## Accreditation and Membership

## School Calendar

The school operates a 180-day calendar, running from mid-August to mid-June. The school year is divided into three terms.

## Curriculum

The British Secondary and High School (BSHS) comprises four year groups: Year 10 to Year 13 (H1, H2, H3, H4).

Students start with the IGCSE programme and progress to complete the IB Diploma Programme or the IB Career-related Programme. H3 (Year 13) is our first intake year of the Career-related Programme.

The medium of instruction at BSHS is English.

## Grading

We do not rank our students or calculate grade point averages.

IGCSE and IB grades reflect current attainment on the overall programme grading criteria.

Courses conclude with externally assessed examinations.

## School and Community

Taipei European School (TES) is an independent, co-educational day school, which was formed through the amalgamation of The Taipei British School (TBS), Ecole Française de Taipei (EFT) and Deutsche Schule Taipei (DST).

It now operates as a single European entity through a non-profit making Foundation.

TES is home to approximately 1800 students from 50 different nationalities. The BSHS has around 620 students in total.

12 Maximum University Application Policy - TES has adopted a 12 university application cap policy this year. This is to ensure that students make a conscientious and deliberate decision when finalising their university list.

Positive Education and Grow Model

The wellbeing of our students is something that the BSHS takes very seriously. The Core programme is designed with the wellbeing of the students at its heart. The 'Five Ways to Wellbeing' of Connect, Be Active, Take Notice, Keep Learning and Give combined with the School Values of Respect, Perseverance, Creativity, Responsibility and Participation create the foundation for all that is done in the Core lessons.

In Core lessons students learn how to cultivate their own personal wellbeing, character strengths and mental toughness through an evidence based, research driven Positive Education curriculum. The Positive Education movement which underpins the school's wellbeing strategy has shown that by adopting the five-step PERMA model (Positive Emotions, Engagement, Relationships, Meaning & Purpose, Accomplishment), students will achieve improved wellbeing, as well as improved academic results.

Taipei European School Summer Experiential Learning Programme (SELP)

This is a voluntary internship programme targeted at H3 students (age 17-18 years old). Students who wish to participate in the SELP programme must go through an interview process and complete ongoing reflections as part of their learning.

The SELP programme lasts between four and six weeks and is completed during the summer holiday. Through SELP, our students gain practical experience of a workplace environment. The programme is an opportunity for the students to explore a particular interest, develop new skills and learn more about themselves, as well as gain insight into future possible careers.

Student Leadership

This is an intentional programme designed to develop future leaders, empower student voice and increase participation across the whole schole. There are a number of appointed student leadership positions that students are invited to apply for, depending on their year level and relevant experiences. These include positions on the Student Council, Sports Leaders, Music Leaders, Peer Mentors and House Captains. Students are given regular opportunities at the start of high school to participate in leadership skills development.

Co-Curricular Activities (CCAs)

TES offers a wide variety of co-curricular activities in sports, performing arts, clubs and societies. Our CCA programme is intended to complement the educational experience in the classroom, and provide students with a balance of academic, social, competitive, performance, and leadership opportunities; such as Vex Robotics, Sporting, Music Ensembles, International Award, Model United Nations, Chinese Calligraphy and The Crest Award.

IGCSE Curriculum and Results

H1 and H2 students (Year 10 and Year 11) complete a two-year intermediate course which culminates in the International General Certificate of Secondary Education (IGCSE). All students are required to take the following core subjects:

English | Mathematics | Sciences | Languages

In addition to the core subjects, students can take the following optional subjects: World Literature, Chinese, German, French, Spanish, Physics, Chemistry, Biology, History, Geography, Business Studies, Economics, Global Perspectives, Computer Science, Art & Design, Drama, Music, and Physical Education.

International Baccalaureate Curriculum and Results

H3 and H4 students (Years 12 and Year 13) complete a two-year International Baccalaureate programme, the Diploma Programme or Career-related Programme.

Diploma Programme students take six subjects, three of which are at Higher Level and three of which are at Standard Level. Career-related Programme students complete a course in conjunction with one of our university partners in addition to two, three or four Diploma subjects.
