2022-23 Phase One: Continuous Improvement Diagnostic for Schools	3
--	---

2022-23 Phase One: Continuous Improvement Diagnostic for Schools

The **Comprehensive School Improvement Plan or CSIP** is defined as a *plan developed by the school council, or successor, and charter schools with the input of parents, faculty, and staff, based on a review of relevant data that includes targets, strategies, activities, and a time schedule to support student achievement and student growth, and to eliminate gaps among groups of students.*

The comprehensive school and district improvement plan process is outlined in 703 KAR 5:225. The requirements included in the administrative regulation are key components of the continuous improvement process in Kentucky and ultimately fulfillment of school, district, and state goals under the Kentucky State Plan as required by the Every Student Succeeds Act (ESSA).

While the regulation outlines a timeline for compliance purposes, the plan itself is a strategic and proven approach to improve processes and to ensure students achieve. The timeline for the school's 2022-23 diagnostics is as follows:

Phase One: August 1 - October 1

- Continuous Improvement Diagnostic for Schools
- School Safety Report
- Executive Summary for Schools

Phase Two: October 1 - November 1

- The Needs Assessment for Schools
- School Assurances

Phase Three: November 1 - January 1

- Comprehensive School Improvement Plan

Phase Four: January 1 - December 31

- Professional Development Plan for Schools (Due May 1)
- Progress Monitoring

As principal of the school, I hereby commit to implementing continuous improvement processes with fidelity to support student achievement and student growth and to eliminate achievement gaps among groups of students. I also assure that the comprehensive school improvement plan is developed by the school council, (where applicable) with the input of parents, faculty, and staff.

Please enter your name and date below to certify.

<u>2022-23 Phase One: Executive Summary for Schools</u>	<u>3</u>
---	----------

2022-23 Phase One: Executive Summary for Schools

Description of the School

Describe the school's size, community/communities, location, and changes it has experienced in the last three years. Include demographic information about the students, staff, and community at large. What unique features and challenges are associated with the community/communities the school serves?

Russell County High school is located in Russell County Kentucky in the south central part of the state. Russell County has a population of approximately 17,000 made up of predominately white race/ethnic background. Russell County High School is the only school in the district/county and serves grades 9-12. The school currently serves approximately 865 students. There is significant unemployment rate in the community which has an impact on our school. Many of the students that attend Russell County High School come from homes with families living below the poverty line. Over the last ten years, the local community has seen much economic decline and this has changed the needs of our student population.

School's Purpose

Provide the school's purpose statement and ancillary content such as mission, vision, values, and/or beliefs. Describe how the school embodies its purpose through its program offerings and expectations for students.

"The mission of Russell County High School is to provide students with the opportunity to develop critical thinking and problem solving skills in order to become self-sufficient, responsible members of society. The RCHS faculty and staff recognize that all students have the ability to learn, and our role is to help them apply knowledge from various subject matter fields to real-life experiences and to show them the necessity of becoming life-long learners. We vow to strive to fulfill our mission, fight regress, and live up to our motto: Forward ever, Backward Never." Russell County High School exemplifies its commitment to its vision in a variety of ways. At the forefront of everything, is ability to grow and learn and gladly take on the task of working to personalize learning to meet the needs of each child. Most recently our focus is to meet students and their point of need wherever that may be. For many of our students it's personalizing their learning so that they can take advantage of the man dual credit offerings we currently have for our students. For some of our students it is the provision of the Laker Success Academy, which provides alternate scheduling options for students that have life issues or barriers that prevent them from succeeding in the traditional classroom. For others it is the commitment to offering many different career and technical courses both in house and at the local area technology center to help them acquire the skills necessary to be successful after graduation. In short, Russell County High School has dismissed the mindset that a "one-size fits all" model for education. We are committed to being innovative and working to meet every child's educational needs.

Notable Achievements and Areas of Improvement

Describe the school's notable achievements and areas of improvement in the last three years. Additionally, describe areas for improvement that the school is striving to achieve in the next three years.

Russell County High School has a history of success in all aspects of the school. Whether it be in the area of academics, athletics, or extra-curricular activities, the school has collected many accolades over the years. With transition in the overall accountability, several measures used were different than in recent years and therefore made comparisons difficult. However, the overall novice reduction for ALL students is a notable improvement for our school. Our novice reduction for students with disabilities continues to be a primary concern. There are several reasons to celebrate both academically and non-academically. Highlights from the school year include: the graduation and transition readiness scores are well above the state average and maintain a consistent priority and celebration for RCHS. We celebrate school spirit for outstanding achievements in all areas of our school. The Laker athletic program had success in several areas including district wins and regional contenders. The Lady Laker Volleyball team was the District runner-up and proceeded onto the regional tournament. The Laker Boys golf team had a regional winner while the Lady Laker golf team had two qualifiers for state. The bowling and bass fishing teams both had state qualifiers. Our softball and baseball teams were both district winners and competed in the regional tournament at Western Kentucky University. Also our swim team, track team, and boys tennis team were district winners and/or regional runner up. Our NJROTC cadets completed 1644 hours of Community Service and 5 cadets completed NJRTOC Leadership Academy. We also had a GSA student for Drama and a second round applicant for GSA art. The Russell County Band won Grand Champion in two competitions last year as well as 2nd place in the KMEA State Finals. Several students were selected to the All-District Honors Band eight students made it to All-State Tryouts. These are but a few highlights from the Russell County High School Lakers.

