

Principal Update 9/22/23

International Community School •  Jacob Hendrickson • hace 4 días • Friday, Sep 22 at 4:00 PM • **International Community School**

We had our club fair this week during homeroom. All students had the opportunity to engage with leaders in each of these clubs and find out more about them. Our ASB group even created a **lip dub** about it. One of the most important aspects of student life at ICS are extracurricular activities. While we may not have athletics, we sure have clubs. The wide range of clubs at ICS afford students the opportunities to explore their passions outside of the classroom. While MS is the time to explore, HS is the time to begin to stretch their leadership skills to make a difference in our school and outside communities. In HS, students often believe that they should be involved with a multitude of clubs. The reality is that their greater impact is involvement in fewer clubs while making greater contributions and taking an active role in leadership. Students that follow this advice are more likely to see the meaningful impact of their work in the support of others and be recognized for this in the college admissions process near the end of their time at ICS. Have a conversation with your son or daughter this weekend and ask them about the club fair and what interests them.

Have a wonderful weekend with your families!
