Re: Board Notification of Expulsions in 2022– 2023 School Year

The law requires each school to prepare and submit to the State Superintendent, a report stating the number of pupils expelled from the academy during the immediately preceding school year, with a brief description of the incident causing each expulsion.

In anticipation of this report submission, this memorandum provided notice to the Board of any incidents that led to expulsions at **Old Redford Academy**.

***12 students were expelled for Gang Related Fights.
1 student was expelled for Drug Possession/Sale/Use***