Additional Information

CSI/TSI (including ATSI) Schools Only: Describe the procedures used to create the school's improvement plan and briefly state the specific efforts to address the causes of low student performance and resource inequities.

NA

Additional Information

Provide any additional information you would like to share with the public and community that were not prompted in the previous sections.

2022-23 Phase One: School Safety Report	3
---	---

2022-23 Phase One: School Safety Report

School Safety Report

Pursuant to KRS 158.162, the local board of education shall require the school council or, if none exists, the principal in each school to adopt an emergency plan that must be utilized in case of fire, severe weather, earthquake, or a building lockdown and that: establishes evacuation routes; identifies the best available severe weather zones; develops earthquake protocols for students; and, develops and adheres to practices controlling access to the school building. The emergency plan shall be annually reviewed by the council, principal, and first responders and revised as needed.

In addition to the emergency plan requirements in KRS 158.162, KRS 158.164 requires the local board of education to direct the school council or, if none exists, the principal in each school to establish procedures to perform a building lockdown and to invite local law enforcement to assist in establishing lockdown procedures.

KRS 158.162 also requires the emergency plan be discussed with all school staff prior to the first instructional day of the school year and provided, along with a diagram of the facility, to appropriate first responders. Further, the principal in each school shall conduct, at a minimum, the following emergency response drills within the first 30 instructional days of the school year and again during the month of January: one severe weather drill, one earthquake drill, and one lockdown drill. In addition, required fire drills shall be conducted according to administrative regulations promulgated by the Department of Housing, Buildings and Construction.

Questions Related to the Adoption and Implementation of the Emergency Plan

1. Has the school council or, where applicable, principal adopted an emergency plan in accordance with local board policy and in compliance with the specifications in KRS 158.162(3) and is a copy maintained on file in the school office?

If the answer is "no", please explain in the comment box. Please note that Senate Bill 1 (2019) and Senate Bill 8 (2020) amended KRS 158.162(3)(d) to require, for example, classroom doors remain closed and locked during instructional time (with limited exceptions) as well as classroom doors with windows be equipped with material to quickly cover the window during a building lockdown. Schools are encouraged to comply with these changes as soon as practicable but, if needed, have until July 1, 2022 to fully implement. Accordingly, failure to comply with KRS 158.162(3)(d), as amended, shall be reported for the 2022-2023 school year and each year thereafter.

Yes

2. Has the school provided local first responders with a copy of the school's emergency plan along with a diagram of the school as required by KRS 158.162(2)(b)?

If the answer is "no", please explain in the comment box.

Yes

3. Has the school posted primary and secondary evacuation routes in each room by any doorway used for evacuation as required by KRS 158.162(3)(a)?

If the answer is "no", please explain in the comment box.

Yes

4. Has the school posted the location of severe weather safe zones in each room as required by KRS 158.162(3)(b)?

If the answer is "no", please explain in the comment box.

Yes

5. Have practices for students to follow during an earthquake been developed as required by KRS 158.162(3)(c) and is a copy maintained on file in the school office?

If the answer is "no", please explain in the comment box.

Yes

6. Are practices in place to control access to the school building, including but not limited to controlling outside access to exterior doors during the school day; controlling the main entrance of the school with electronically locking doors, a camera, and an intercom system; controlling access to individual classrooms; requiring classroom doors to remain closed and locked during instructional time (with limited exceptions outlined in statute); requiring classroom doors with windows to be equipped with material to quickly cover the windows during a lockdown; requiring all visitors to report to the front office of the building, provide valid identification, and state the purpose of the visit; and providing a visitor's badge to be visibly displayed on a visitor's outer garment as required by KRS 158.162(3)(d)?

If the answer is "no", please explain in the comment box.

Yes

7. Was the school's emergency plan reviewed following the end of the prior school year by the school council, principal, and first responders and revised as needed as required

by KRS 158.162(2)(c) and is a copy maintained in the school office?

Please provide the most recent date of review/revision of the school's emergency plan in the comment box. If the answer is "no", please explain in the comment box.

Yes

8. Did the principal discuss the emergency plan with **all** school staff prior to the first instructional day of the current school year and appropriately document the time and date of such discussion as required by KRS 158.162(2)(d)?

Please provide the date the school completed this discussion in the comment box. If the answer is "no", please explain in the comment box.

Yes

9. During the first 30 instructional days of the current school year, did the principal conduct at least one severe weather drill, one earthquake drill, and one lockdown drill as required by KRS 158.162(5) and are the drills maintained in the appropriate drill log for the given school year?

If the answer is "no", please explain in the comment box.

Yes

10. During the month of January during the prior school year, did the principal conduct at least one severe weather drill, one earthquake drill, and one lockdown drill as required by KRS 158.162(5) and is a copy maintained on file in the school office?

If the answer is "no", please explain in the comment box.

Yes

11. Over the immediately preceding twelve months, did the principal conduct fire drills in accordance with administrative regulations promulgated by the Department of Housing, Buildings and Construction as required by KRS 158.162(5)?

