HIV NEWS

Thousands of people were infected with hepatitis C and HIV from contaminated blood they were given in the 1970s and 80s, one man was said he was extremely surprised when he was told he had only a year to live after being diagnosed with HIV. About 5,000 people with haemophilia, were infected when they were given blood products to help their blood clot. More than 2,000 humans are already thought to have died.

SOFTBALL

Softball is sadly coming to an end. They have two games left until playoffs. The Lady Diamondback's are hoping to make it to state since they've been doing so well this season. If they win these two upcoming games and play well in playoffs they would be 2nd in the league, which is totally awesome. Our senior night was on Friday, April 26th, we had to honor our seniors since it was their last game ever playing here at home. I asked Lailani Haro, one of our seniors, "Is it hard to process the thought that it's your last game here at home?" She said, "It didn't feel like it was my official last game, but within these few games it definitely will hit me."

BASEBALL

The baseball team is currently in second place in our division tied with Indian Springs. They have a game this Friday against Indian Springs. If they win both games they will go to playoffs. I interviewed Jorge Hermosillo about his thoughts on the season so far. This is what he said, "I think we have done pretty bad." Then I went on to ask why. He said "we only do baseball to pass the time. Our coach is not strict with us and people on our team don't take it serious." Next I interviewed Brandon. He said, "We had a lot of potential at the beginning of the season but a lot of people don't show up to practice and don't take it serious." My next question was: Do you think you can make it into the playoffs? Brandon said, "I think we can if everyone starts showing up to practice and putting effort in."

Christy Lindberg

Christy is our incredible computer teacher. Mrs. Lindberg is married with four kids, two step-sons and two daughters. She lives here in Beaver Dam because she likes that nobody is around.

Mrs. Lindberg also likes the fact that her children are around family. She has been teaching for 29 years and has only taught here for 1 year.

Thought of the Month

"IT IS DIFFICULT TO SAY WHAT IS IMPOSSIBLE, FOR THE DREAM OF YESTERDAY IS THE HOPE OF TODAY AND THE REALITY OF TOMORROW."

ROBERT H. SCHULLER

BY: LAILANI HARO

Monthly Horoscope

Aries (Mar 21- Apr 19)

"Do you have the money to do what you really want in life, Aries? The new moon on the 4th is in your second house of finances, making you question what else you can be doing to earn more cold, hard cash. Then, the full moon on the 18th makes you ready to learn a new skill (which, oh hey, could help you earn more \$\$\$).

Taurus (Apr 20 - May 20)

"You're ready for a fresh start, Taurus, and the universe is here. for. it. The new moon on the 4th underscores how great new beginnings can be for you, even if it's just taking a new class at your gym. Plus, the full moon on the 18th helps you break out of your usual a little more.

Gemini (May 21 - Jun 20)

"You're ready to get away and just ~chill~, Gemini, thanks to several planets moving through your solar house of retreat. That doesn't mean you'll get the R&R you're craving, though. Mars and Venus are moving through your house of friendships, making friends a constant in your life.

Cancer (Jun 21 - Jul 20)

"You're all about your friends this month, thanks to the new moon on the 4th in your house of friendship. You'll meet some new and interesting people who will join your inner circle and love spending time with your old pals, too.

Leo (Jul 23- Aug 22)

"You know you're amazing, Leo, but does the world understand all that you have to offer? The new moon on the 4th is in your house of career and standing in life, making you wonder whether you're ****truly**** being appreciated for who you are.

Virgo (Aug 23- Sep 22)

"Things are just flowing for you, Virgo, and it's all thanks to the new moon on the 4th. That stirs up a seriously nice energy that just makes life easy and fun for you. The full moon on the 18th makes you ready to get things done in life, so you can kick back and have fun later.

Libra (Sep 23-Oct 22)

"You're all about your career this month, Libra. Mars, the planet of action, urges you to put more energy and effort into your job. You know what you want to do—but can you achieve it where you are right now, or is it time to look for a new gig?

Scorpio (Oct 23- Nov 21)

"You're ready to make things happen, Scorpio, and it's all thanks to Venus being in a sector of your chart about everyday life, health, and work. You'll finally be ready to get in shape, clean out your closet, and jumpstart that new work project you've been pushing off.

Sagittarius (Nov 22- Dec 21)

"Time for a new routine, Sag? The universe certainly thinks so. The new moon on the 4th is in a sector of your chart about routine, urging to try something different. Maybe it's time for a new exercise program, or to develop a new hobby. Plus, you'll meet tons of new people by expanding your horizons.

Capricorn (Dec 22- Jan19)

"Things are just happening for you, Capricorn. And it's all thanks to the new moon on the 4th, which makes things ~flow~. Venus is in a sector of your chart about home, so expect to spend some serious time and energy on your place.

Aquarius (Jan 20- Feb 18)

"You start out this month with the new moon in Taurus on 4th in your solar house of home and family. You'll be all about meeting up with family—or people who feel like family—and just enjoying being around them.

Pisces (Feb 19- Mar 20)

"The new moon on the 4th is in your house of communication, making it a great time to speak your mind. You'll also find yourself reaching out to old friends you haven't talked to in years.

Male Junior High Athlete

Steven Garlick, a seventh grader, received athlete of the month for both March and May. Steven says he thinks he received the award because he's very athletic and puts in a lot of effort. He also said he looks up to Omar Plancarte because Omar is better at basketball than him.

Female Junior High Athlete

Angelica Gomez, who is also an eighth grader, received the award for the month of May. She says her favorite sport is basketball and she looks up to her grandma because she's worked really hard with very little to start with.

By: Taylor Reed

High School Female Athlete of the Month

The athlete of the month for May is Kynnedie Ellingford. She is currently playing softball and has been playing for 4 years. Her favorite part of softball is playing games and being with her friends. Her advice for the young softball players is work hard and be determined, her plan after high school is attend college, and work towards a nursing degree.

By: Monica Rodriguez

High School Male Athlete Of The Month

The athlete of the month for May is Bryan Martinez. He is currently eighteen years old. Bryan has been playing baseball for four years now. Bryan's favorite part about baseball is doing his job and coming together as a team to secure the win. Bryan plays as pitcher and shortstop. I asked Bryan, "Do you have any advice for young athletes?" He said, "Young athletes just need to work on getting their arm stronger, always going to practice and putting in work". After high school Bryan is working on A/C and opening a business.

WHO AM I?

I am a Freshman, I look very pale except when I walk in from outside I have rosy cheeks. I walk around with my friend, holding my tablet. If I do not have my tablet then I have a small little black phone in my hand. During lunch time I sit in the common area but before lunch finishes I sit against the wall closest to the gym.

April Who Am I: Caleb Mace.

By: Elizabeth Zaldana

Junior High Student of the Month

The **Female winner** of **May** is **Arabelley Castillo**,

When asked if she thought she deserved winning student of the month she said, “Yes, because I work hard.” In her free time she likes to hang out with friends, and is the only child in her family. Her favorite subject in school is math and when asked if she liked school she said, “No.”

The **Male winner** of **May** is **Ben Stones**.

When asked if he thought he deserved winning student of the month he said, “Yes, because he does well in school and gets good grades.” In his free time he likes to read, and was born Nov 3, 2004. His favorite subject in school is math.

By: Audrie Okobia
