at year-end, except for that portion related to encumbered amounts. District policy requires recording of an encumbrance as a charge against appropriation in the accounting period in which a purchase order is issued, rather than in the accounting period when goods or services are received as required by generally accepted accounting principles (GAAP). Encumbrances outstanding at year-end are reported as assigned fund balance in the general fund only. All other encumbrances are disclosed in the notes to the basic financial statements. All encumbrances are automatically carried forward to the new fiscal year budget. Appropriations for those capital projects funds with project budgets do not lapse until the purpose of the appropriation has been accomplished.

Basis of Budgeting

Because such encumbrances constitute the equivalent of expenditures for budgetary purposes, the accompanying schedules present comparisons of actual results to the annual budgets of the governmental funds on the basis of budgeting. Adjustments to convert *actual* expenditures to the basis of budgeting are reflected in the *actual on budgetary basis* column in the accompanying Budget (Non-GAAP Basis) and Actual Comparison Schedules for each major fund. The adjustment includes the addition for current year encumbrances and the deduction for expenditures on prior year encumbrances. The same adjustment is reflected in the revenue portion of those special revenue funds where State and Federal grant revenues are considered unearned until actual expenditures are incurred. The *original budget* column is that adopted by the School Board in its annual appropriation. The *final budget* column combines the *original budget* column, a deduction for expenditures on prior year encumbrances, and budget amendments made during the current fiscal year.

The following schedule reconciles revenues and expenditures on the *Statement of Revenues, Expenditures and Changes in Fund Balances* to revenues and expenditures on the *Budget (Non-GAAP Basis) and Actual Comparison Schedules* for each major governmental fund that has a legally adopted budget. The capital projects fund has a project-length budget presented on page 156.

	General Fund	Federal Programs Special Revenue	Student Transportation Special Revenue
	<u> </u>	<u> </u>	<u> </u>
Revenues reported on the basis of budgeting	\$ 200,985,770	\$ 12,552,517	\$ 13,986,696
Basis difference	-	(79,287)	(2,261,814)
Revenues reported on the basis of GAAP	<u>\$ 200,985,770</u>	<u>\$ 12,473,230</u>	<u>\$ 11,724,882</u>
Expenditures reported on the basis of budgeting	\$ 199,117,356	\$ 12,551,117	\$ 16,142,972
Add expenditures on prior year encumbrances	3,910,015	18,903	1,538
Deduct current year encumbrances	(1,227,458)	(98,190)	(2,263,352)
Expenditures reported on the basis of GAAP	<u>\$ 201,799,913</u>	<u>\$ 12,471,830</u>	<u>\$ 13,881,158</u>

Expenditures in Excess of Appropriations

For the year ended June 30, 2019, expenditures exceeded budget, in annually approved budgets, for the following major fund:

General Fund:

Support services - instruction	\$ 253,555
School administration	100,912
District administration	120,494
Debt service	340,272
Transfers out	7,408,372

Expenditures exceeded budget in the support services - instruction functional area due to the purchase of services to support the School District in meeting our strategic goal of personalized learning by focusing on competency-based education.

Expenditures exceeded budget in the school administration functional area due to no original budget being set aside for costs to cover substitute principals in the schools.

Expenditures exceeded budget in the district administration functional area due to the encumbrance of the OnStrategy strategic planning training contract.

Expenditures exceeded budget in the debt service functional area due to the School District paying off the 5 year capital lease one year early.

Transfers out exceeded budget due to a funds being moved into the capital projects fund to support the future roof replacement at Woodriver Elementary and Ben Eielson Jr/Sr High School as agreed up on in a Memorandum of Agreement between the Borough and School District.

Student Transportation:

Student transportation - to and from school	\$ 1,077,682
---	--------------

Expenditures exceeded budget in the student transportation – to and from school functional area due to the encumbrance of the fiscal year 2020 bussing contract with First Student.

SPECIAL REVENUE FUNDS

Federal Programs: accounts for programs that are funded by federal sources received directly from the federal government or passed through the State of Alaska.

Student Transportation: this program provides transportation for regular and special education students that are bused to school.

State Programs: accounts for programs that are funded by nonfederal State of Alaska sources.