If the school did NOT meet the requirement, respond "no" and please explain further in the comment box.

Yes

2022-23 Phase Two: The Needs Assessment for Schools	3
Attachment Summary	7

2022-23 Phase Two: The Needs Assessment for Schools

Understanding Continuous Improvement: The Needs Assessment for Schools

The Needs Assessment Diagnostic will facilitate the use of multiple sources of data to determine the current reality and establish a foundation for decision-making around school goals and strategies. Once completed, the diagnostic will lead to priorities to be addressed in the comprehensive school improvement plan to build staff capacity and increase student achievement. The needs assessment is to be conducted annually as an essential part of the continuous improvement process and precedes the development of strategic goals (i.e. desired state).

While the focus of continuous improvement is student performance, the work must be guided by the aspects of teaching and learning that affect performance. An effective improvement process should address the contributing factors creating the learning environment (inputs) and the performance data (outcomes).

The needs assessment provides the framework for all schools to clearly and honestly identify their most critical areas for improvement that will be addressed later in the planning process through the development of goals, objectives, strategies and activities. 703 KAR 2:225 requires, as part of continuous improvement planning for schools, each school to complete the needs assessment between October 1 and November 1 of each year and include: (1) a description of the data reviewed and the process used to develop the needs assessment; (2) a review of the previous plan and its implementation to inform development of the new plan; and, (3) perception data gathered from the administration of a valid and reliable measure of teaching and learning conditions.

Protocol

1. Clearly detail the process used for reviewing, analyzing and applying data results to determine the priorities from this year's needs assessment. Include names of school councils, leadership teams and stakeholder groups involved, a timeline of the process, the specific data reviewed, and how the meetings are documented.

Initially when the data was released to the school level, school leadership analyzed results for the school. Then, upon school level release, the school leadership met with PLC groups and provided teachers with an overview of all areas of accountability information and reporting status. The district used a built-in planning day for teachers to analyze data and developed an overall school plan and provide strategies for improvement. The teams identified strengths and weaknesses in each department and devised specific targets to develop strategies both within the departments and the school as a whole. The process involved teachers, leadership staff, administration, counselors, both guidance and college and career to implement the school-wide strategies for improvement. Teachers, staff, and admin will meet monthly to monitor progress and improvement details.

Review of Previous Plan

2. Summarize the implementation of the goals, objectives, strategies and activities from the previous year's Comprehensive School Improvement Plan (CSIP). What was successful? How does it inform this year's plan?

During the 2022-23 school year, several significant changes occurred one being the benefit of "Flex Friday's". Teachers could re-teach material taught during the week and individualize instruction for students needing tier 1 RTI. An instructional coach was also hired for the high school to focus on non-tenured teachers, curriculum mapping, MAP analysis and PLC data and progress. A RTI teacher was also hired to target struggling students and help individualize instruction for students.

Trends

3. Analyzing data trends from the previous two academic years, which academic, cultural and behavioral measures remain significant areas for improvement?

Example of Trends

- The number of behavior referrals increased from 204 in 2020-21 to 288 in 2021-22.
- From 2020 to 2022, the school saw an 11% increase in novice scores in reading among students in the achievement gap.

When analyzing trends over the last several years, one trend continually needs improving. The trend data shows that students with disabilities continue to be our largest area of needed improvement. Students in the disability subgroup are consistently scoring below similar same age peers both in the district and state. The trend is consistent in all tested areas of accountability across the board. However, looking at non-academic indicators, the gap between free and reduced students and non free and reduced the gap has closed significantly. With this trend, students and teachers are spending more time in the classroom. According to the INPACT survey in 2022, teachers conveyed the concern of loss of instructional time and the time students spent out of class. The trend over the last 4 years has consistently improved with tenured leadership and the amount of time both students and teachers spend outside the classroom.

Current State

4. Plainly state the current condition of the school using precise numbers and percentages as revealed by multiple sources of outcome data. Cite the source of data used.

Example of Current Academic State:

- Thirty-four percent (34%) of students in the achievement gap scored proficient on Kentucky Summative Assessment (KSA) in reading.
- Fifty-four percent (54%) of our students scored proficient in math compared to the state average of 57%.

Example of Non-Academic Current State:

- Teacher attendance rate was 84% for the 2021-22 academic year.
- Survey results and perception data indicated 62% of the school's teachers received adequate professional development.

Teacher Attendance: Teacher attendance has remained relatively constant before COVID. The dip in attendance last year would appear to have been affected by COVID numbers consistent across the state. For 2021-22 teacher attendance remained relative strong. Disciplinary referrals have also remained constant over the last four years.

Priorities/Concerns

5. Clearly and concisely identify the greatest areas of weakness using precise numbers and percentages.

NOTE: These priorities will be thoroughly addressed in the Comprehensive School Improvement Plan (CSIP) diagnostic and template.

Example: Sixty-eight percent (68%) of students in the achievement gap scored below proficiency on the Kentucky Summative Assessment (KSA) in reading as opposed to just 12% of non-gap learners.

