Executive Directors

# Our History

Princeton Model Congress is the oldest model congress in America. Its inaugural conference took place in 1982 in New York City under the leadership of a group of students from the [American Whig-Cliosophic Society](#), which is the oldest debate union in the country. Over the course of the last three decades, our annual conference has evolved, expanded, and relocated to our nation's capital Washington, DC to enrich our participants' experience with an added dimension of realism that no other model congress in America offers.

Princeton Model Congress exemplifies the University's motto:

**"In the nation's service and the service of humanity"**

To foster civic engagement among America's future, our conference draws approximately 1,000 participants from all across the political spectrum and from all over the country. Under the direction of Princeton undergraduates, high school students simulate the experience of serving in all three branches of the American government by debating bills in Congress, sitting on the bench as a Supreme Court Justice, and counseling our Commander-in-Chief as a member of the Presidential Cabinet.

## Our Structure

Princeton Model Congress is composed of four distinct congresses: Red, White, Blue, and Orange. Each of these Congresses encompasses six Senate committees and six House of Representatives committees. Bills that pass in Committee Sessions are brought before Full Sessions, where the Congressional Senate or House of Representatives convene. Bills that pass in Full Sessions are sent to the President of Princeton Model Congress, an elected student delegate, to be signed or vetoed. All Committee Sessions and Full Sessions are moderated by Princeton University undergraduates according to [Robert's Rules of Order](#).

At PMC, our delegates should not take on the roles of current government officials or represent specific state interests. Although arguing for assigned views serves a valuable rhetorical exercise, it generates less well-informed and less passionate debate than debate among students espousing their true convictions. Delegates research and write their own bills on topics pertinent to their assigned committee and based on their individual interests.

# Our Location

Princeton Model Congress's regular location in Washington, DC differentiates us from other model congresses in the country, and it is one of the many aspects of our conference that generates glowing feedback from both students and their teachers year after year. During a half-day break in a three-day schedule, delegates have the opportunity to visit attractions such as the Capitol Building, the White House, and the US Supreme Court. The DC area abounds in world-renowned museums, including the Smithsonian Museums and the National Gallery of Art.

# Our Speaker

Our proximity to the heart of the national's capital also enables PMC to attract keynote speakers from the highest ranks of American government. While our delegates debate our nation's future, they have a unique opportunity to hear from the men and women who are determining it in real time. Recent PMC keynote speakers include Mike Gallagher, Lisa Brown, Ralph Nader, and Jared Polis, a former PMC staffer himself! This year, our keynote speaker will be the honorable **Rep. Terri Sewell**.

- II. Public Comment- No public comment was received.
- III. Approval/Minutes – Regular Meeting June 15, 2023. This item was postponed until the special meeting on September 29<sup>th</sup>, 2023.
- IV. New Business-- Ms. McNamee motioned to table the elementary curricula to our next special meeting on September 29. Mrs. Petitti seconded.
- a. **Curriculum Guide Approval- Astronomy Grade 11/12**-Department Chair Tom Edwards presented on behalf of the Science Department. He shared that they are offering one section in the Fall and the Spring of Astronomy. They predict it will grow with time. Mr. Albers who wrote the curriculum, has experience running planetariums. The course allows students to experience the NGSS standards and go beyond a general belief “we’re just looking at stars,” to the more complex scientific relationships as well as mathematics concepts which apply. Ms. McNamee moved to recommend the curriculum for Astronomy to be approved by the full Board. Mrs. Petitti seconded.
- b. **Curriculum Guide Approval- Forensic Science Grade 11/12** Department Chair Tom Edwards also presented on behalf of the Science Department. Forensic Science is popular with the students and there are three sections of the course currently running in the Fall and three predicted for the Spring. Jordan Miller who wrote the course shared with the Science Department that he will be setting up mock crime scenes in one of the storage rooms for the purpose of study. Ms. McNamee asked if the course was mostly Biology, but Mr. Edwards shared that there are a lot of different Sciences included. Ms. McNamee asked if THS could offer more Science electives and Mrs. Petitti added that it would be nice as well. Mr.