Local Programs: accounts for transactions of programs funded by nonfederal and nonstate sources.

Food Service: accounts for the operations of the School District's Student Nutrition program. Financing is provided by user fees and proceeds received under the National School Lunch and Breakfast programs.

School Activities: accounts for transactions of district controlled school activity programs. School activity funds are not budgeted and are non-lapsing.

This Page Intentionally Left Blank.

STATISTICAL SECTION

STATISTICAL SECTION

Financial Trends – pages 183-193

These schedules contain trend information to help the reader understand how the School District's financial performance and well-being have changed over time.

Revenue Capacity – pages 194-204

These schedules contain information to help the reader assess the School District's most significant local revenue source, the property tax levied by the Borough, and the School District's most significant own-sourced revenue.

Debt Capacity – page 205

These schedules present information to help the reader assess the affordability of the School District's current levels of outstanding debt and the Borough's ability to issue additional debt in the future.

Demographic & Economic Information – pages 206-207

These schedules offer demographic and economic indicators to help the reader understand the environment within which the School District's financial activities take place.

Operating Information – pages 208-223

These schedules contain service and infrastructure data to help the reader understand how the information in the School District's financial report relates to the services the School District provides and the activities it performs.

^a Prior to fiscal year 2014-15 all Federal Impact Aid revenue was coded as revenue from federal sources - direct. However, a large portion of this revenue was passed through the State of Alaska. Beginning in fiscal year 2014-15 that portion of Federal Impact Aid passed through the State of Alaska was recorded as such.

Note: Property taxes are assessed on a calendar year basis. Estimated actual values are derived using the State-confirmed sales ratio plus State-assessed trans-Alaska pipeline system (TAPS) value. Assessed values are from certified assessment rolls of the Fairbanks North Star Borough. All values are for real property only unless otherwise noted.

(a) TAPS assessments, for all calendar years, are based on State Assessment Review Board (SARB) values. Valuations do not reflect subsequent adjustments.

(b) This column is the areawide mill rate.

(c) This column includes tax-exempt property.

Source: Fairbanks North Star Borough Comprehensive Annual Financial Report (CAFR) for the year ended June 30, 2018. Historically, information for the most recent fiscal year is not available until after the publication date of the School District's CAFR.

Note: Alaska Statute 29.45.090 limits the amount of taxes levied to 3% of the assessed value of the property within the municipality. Furthermore, no municipality, or combination of municipalities occupying the same geographic area, may levy taxes which result in tax revenues from all sources exceeding \$1,500 a year for each person residing in the Borough or which exceed the product of 225% of the average per capita full and true value in the state multiplied by the number of residents of the taxing municipality. However, there is no taxing limitation for debt service per Alaska Statute 29.45.100. With some exceptions, the total amount of tax that can be levied during a year cannot exceed the total amount approved for the preceding year by more than a percentage determined by adding the percentage increase in the Consumer Price index for Fairbanks from the preceding year per FNSBC 8.04.290.

Air Park S.A., Bear's Den S.A, Chena Hot Springs II S.A. and Cleary Summit S.A. do not levy taxes.

- (a) The Borough direct and overlapping except service areas total rate applies to all areas of the Borough outside the cities of Fairbanks and North Pole. Some neighborhoods of the Borough are also in one or more service area(s) and pay service area rates in addition. Other areas of the Borough, including the cities of Fairbanks and North Pole, are not in any service area.
- (b) Denali View S.A was formerly known as McKinley S.A
- (c) Murphy S.A. starting in 2012, includes a two-year road project under a differential tax zone. An additional one-year road project was authorized in 2015.
- (d) Olympic S.A was formerly known as Hopeless S.A
- (e) Potlatch S.A. starting in 2008b, includes a two-year road project under a differential tax zone.

Source: Borough treasury and budget division and assessing department

Notes: Only the areawide taxes levied by the Borough are included in this table. Collections for non-areawide functions, service areas, and other governmental units are not included.

Penalties, interest and legal fees are not included in the tax amounts above.

Farm use lands that have been sold, leased, or otherwise disposed of have been excluded from the tax amounts shown above.