100% of gap students scored below proficiency in reading and math scores as opposed to 37% of non gap students in reading and 23% of non gap students in math. Areas of concern for RCHS continue to be the academic performance among our students identified in our gap groups. The specific gap group populations that RCHS identified as areas of concern are as follows: Students with disabilities in reading and math and overall novice reduction for all students. The focus for 22-23 is to reduce novice by 6% in reading and increase P/D for students with disabilities.

Strengths/Leverages

6. Plainly state, using precise numbers and percentages revealed by current data, the strengths and leverages of the school. Explain how they may be utilized to improve areas of concern listed above.

Example: Reading achievement has increased from 37% proficient to its current rate of 58%. The systems of support we implemented for reading can be adapted to address our low performance in math.

As a school, RCHS has many areas that could be considered strengths, but there are two areas that consistently exhibit growth and maintain well above the state average. One area is graduation rate. RCHS has a graduation rate of 94.3% The other is post-secondary readiness. While the state average is 66.8% RCHS has a percentage of 94.3%. There are several reasons for these high achievements one being the Laker Success Academy. The academy is designed to individualize instruction to students who are at risk of dropping out of high school. The flexible hours and on-line classes are tailored to individual needs. The other important factor is our college and career readiness counselor. She uses every opportunity to

help students become work ready by allowing them access to businesses, colleges, and many other sources.

Evaluate the Teaching and Learning Environment

7. Consider the processes, practices and conditions evident in the teaching and learning environment as identified in the six Key Core Work Processes outlined below:

KCWP 1: Design and Deploy Standards

KCWP 2: Design and Deliver Instruction

KCWP 3: Design and Deliver Assessment Literacy

KCWP 4: Review, Analyze and Apply Data

KCWP 5: Design, Align and Deliver Support

KCWP 6: Establishing Learning Culture and Environment

Utilizing implementation data, perception data, and current policies and practices:

a. Complete the [Key Elements Template](#).

b. Upload your completed template in the attachment area below.

After analyzing the Key Elements of your teaching and learning environment, which processes, practices or conditions will the school focus its resources and efforts upon in order to produce the desired changes?

Note that all processes, practices and conditions can be linked to the six Key Core Work Processes.

NOTE: These elements will be thoroughly addressed in the Comprehensive School Improvement Plan (CSIP) diagnostic and template.

See attachment

Attachment Summary

Attachment Name	Description	Associated Item(s)
 Key Core Work Processes		.

- V. Complete the Key Elements Template below to determine which processes, practices or conditions your school will focus its resources and efforts upon in order to produce the desired changes.

Key Elements	Evidence
KCWP 1: Design and Deploy Standards What evidence is there that your school <u>continually assesses, reviews, and revises curricula</u> to support students' attainment of the knowledge, skills, and dispositions outlined in the Kentucky Academic Standards?	Curriculum Maps Standard Alignment
KCWP 2: Design and Deliver Instruction What evidence is there that your instruction is <u>highly effective, culturally responsive, evidence-based,</u> and provided to <u>all</u> students in the classroom?	Lesson Objectives MAP scores
KCWP 3: Design and Deliver Assessment Literacy What evidence is there that you have a <u>balanced assessment system,</u> including classroom assessment for student learning?	Common Assessments Collaboration
KCWP 4: Review, Analyze and Apply Data What evidence is there that you have an <u>established system for examining and interpreting all the data</u> that is in schools (e.g., formative, summative, benchmark, and interim assessment data) in order to determine priorities for individual student success?	Classworks PLC Summative Assessments
KCWP 5: Design, Align and Deliver Support What evidence is there that a system is in place to <u>monitor student data regularly</u> and to ensure a continuous improvement model that <u>monitors what is working</u> to support student learning?	Formative Assessments Mastery Prep
KCWP 6: Establishing Learning Culture and Environment What evidence is there that your school <u>creates, nurtures, and sustains a fair and caring learning community</u> in which all students have optimal opportunities for academic success?	Sources of Strength Monthly awarenesses

2022-23 Phase Two: School Assurances_10242022_09:23

2022-23 Phase Two: School Assurances

2022-23 Phase Two: School Assurances	3
--------------------------------------	---

2022-23 Phase Two: School Assurances

Introduction

Assurances are a required component of the improvement planning process (703 KAR 5:225). Please read each assurance carefully and indicate whether your school complies by selecting the appropriate response (Yes, No or N/A). If you wish to provide further information or clarify your response, space for comments is provided. Comments are optional. You may upload any supporting documentation as needed.

Federal Programs

1. If the school receives Title II, Part A funds, the school provides professional development for staff that is in accordance with the purpose of Title II, Part A of ESSA (job-embedded, evidence-based, sustainable, data-driven and classroom-focused); addresses the needs of all students; and, strives to ensure all students are transition ready as intended by Section 2103 of ESSA, which governs the local use of Title II, Part A funding.

☒ Yes

☐ No

☐ N/A

COMMENTS

2. The school ensures that the use of federal funding, including expenditures for certified or classified positions (e.g. counselors, nurses, media specialists, etc.), is reasonable and necessary in compliance with 2 CFR 200.403 and 200.405.

