

CONSTRUCTION - SUMMER 2021 AND FUTURE WORK

GRANT-FUNDED WORK

Barnette Magnet School Phase IV Renovation

The cost estimate is \$11,300,000

The contract was awarded to Davis Constructors & Engineers, Inc., for \$9,564,716. The first part of construction is planned to start this May. The renovations include demolition, ADA compliance, structural upgrades, and energy cost reductions.

(IN-HOUSE) SCHOOL DISTRICT FACILITIES MAINTENANCE RESERVE PROJECTS

Ben Eielson Jr/Sr High School Roof Replacement

The cost estimate is \$4,356,672

The contract was awarded to A&A roofing for \$3,241,700. Due to the large footprint of this school, it was decided to split this project into two phases, one taking place last summer and the second being completed this summer. Work will resume May 2021 and be completed by August 2021.

(IN-HOUSE) IMPACT AID

Arctic Light LED Lighting Upgrade

The cost estimate is \$59,000

This upgrade includes replacing all existing lighting throughout the school to LED lights. FMD electricians are currently working on this project and have completed 87% of the School. The sections remaining are hallways and staff occupied rooms.

Effie-Kokrine Charter School Hallway and Common Area Floor Replacement

The cost estimate is \$80,000

The contract was awarded to MacCheyne's Carpets Plus, Inc., for \$68,913. Work will begin this May and be completed by August.

FUTURE PROJECTS

Pearl Creek Elementary – Skylights Replacement

Two Rivers Elementary – Fire Alarm System Replacement