^a Taxes levied for the fiscal year are the taxes levied after local exemptions, but before state mandated exemptions are applied.

^b Net tax levy is the taxes levied for the fiscal year after the application of state exemptions. Fiscal years 2008 through 2011 include a special retroactive State adjustment for pipeline properties.

^c For the trans-Alaska pipeline system, taxes levied for a fiscal year are based on State Assessment Review Board (SARB) assessed values. Valuations do not reflect subsequent adjustments

(b) State of Alaska Department of Labor and Workforce Development: Research and Analysis Section.

Note:

Population data is available from multiple sources for the State of Alaska, and the numbers can vary widely. The source for this table has been selected because it also provides the personal income and per capita data.

This table has been restated to incorporate new estimates and revisions released in March 2017 by the U.S. Department of Commerce's Bureau of Economic Analysis. Personal income and per capita personal income have been restated back to 2007.

Data for calendar year 2017 is not available until April 2019.

Source:

Fairbanks North Star Borough Comprehensive Annual Financial Report (CAFR) for the year ended June 30, 2018. Historically, information for the most recent calendar year is not available until after the publication date of the School District's CAFR. However, data for the most recent two years was not available for this schedule.

Teacher Salary Information
Last Ten School Years

<u>School Year</u>	<u>Entry Level Salary^a</u>	<u>Maximum Teacher Salary^b</u>	<u>Average Teacher Salary^c</u>	<u>Percent of Teachers at Maximum on Column(s)^d</u>
2009-10	\$ 42,961	\$ 83,571	\$ 66,398	44%
2010-11	44,679	86,914	68,992	45%
2011-12	45,349	88,218	70,188	44%
2012-13	46,244	89,864	71,977	46%
2013-14	46,891	91,122	73,258	49%
2014-15	47,478	92,261	74,143	49%
2015-16	48,308	93,876	75,637	52%
2016-17	48,308	96,116	77,478	47%
2017-18	48,791	97,077	78,838	43%
2018-19	49,279	98,048	79,810	44%

Notes:

- ^a Entry level salary represents a teacher with a bachelor's degree and no experience.
- ^b Maximum teacher salary represents teachers filling a position which requires a master's degree and a certification for a therapist or psychologist position, or teachers who hold a master's degree with National Board Certification.
- ^c Average teacher salary is based on a scattergram of contracted certificated salaries for that school year.
- ^d The teacher salary schedule has six columns:
 1. Bachelor's
 2. Bachelor's plus 18 credits
 3. Master's or Bachelor's plus 36 credits
 4. Master's plus 18 credits
 5. Master's plus 36 credits
 6. Master's plus specified certification

The percent of teachers at maximum represents teachers topped out at each of those columns.

Notes:

- ^a Barnette and Two Rivers are K-8 schools. Capacities will vary from year to year depending on the mix of elementary and secondary (grades 7 & 8) students.
- ^b During fiscal year 2005-06, Howard Luke became home to Effie Kokrine Charter School. The School District leases the Howard Luke building to the Charter School; therefore, square footage information is included after this date, but capacity and enrollment data are not.
- ^c Hutchison is a joint-use facility with University of Alaska Fairbanks, Community and Technical College. Total building size is 137,524 square feet. Hutchison High comprises 63.4% of the building, or 87,190 square feet.

REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

Members of the Board of Education
Fairbanks North Star Borough School District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements and schedules of the governmental activities, each major fund, and the aggregate remaining fund information of the Fairbanks North Star Borough School District (School District), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements. We also have audited the financial statements and schedules of each of the School District's nonmajor governmental funds, the internal service fund type, and the fiduciary fund type as of and for the year ended June 30, 2019, as displayed in the School District's basic financial statements. In addition, we also have audited the financial statements and schedules of the School District's nonmajor governmental funds presented as supplementary information, as defined by the Governmental Accounting Standards Board, in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2019, and have issued our report thereon dated October 23, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the School District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL
PROGRAM AND REPORT ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Independent Auditor's Report

Members of the Board of Education
Fairbanks North Star Borough School District

Report on Compliance for Each Major Federal Program

We have audited Fairbanks North Star Borough School District's (School District) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the School District's major federal programs for the year ended June 30, 2019. The School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the School District's compliance.