☒ Yes

☐ No

☐ N/A

COMMENTS

Title I Programs

3. The school distributes to parents and family members of participating children, or all children in a schoolwide program, a written parent and family engagement policy, which is agreed on by such parents, that describes the means for carrying out the requirements of ESSA Section 1116 (c) through (f). The school makes the policy available to the local community and updates it periodically to meet the changing needs of parents and the school. For reference, Section 1116(b) of ESSA allows existing parent and family engagement policies the school may have in place to be amended to meet the requirements under Title I, Part A.

☒ Yes

☐ No

☐ N/A

COMMENTS

4. The school convenes an annual meeting, at a convenient time, to which all parents of participating children, or all children in a schoolwide program, are invited and encouraged to attend, to inform parents of their school's participation in Title I, Part A and to explain the requirements of Title I, Part A, and the right of the parents to be involved, as required under Section 1116(c)(1).

☒ Yes

☐ No

☐ N/A

COMMENTS

5. The school offers a flexible number of meetings to parents, such as meetings in the morning or evening, and may provide, with funds provided under this part, transportation, child care, or home visits, as such services relate to parental involvement (ESSA Section 1116(c)(2)).

☒ Yes

☐ No

☐ N/A

COMMENTS

6. The school involves parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of programs under Title I, including the planning, review, and improvement of the school parent and family engagement policy and the joint development of the schoolwide program plan under section 1114(b), except that if a school has in place a process for involving parents in the joint planning and design of the school's programs, the school may use that process, if such process includes an adequate representation of parents of participating children (ESSA Section 1116 (c)(3)).

☒ Yes

☐ No

☐ N/A

COMMENTS

7. The school provides parents of participating children, or all children in a schoolwide

program—

A. timely information about programs under Title I;

B. a description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the achievement levels of the challenging state academic standards; and

C. if requested by parents, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children, and respond to any such suggestions as soon as practicably possible (ESSA Section 1116 (c)(4)).

☒ Yes

☐ No

☐ N/A

COMMENTS

8. The school jointly develops with parents for all children served under this part a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the state's high standards. The compact meets the requirements outlined in ESSA 1116(d)(1-2).

☒ Yes

☐ No

☐ N/A

COMMENTS

9. The school provides assistance to parents of children served by the school in understanding such topics as the challenging state academic standards, state and local academic assessments, the requirements of Title I, and how to monitor a child's progress and work with educators to improve the achievement of their children, as required by ESSA Section 1116(e)(1).

☒ Yes

☐ No

☐ N/A

COMMENTS

10. The school provides materials and training to help parents to work with their

children to improve their children's achievement, such as literacy training and using technology (including education about the harms of copyright piracy), as appropriate, to foster parental involvement, as required in ESSA Section 1116(e)(2).

☒ Yes

☐ No

☐ N/A

COMMENTS

11. The school educates teachers, specialized instructional support personnel, principals, and other school leaders, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school, as required in ESSA Section 1116(e)(3).

☒ Yes

☐ No

☐ N/A

COMMENTS

12. To the extent feasible and appropriate, the school coordinates and integrates parent involvement programs and activities with other federal, state, and local programs, including public preschool programs, and conducts other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children (ESSA Section 1116(e)(4)).

☒ Yes

☐ No

☐ N/A

COMMENTS

13. The school ensures that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children, or all children in a schoolwide program, in a format and, to the extent practicable, in a language the parents can understand, as required in ESSA Section 1116(e)(5).

☒ Yes

☐ No

☐ N/A

COMMENTS

14. To the extent practicable, the school provides opportunities for the informed participation of parents and family members (including parents and family members who have limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children), including providing information and school reports required under section 1111 in a format and, to the extent practicable, in a language parents understand (ESSA Section 1116(f)).

☒ Yes

☐ No

☐ N/A

COMMENTS

Title I Schoolwide Programs

15. If the school is implementing a schoolwide program, the school developed a comprehensive plan (the Comprehensive School Improvement Plan, or CSIP) during a 1-year period or qualifies for an exception under Section 1114(b)(1) of the Every Student Succeeds Act (ESSA).

☒ Yes

☐ No

☐ N/A

COMMENTS

16. If the school is implementing a schoolwide program, the school developed a comprehensive plan (CSIP) with the involvement of parents and other members of the community to be served as well as individuals who will carry out such plan (e.g. teachers, administrators, classified staff, etc.) as required by Section 1114(b)(2) of ESSA.

☒ Yes

☐ No

☐ N/A

COMMENTS

17. If the school is implementing a schoolwide program, the school developed a comprehensive plan (CSIP) that will remain in effect for the duration of the school's participation under Title I, Part A of ESSA as required by Section 1114(b)(3) of ESSA.

☒ Yes

☐ No

☐ N/A

COMMENTS

18. If the school is implementing a schoolwide program, the school developed a comprehensive plan (CSIP) that is available to district leadership, parents, and the public and in an understandable and uniform format as required by Section 1114(b)(4) of ESSA.

☒ Yes

☐ No

☐ N/A

COMMENTS

19. If the school is implementing a schoolwide program, the school developed a comprehensive plan (CSIP) that, to the extent appropriate and applicable, coordinates with other federal, state, and local programs, including but not limited to the implementation of improvement activities in schools identified for comprehensive or targeted support and improvement, as required by Section 1114(b)(5) of ESSA.

