

Dear Parents and Guardians,

I am pleased to share some good news at this special time of the year. The GIANT Company is partnering with Lower Moreland to help support children in the school district facing food insecurity.

Beginning January 1 through February 28, 2022, anyone shopping at GIANT, MARTIN'S, or GIANT Heirloom Market stores will be invited to "ROUND UP AT THE REGISTER" their grocery purchase by donating to the program. The GIANT Company will also include CHOICE Rewards points that are converted to grocery dollars.

**The GIANT Company will directly support customer's generosity with an additional \$250,000 donation for local school food and meal programs!**

Please spread the word to ensure the program is a great success. From groceries to families in need, snacks, to clearing a delinquent lunch account, the funds will provide support for children dealing with food insecurity.

The district looks forward to partnering with The GIANT Company in the fight against childhood hunger.

Thank you for your support,

Logan Myers  
Food Service Director  
The Nutrition Group at Lower Moreland