Manuel shared that the course has brought up conversations in Business Education in relation to Forensic Accounting. Ms. McNamee moved to recommend the curriculum for Forensic Science to be approved by the full Board. Mrs. Petitti seconded.

- c. **Curriculum Guide Approvals- ACP & Honors Italian 3-** World Language teacher Maria Colón and Department Chair Susanna Lavorgna-Lye presented that the curriculum guides for Italian 3 were updated to prepare students for Advanced Placement as well as to correlate with the state Seal of Biliteracy requirements. Speaking, reading, writing, and listening are interwoven into the units. Ms. McNamee asked about the Seal of Biliteracy; it was shared that over 100 students have earned their seal with increasing numbers each year. Students also received a special seal they can wear at graduation if earned. It has proved to be a motivator for the students. It is currently offered in French, Italian, Spanish, and Latin. The test is given during the students' language period at this point. The department is exploring offering it to speakers of other languages as well. Ms. McNamee moved to recommend the curriculum for ACP & Honors Italian 3 to be approved by the Board. Mrs. Petitti seconded.
  
- d. **New Text Approval: Group Seminar - Grade 9 and 10--Douglas, Julia, Beland, Kathy, and R. Keith Matheny. *School Connect 4.0*. School Connect, 2023.** Principal of B-House, Mrs. Ellen Spark, who also has a background in counseling, shared that THS has been looking for ways to support students in groups that might benefit from additional support in the high school but are not identified as a student through traditional methods. Middle school educators made recommendations for incoming ninth graders and letters were sent to families about the opportunity. The course is in lieu of a student hall, and it is aimed to build real life skills for students. It has been well received. THS has not had students drop it, and it has been going well. Last year, they had piloted the concept during homeroom, but the time was too short. They envision a second semester for grade 9 and 10, identified by looking at referrals to Early Intervention. Mr. Mecca noted that the course allows him to use his background as a general education social worker. The course is capped at 12 and currently has 10 in each section and 5 in the upperclassmen at risk. Mrs. McNamee noted that there are a lot of interesting modules and the text provides a lot of resources such as modules that focus on academic preparation, working in groups, and social emotional learning—some of which could be useful in Advisory as well. Mrs. Petitti commented that Module 6: Building Relationships & Resolving Conflicts would be really important for middle schoolers coming up. She shared that, in her experience, sometimes it is this component that stops them from doing well in academics. Mr. Mecca agreed. Ms. McNamee added that Module 2: Improving Communication is also so needed. She furthered that many of the activities could be used in Advisory such as the lessons on toxic relationships. Mr. Mecca furthered that Advisory doesn't have enough time to cover some of the content with enough depth. Ms. Nuland observed that the skills within the text are really needed and the on-line text has a high level of usability. Ms. McNamee asked about the element of privacy which must be important in the class and Mr. Mecca furthered that it is an important aspect of the class, but he is also experiencing that the heterogenous nature of the class has been helping to build relationships. Ms. McNamee moved to recommend the text *School Connect 4.0* to be moved forward for full Board approval. Mrs. Nuland seconded.

- e. **Curriculum Guide Approval- Unified Physical Education- Grades 9-12** Department Chair Vincent D'Scala and educator Ms. Nitsche presented the curriculum which Mrs. Nitsche has been wanted to put together for four years; she is proud to bring forward. It was inspired by the middle school programming. The course aims to combine general and special education students in a unified physical education course. The students all take a leadership component in the course. Paraprofessionals also play a role. The course uses standards that allow students to demonstrate their mastery. For example, can they use they apply their strength to complete a push-up? Modeling and demonstration between peers are a large component of the course. Ms. McNamee commented that the course integration helps to show that all students have different strengths; students can also help one another and participate. She theorized that students may even want to pursue a career in a similar field as a result of experiences in the course. Ms. McNamee moved to recommend the curriculum for Unified Physical Education to be approved by the full Board. Mrs. Petitti seconded.