Opinion on Each Major Federal Program

In our opinion, the School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of the School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

See accompanying notes to the schedule of expenditures of federal awards

FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

Notes to the Schedule of Expenditures of Federal Awards
For the Year Ended June 30, 2019

NOTE 1: BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of the Fairbanks North Star Borough School District (School District) under programs of the federal government for the year ended June 30, 2019. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the School District, it is not intended to and does not present the financial position, changes in net position or cash flows of the School District.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through grantor identifying numbers are presented where available.

NOTE 3: INDIRECT COST RATE

The Alaska Department of Education & Early Development (DEED) has been delegated the authority, by the U.S. Department Education, to approve *Restricted Federal Indirect Cost Rate Proposals* pursuant to delegation agreement number 2014-180, effective until June 30, 2019. The School District received a restricted Federal indirect cost rate from DEED for fiscal year 2019. As a result, the School District elected not to use the 10-percent de minimus indirect cost rate allowed under the Uniform Guidance.

NOTE 4: U.S. DEPARTMENT OF AGRICULTURE (USDA) FOODS ENTITLEMENT

The USDA provides States with a USDA Foods entitlement, at a nominal cost, and a fresh fruit and vegetable entitlement, at no cost, for use in preparing school lunches. The USDA utilizes the U.S. Department of Defense as a procurement agent for the fresh fruit and vegetable entitlement program. Because governmental funds are uniquely concerned with flows of *financial* resources, USDA food entitlements are recorded at cost rather than fair market value in governmental funds. Food entitlements are considered expended when consumed in the school lunch program. However, the noncash value of food entitlements received in fiscal year 2019 is listed as an expenditure on the schedule of expenditures of federal awards.

REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

Members of the Board of Education
Fairbanks North Star Borough School District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements and schedules of the governmental activities, each major fund, and the aggregate remaining fund information of the Fairbanks North Star Borough School District (School District) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements. We also have audited the financial statements and schedules of each of the School District's nonmajor governmental funds, the internal service fund type, and the fiduciary fund type of the School District as of and for the year ended June 30, 2019, as displayed in the School District's basic financial statements. In addition, we also have audited the financial statements and schedules of the School District's nonmajor governmental funds presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2019, and have issued our report thereon dated October 23, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the School District's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Michael T. Cook

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurances about whether the School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR STATE
PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE STATE
OF ALASKA AUDIT GUIDE AND COMPLIANCE SUPPLEMENT FOR STATE SINGLE AUDITS

Independent Auditor's Report

Members of the Board of Education
Fairbanks North Star Borough School District

Report on Compliance for Each Major State Program

We have audited Fairbanks North Star Borough School District's (School District) compliance with the types of compliance requirements described in the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits* that could have a direct and material effect on each of the School District's major state programs for the year ended June 30, 2019. The School District's major state programs are identified in the accompanying schedule of state financial assistance.

Management's Responsibility

Management is responsible for compliance with state statutes, regulations, and the terms and conditions of state awards applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the School District's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Those standards and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the School District's compliance.

Opinion on Each Major State Program

In our opinion, the School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2019.

Report on Internal Control over Compliance

Management of the School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Accordingly, this report is not suitable for any other purpose.

Members of the Board of Education
Fairbanks North Star Borough School District

We have audited the financial statements and schedules of the governmental activities, each major fund, and the aggregate remaining fund information of the Fairbanks North Star Borough School District (School District) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents. We also have audited the financial statements and schedules of the aggregate nonmajor governmental funds, internal service fund type, and the fiduciary fund type of the School District as of and for the year ended June 30, 2019, as displayed in the School District's basic financial statements. In addition, we also have audited the financial statements and schedules of the School District's nonmajor governmental funds presented as supplementary information, as defined by the Governmental Accounting Standards Board, in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2019. Our audit was made in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In connection with our audit, as presented in the Statement of Compliance - AS 14.17.505, nothing came to our attention which caused us to believe that the School District had failed to comply with the accumulated fund balance restriction in AS 14.17.505 as interpreted by the State of Alaska, Department of Education and Early Development. However, it should be noted that our audit was not directed primarily toward obtaining knowledge of noncompliance with such requirements.