COMMENTS

20. If the school is implementing a schoolwide program, the school developed a comprehensive plan (CSIP) that is based on a comprehensive needs assessment, which included a review of academic achievement data, and includes, among other items, a description of the strategies the school will implement to address school needs as required by Section 1114(b)(6) of ESSA. The comprehensive needs assessment was developed with the participation of individuals who will carry out the schoolwide program plan, and the school documents how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results, as required by 34 CFR 200.26 (Code of Federal Regulations).

Attachment Summary	6

2022-23 Phase Three: Comprehensive School Improvement Plan

Rationale

School improvement efforts are a collaborative process involving multiple stakeholders. During the improvement planning process, leaders focus on priority needs, funding, and closing achievement gaps between identified subgroups of students. When implemented with fidelity, the Comprehensive School Improvement Plan (CSIP) cultivates an environment that promotes student growth and achievement.

While the focus of continuous improvement is student performance, the work must be guided by the aspects of teaching and learning that affect performance. An effective improvement process should address the contributing factors creating the learning environment (inputs) and the performance data (outcomes).

For those schools operating a Title I Schoolwide Program, this plan meets the requirements of Section 1114 of the Every Student Succeeds Act as well as state requirements under 703 KAR 5:225. **No separate Schoolwide Program Plan is required.**

Using the Comprehensive School Improvement Plan Template

The template is a complement to the Needs Assessment for Schools. Using your determined priorities, you will set both short- and long-term targets and outline the activities intended to produce the desired changes.

- a. Develop your Strategic Goals using the [Comprehensive School Improvement Plan Template](#).
- b. Upload your completed Comprehensive School Improvement Plan in the attachment area below.

Summarize the plan of action developed through your goal setting process.

Describe which objectives and strategies will be maintained and which will be added or modified to address current needs as outlined in your needs assessment diagnostic, especially those of any identified gap groups.

At Russell County High School our overall objectives are to increase proficiency in all areas, while reducing novice in all areas. The strategies we will maintain are consistent, intentional progress monitoring, using MAP results to "name and claim" students, and sharing successful interventions in PLCs for all teachers to implement. Classworks is a new tool being used in addition to map to progress-monitor and target students. Teachers and administration are using MAP to study the correlation between MAP scores and student achievement on state-mandated testing. The gap group with the most focus is students with disabilities, and we are implementing consistent progress-monitoring and one-on-one time with teachers for those students. Classroom teachers who have students with IEPs, 504s, and EL status will have intentional conversations with support staff concerning student strengths and weaknesses.

Operational Definitions

Goal: Long-term three- to five-year targets based on the five (5) required school level goals. Elementary/middle schools must have goals for proficiency, separate academic indicator, achievement gap, growth, and transition readiness. High schools must have goals for proficiency, separate academic indicator, achievement gap, graduation rate, and transition readiness. Long-term targets should be informed by the Needs Assessment for Schools.

Objective: Short-term target to be attained by the end of the current academic year. There can be multiple objectives for each goal.

Strategy: An approach to systematically address the process, practice, or condition that the school will focus its efforts upon, as identified in the Needs Assessment for Schools, in order to reach its goals or objectives. There can be multiple strategies for each objective. The strategy can be based upon Kentucky's six (6) Key Core Work Processes listed below or another established improvement approach (i.e. *Six Sigma*, *Shipley*, *Baldrige*, etc.).

Key Core Work Processes: A series of processes identified by the Kentucky Department of Education that involve the majority of an organization's workforce and relate to its core competencies. These are the factors that determine an organization's success and help it prioritize areas for growth.

[KCWP 1: Design and Deploy Standards](#)

[KCWP 2: Design and Deliver Instruction](#)

[KCWP 3: Design and Deliver Assessment Literacy](#)

[KCWP 4: Review, Analyze and Apply Data](#)

[KCWP 5: Design, Align and Deliver Support](#)

[KCWP 6: Establishing Learning Culture and Environment](#)

Activity: Actionable steps used to deploy the chosen strategy. There can be multiple activities for each strategy.

Measure of Success: Criteria that shows the impact of the work. The **measures** may be quantitative or qualitative but are observable in some way.

Progress Monitoring: Process used to assess the implementation of the plan, the rate of improvement, and the effectiveness of the plan. Should include timelines and responsible individuals.

Funding: Local, state, or federal funds/grants used to support (or needed to support) the improvement initiative. If your school is a recipient of Title I, Part A funds, your CSIP serves as your annual plan and should indicate how Title I funds are utilized to carry out the planned activities.

Requirements for Building an Improvement Plan

The required goals for elementary/middle schools include the following:

- State Assessment Results in reading and mathematics
- State Assessment Results in science, social studies and writing

- English Learner Progress
- Quality of School Climate and Safety
- Achievement Gap

The required goals for high schools include the following:

- State Assessment Results in reading and mathematics
- State Assessment Results in science, social studies and writing
- English Learner Progress
- Quality of School Climate and Safety
- Postsecondary Readiness (high school only)
- Graduation Rate (high school only)
- Achievement Gap

Comprehensive School Improvement Plan (CSIP)

Rationale

School improvement efforts are a collaborative process involving multiple stakeholders. Through the improvement planning process, leaders focus on priority needs, funding, and closing achievement gaps among identified subgroups of students. When implemented with fidelity, the Comprehensive School Improvement Plan (CSIP) cultivates an environment that promotes student growth and achievement.

