### The Truman Title I Parent/Teacher/Student/School/Administration Compact

This compact has been developed with the parents and spells out the responsibilities of all of the parties that will assure that all children reach their potential. A copy of the compact is on the back of this Policy for easy access. Another copy will be given to your student to be signed by you and will be kept at the school as a reminder of your family's commitment to education. This compact is updated each year, based on your input.
