Listen to your teacher read the clues. Color the shapes.

Clues:

1. I'm holding a shape that is round and smooth. I don't feel anything flat or sharp.
2. I'm holding a shape that has a flat circle on the bottom. It has a point on the top.
3. I'm holding a shape that has lots of flat squares. There are lots of pointy corners. It feels like a box.
4. I'm holding a shape that has two flat circles, one on the top and one on the bottom. It is round in the middle.

numeral cards

numeral cards

Note: These shapes are provided as cards for easy cutting. However, students should have experience with concrete shapes as well. Teachers may wish to use pattern blocks and cutouts of shapes from construction paper. When preparing shapes, always be sure to include exemplars (like those pictured in the top row) and variants (like the triangles and rectangles in the bottom two rows).
