**Subject: Insurance**

The objective of the Board of Education is to obtain the best possible insurance at the lowest possible cost, and to seek advice from an Insurance Appraisal Service to determine that adequate coverage is being provided regarding fire, boiler, general liability, bus, and student accident insurance.

The Board shall carry insurance to protect the District’s real and personal property against loss or damage. This property shall include School buildings, equipment, and the contents of such buildings, school grounds, and automobiles.

The Board will also purchase liability insurance to pay damages assessed against Board members and District employees acting in the discharge of their respective duties, within the scope of their employment and under the direction of the Board.

All insurance policies shall be kept in a fireproof depository along with an inventory of the contents of the building. The Superintendent may review the District’s insurance program annually and make recommendations to the Board if more suitable coverage is required.