The meeting adjourned at 9:39.

# TRUMBULL PUBLIC SCHOOLS NEW TEXT REVIEW/APPROVAL PROCESS

**Date Submitted:** 9/1/2023

**Title of Text:** School Connect 4.0

**Authors:** Julia Douglas, Kathy Beland & R. Keith Matheny

**Publisher:** School Connect

**Year Published:** 2023

**ISBN Number:** n/a

**Core<sup>1</sup> or Supplemental:** Core

**Course:** Group Seminar (9th grade version)

**Grade Level:** 9 and 10

**(If applicable) Replaces text:** 2019 Version

## **Rationale for adopting new text:**

The content not only has been updated, but expanded for greater capacity beyond 9<sup>th</sup> grade such as for those students in 10<sup>th</sup> grade or above who may need further skill development in academic and social endeavors. Moreover, it is completely digitized to allow for greater flexibility and capacity with delivery both in the classroom, remotely for homework and when students need to get caught up due to missed classes. Lastly, this version provides a new feature for ongoing training and professional development eliminating the previous barriers of cost and access. The company will allow the committee to access the curriculum on Sept 20<sup>th</sup> and 21<sup>st</sup> at the following address: URL: <https://school-connect.net/access-code/TMFA-UFQW-TGKG>

## **Text Description:**

In transitioning from elementary school to middle school and then high school, adolescents encounter increasingly larger student bodies, a more impersonal environments, increased academic rigor, higher expectations, and fewer emotional supports. Academic grades and discipline records directly impact students' post-high school options beginning in ninth grade. Not every student is prepared for these challenges and may fail thrive (National Scientific Council on the Developing Child, 2015).

Developing interpersonal skills (e.g., perspective-taking and problem-solving) and intrapersonal skills (e.g., emotional management and goal-setting) require consistent attention and rigor. Thus, it is essential to practice and apply them in their school environment, which can also be considered a 'work' environment. With so much riding on their school performance, it only makes sense for them to apply these skills to their academic work and their interactions with peers and teachers (Vallerand, R. J. Fortier, M. S., & Guay, F., 1997).

## September 21, 2023 – Board of Education Finance Committee Report

### Operating Budget (001):

- 1) The summary sheet states that the general fund finished the 2022-23 fiscal year with a balance of \$269,801.
- 2) The package includes both the “By Object” and “By Location” financial statements.
- 3) The presentation begins with four graphs: Total Budget, Salaries, Benefits, and Utilities which illustrate the cumulative spend as a percentage of the respective budget at year end.
  - a. Cumulative Total Board of Education Budget % by Month: 99.8%
    - i. In the past three years this has ranged from 99.2% => 99.9%.
  - b. Salaries (which are approximately 66.6% of the budget): 98.2%
    - i. In the past three years this has ranged from 98.3% => 99.7%.
  - c. Benefits (which are 17.2% of the budget) spent: 99.9%
    - i. In the past three years this has ranged from 98.7% => 100.5%.
    - ii. Salaries and benefits make up 83.8% of the budget.
      1. At June 30<sup>th</sup> fiscal year end, the District had spent 98.5% of the combined budgets.
      2. The range over the past three years has been 98.5% => 99.6%.
  - d. Utilities (Electricity + Water) spent YTD = 97.5% of budget.
    - i. Last three years: 90.9% => 132.2%
- 4) There are a few items I would like to point out under the objects below (please refer both to the two-page summary and the fifteen-page detailed general fund object and location financials in the package). Reviewing the standard nine budget objects for June and their available balance:

  - b. **Employee Benefits:** \$23,875 which is a \$4,435 decrease from 28,310 last month.
    - i. This slight change is attributable to an increase in health insurance available balance which was offset by an increase in FICA expense.
  - c. **Purchased Professional Services:** -\$132,358, a \$5,496 change from -\$137,854 last month. The month-to-month change is due to the following:
