

THE ALTAMONT DIFFERENCE

BE YOURSELF

Altamont's mission is to improve the fabric of society by graduating compassionate, well-educated individuals capable of independent thinking and innovative ideas.

We accomplish this by offering a big school program in a small school environment, and by welcoming students for who they are.

Through our core values, curriculum, and activities,
we emphasize the importance of respecting and understanding the cultural, religious, intellectual and social differences that enrich our community.

BE
CHALLENGED

The Altamont School is one of the nation’s premiere independent schools for students in grades 5-12. For 50 years, our honors-level academic programs, leadership education, athletic opportunities and personalized college counseling have given students outstanding preparation for higher education and professional calling.

BE INVOLVED

Altamont students participate in all aspects of student life, including academic clubs and teams, community leadership, athletics and the arts. Opportunity, encouragement and support allow students to discover their interests and talents in a way that not only develops essential academic skills, but also promotes personal growth and overall well-being.

The C. Kyser Miree Ethical Leadership Center helps students in all grades find their unique expressions of community leadership.

Every October, Altamont students leave campus for Fall Project Week. They travel the city, state and nation participating in a variety of experiential learning, community-building and college visit activities.

BE SUPPORTED

Students meet with their **Faculty Advisors** every day to ensure everyone remains informed, engaged and successful. Altamont's Student Support Team meets weekly to identify and assist students and families who need additional support.

Altamont's College Counseling Office helps students identify and research higher education options, directs academic advising and course selection, hosts college application workshops for students and parents, leads a weeklong college tour for juniors, and hosts more than 65 college representatives at Altamont each year.

The Student Assistance Counseling Office maintains extensive resources to support student mental health, including two full-time counselors, a learning specialist, individual meetings, guides to difficult conversations, and a parent/counselor book club.

TAILORED TUITION

At Altamont, basic tuition covers many things that are additional costs at other schools, including extended care from 7:15 a.m. to 4:50 p.m., healthy lunches, yearbook, and more. But, we understand that the cost of an exceptional independent school education requires a financial commitment from your family. With Tailored Tuition, an Altamont education is more affordable than you might think. **Approximately 38% of our current families pay reduced tuition.**

Tailored Tuition takes into account each family's unique income and expense portfolio and adjusts tuition accordingly. Applicants submit information for a confidential financial assessment. Following that analysis, a tuition recommendation is made and reviewed by our admissions team.

Our goal is to put an Altamont education within reach of all families who want exceptional academic and extracurricular opportunities for their children.
