Subject: Public Complaints and Grievances

It is the desire of the Board to rectify any misunderstandings between the public and the School District by direct discussions of informal type among the interested parties. Only when such informal meetings fail to resolve the differences shall more formal procedures be employed.

Any requests, suggestions, or unresolved informal complaints or grievances reaching the Board, Board members, and the Administration shall be referred to the Superintendent for consideration and referral to the Board.

The Superintendent shall prepare procedures for equitable review of all such matters, including a formal meeting with the Board.