This report is intended solely for the information and use of the members of the Board of Education, audit committee and management of the Fairbanks North Star Borough School District and the State of Alaska, Department of Education and Early Development and is not intended to be, and should not be, used by anyone other than these specified parties.

CERTIFIED PUBLIC ACCOUNTANTS

October 23, 2019

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON CERTAIN STATE COMPLIANCE REQUIREMENTS

Members of the Board of Education
Fairbanks North Star Borough School District

We have audited the financial statements and schedules of the governmental activities, each major fund, and the aggregate remaining fund information of the Fairbanks North Star Borough School District (School District) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents. We also have audited the financial statements and schedules of the aggregate nonmajor governmental funds, internal service fund type, and the fiduciary fund type of the School District as of and for the year ended June 30, 2019, as displayed in the School District's basic financial statements. In addition, we also have audited the financial statements and schedules of the School District's nonmajor governmental funds presented as supplementary information, as defined by the Governmental Accounting Standards Board, in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2019 and have issued our report thereon dated October 23, 2019. Our audit was made in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In the course of our audit, nothing came to our attention that caused us to believe that:

- a) The statements of revenues and expenditures of the Special Revenue Funds do not present fairly the allowable funds expended within the limits of program budgets.
- b) The Fairbanks North Star Borough School District has not complied with the State of Alaska, Department of Education and Early Development State Chart of Accounts.
- c) The Fairbanks North Star Borough School District has not complied with the bonding requirements of AS 14.14.020.

However, it should be noted that our audit was not directed primarily toward obtaining knowledge of noncompliance with the foregoing requirements.

This report is intended solely for the information and use of the members of the Board of Education, audit committee and management of the Fairbanks North Star Borough School District and the State of Alaska, Department of Education and Early Development and is not intended to be, and should not be, used by anyone other than these specified parties.

CERTIFIED PUBLIC ACCOUNTANTS

October 23, 2019

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON
THE SUMMARY REPORT OF REIMBURSABLE EXPENDITURES

Members of the Board of Education
Fairbanks North Star Borough School District

We have audited the accompanying Summary Report of Reimbursable Expenditures of the Fairbanks North Star Borough School District (School District) as of and for the year ended June 30, 2019. This report is the responsibility of the School District's management. Our responsibility is to express an opinion on this report based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Summary Report of Reimbursable Expenditures is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Summary Report of Reimbursable Expenditures. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall Summary Report of Reimbursable Expenditures presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the report referred to above presents fairly, in all material respects, the reimbursable expenditures of the Fairbanks North Star Borough School District for the year ended June 30, 2019.

This report is intended solely for the information and use of the members of the Board of Education, audit committee and management of the Fairbanks North Star Borough School District and the State of Alaska, Department of Education and Early Development and is not intended to be, and should not be, used by anyone other than these specified parties.

CERTIFIED PUBLIC ACCOUNTANTS

October 23, 2019

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON
THE TUITION RATE REPORT

Members of the Board of Education
Fairbanks North Star Borough School District

We have audited the accompanying Tuition Rate Report of the Fairbanks North Star Borough School District (School District) as of and for the year ended June 30, 2019. This report is the responsibility of the School District's management. Our responsibility is to express an opinion on this report based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Tuition Rate Report is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Tuition Rate Report. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall Tuition Rate Report presentation. We believe that our audit provides a reasonable basis for our opinion.

Since our audit did not include tests of the average daily membership, we do not express an opinion thereon or upon the resulting tuition rate (2018-2019 fiscal year). However, in our opinion, except for the average daily membership described in the preceding sentence and the resulting tuition rate (2018-2019 fiscal year), the accompanying report presents fairly, in all material respects, the information required in the related instructions from the State of Alaska, Department of Education and Early Development.

This report is intended solely for the information and use of the members of the Board of Education, audit committee and management of the Fairbanks North Star Borough School District and the State of Alaska, Department of Education and Early Development and is not intended to be, and should not be, used by anyone other than these specified parties.