While the focus of continuous improvement is student performance, the work must be guided by the aspects of teaching and learning that affect performance. An effective improvement process should address the contributing factors creating the learning environment (inputs) and the performance data (outcomes). Through the Needs Assessment for Schools, priorities were identified and processes, practices, and/or conditions were chosen for focus. This goal building template will assist your improvement team to address those priorities and outline your targets and the activities intended to produce the desired changes. Progress monitoring details will ensure that your plan is being reviewed regularly to determine the success of each strategy.

Please note that the objectives (short-term targets) set by your school under the Achievement Gap section of this planning template will be used by the district's superintendent to determine whether or not your school met its targets to reduce the gap in student achievement for any student group for two consecutive years as required by KRS 158.649. Likewise, operational definitions for each required planning component can be found on page 2 of the planning template.

For those schools operating a Title I Schoolwide Program, this plan meets the requirements of Section 1114 of the Every Student Succeeds Act as well as state requirements under 703 KAR 5:225. **No separate Schoolwide Program Plan is required.**

Requirements for Building an Improvement Plan

- The required goals for elementary/middle schools include the following:
 - State Assessment Results in reading and mathematics
 - State Assessment Results in science, social studies and writing
 - Achievement Gap
 - English Learner Progress
 - Quality of School Climate and Safety
- The required goals for high schools include the following:
 - State Assessment Results in reading and mathematics
 - State Assessment Results in science, social studies and writing

Explanations/Directions

Goal: Schools should determine long-term goals that are three to five year targets for each required school level indicator. Elementary/middle schools must address proficiency, separate academic indicator, achievement gap, and growth. High schools must address proficiency, separate academic indicator, achievement gap, graduation rate, and transition readiness. Long-term targets should be informed by The Needs Assessment for Schools.

Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
Schools should determine short-term objectives to be attained by the end of the current academic year. There can be multiple objectives for each goal.	Describe your approach to systematically address a process, practice, or condition that was identified as a priority during the Needs Assessment for Schools. There can be multiple strategies for each objective. The strategy can be based upon <u>Kentucky's six (6) Key Core Work Processes</u> or another established improvement approach	Describe the actionable steps that will occur to deploy the chosen strategy. There can be multiple activities for each strategy.	List the criteria that will gauge the impact of your work. The measures may be quantitative or qualitative but are observable in some way. Consider measures of input as well as outcomes for both staff and students.	Describe the process used to assess the implementation of the plan, the rate of improvement, and the effectiveness of the plan. Your description should include the artifacts to be reviewed, specific timelines, and responsible individuals.	List the specific federal, state, or local funding source(s) used to support each improvement initiative. If your school is a recipient of Title I, Part A funds, your CSIP serves as your annual plan and must indicate how Title I funds are utilized to carry out

1: State Assessment Results in reading and mathematics

Goal 1 (State your reading and math goal.): Russell County High School will increase the number of students scoring proficient/distinguished in reading from 43% to 49% and in math from 43% to 49% as measured by KSA scores by 2025.					
Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
Objective 1 Russell County High School will work to increase reading and math proficiency by 2% from 43% to 45% as measured by the state assessment by Spring 2023.	KCWP 1 & 2	Ensure PLCs are used to work on clear learning objectives and implementing a formative assessment system to track and monitor student classroom academic performance.	Evidence from PLC sign-in sheets/agenda and collective data ensures high quality measures of success.	Bi-weekly PLC's conducted with teachers, admin, and instructional coaches to analyze, monitor and discuss next steps of instruction.	No Funding
		Ensure planning time is used to collaboratively plan lessons and create high quality, rigorous assessments to monitor student achievement and determine when students have achieved mastery and positive behavioral reinforcements.	Evidence from weekly lesson plans, curriculum maps, and assessments to determine fidelity and quality of instruction.	Weekly lesson plans will be monitored/discussed by admin, teachers and instructional coaches	No Funding
		Utilize intervention teacher to provide RTI and supplemental curriculum guidance for reading and math.	MAP data and summative assessments will be analyzed for intervention and identifying instructional gaps.	Evidence from MAP, 3 times per year, formative and summative assessments will monitor student progress and identifying gaps in instruction.	\$48,438.00 ESSER
		Use of off-grade practice ACT assessment to ensure congruency and mastery concept	Data from ACT will determine teachers' instructional decisions and feedback to students	Practice ACT will be given to all students bi-annually then reviewed, analyzed to identify next steps	No Funding
Objective 2 Russell County High School will work to decrease novice in reading and math by 2% as measured by the state assessment by Spring 2023.	KCWP 3 & 4	Ensure PLCs are used to work on clear learning objectives and implementing a formative assessment system to track and monitor student classroom academic performance.	Evidence from PLC sign-in sheets/agenda and collective data ensures high quality measures of success.	Bi-monthly PLC's conducted with teachers, admin, and instructional coaches to analyze, monitor and discuss next steps of instruction.	No Funding
		Develop the "name and claim" system for teachers to ensure student learning is monitored individually.	Evidence from formative and summative assessments and MAP	Bi-monthly collaboration in PLC's, lesson planning, and RTI coaches will monitor student progress.	\$9089.50 MAP

2: State Assessment Results in science, social studies and writing

Goal 2 (State your science, social studies, and writing goal.): Russell County High School will work to increase the percentage of students scoring proficient/distinguished in writing from 50% to 56%, science from 14% to 20%, and social studies from 40% to 46% by May 2025 as measured by KSA.

Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
Objective 1 Russell County High School will work to increase writing, science, and social studies proficiency by 2% as measured by the state assessment by Spring 2023.	KCWP 1,2,3	Ensure English and science departments are implementing a new curriculum across grade levels. Specifically, the area of writing to demonstrate learning has been focused on to improve overall school writing scores	Develop cross-curricular vocabulary and school-wide writing prompts to increase proficient/distinguish writing	Teachers and admin conduct school-wide on-demand writing 3 times per year to analyze and evaluate writing. Science/Social studies teachers will conduct 3 practice test per year to analyze and evaluate progress.	\$96,375.90 Textbooks
		Develop common writing language and strategies to increase student understanding and performance. MAP is utilized for science teachers. Teachers are intentionally incorporating standards-based instruction into their lesson plans using effective high yield strategies	Learning targets, lesson plans, and assessments are being monitored to ensure congruency cross-curricular	Administration, instructional coaches, peer teachers monitor lesson plans weekly for fidelity and vertical alignment are meeting standards	\$9,89.50 MAP
	KCWP 4 & 5	Utilize PLCs are used to discuss assessment data and to develop common assessments. New assessments have been developed to include questions that incorporate writing and metacognitive engagement rather than just multiple choice and all instruction and assessments are based on the Next Generation standards	Guided PLC's to support/discuss common assessments and data driven classrooms	Bi-monthly PLC's with administration RTI interventionist, instructional coaches will ensure data driven classrooms to increase engagement for all students.	No Funding
Objective 2	KCWP 1 & 2	Ensure PLCs are used to work on clear learning objectives and implementing a formative assessment system to track	PLC Sign-ins and agendas specifically targeting academic	Teachers, admin, coaches will collaborate to enhance learning targets	No Funding

3: Achievement Gap

KRS 158.649 requires the school-based decision making (SBDM) council, or the principal if no council exists, to set the school's yearly targets for eliminating any achievement gap. The targets should be established with input from parents, faculty, and staff and submitted to the superintendent for consideration and the local board of education for adoption. In addition to being a statutory requirement, intentionally focusing on the achievement gaps that exist among a school's underserved student populations is also a vital component of the continuous improvement process. Schools should use a variety of measures and analysis when conducting its review of its achievement gaps, including a review of the school's climate and culture. Schools are not required to establish long term achievement gap goals; however, schools must establish yearly targets (objectives).

Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
Objective 1 Students with disabilities will decrease novice in reading from 36% to 32% and math from 43% to 39% as measured by KSA.	KCWP 1,2, Monitoring systems are in place to ensure rigorous curriculum is taught at a high level.	Ensure MAP assessment given to grades 9-11 to track and predict performance on grade level content.	Data collection driving instruction, learning targets, and assessments	Bi-monthly PLC agenda focused on effective learning targets and assessments. Teachers, admin, coaches, counselors collaborate	\$9,089.50 MAP
		Ensure resource and collaborative classes are offered to students to meet their unique individual needs and to offer specially designed instruction to ensure student access to the general curriculum	Utilizing the master schedule to ensure equitable teacher/classes for students with disabilities	Yearly scheduling for all students to choose academic and career pathways to ensure success as well as quarterly progress monitoring to adjust curricular needs. Teachers, counselors, admin, coaches	No Funding
	KCWP 3 & 5 Utilize data to modify/adjust student academic performance	Develop Learning targets and common assessments that are equitable to all students as well as classes/teachers	Ensure equitable access for all students to have highly qualified teachers based on need, preference, and non-academic goals	Bi-monthly PLC notes/ agendas addressing teacher learning targets and assessments with admin, counselors, coaches and colleagues	No Funding
		Ensure effective instructional planning and student grouping based on MAP data, end of year assessments and academic standards	Name and claim students individually based on data, summative assessments and need	Teachers, admin, and counselor conduct routine meetings (at least twice per year) with students and to adjust instruction	\$9,089.50 MAP

4: English Learner Progress

Goal 4 (State your English Learner goal.): All EL students in Russell County Schools will increase 1.5 levels by May 2025 as measured by ACCESS.

Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
Objective 1 All EL students in Russell County Schools will increase .5 level by May 2023 as measured by ACCESS.	Instructional KCWP 1,2	Ensure effective practices are in place to monitor progress for EL students. Practice ACCESS questions are reviewed.	Increased ACCESS scores for EL students.	EL coordinator meets with students weekly to focus on academic standards and ACCESS data	No Funding

6: Postsecondary Readiness (high school only)

Goal 6 (State your postsecondary goal.): Russell County High School will increase its postsecondary readiness from 93.7% of all seniors being academic and/or career ready to 99.7% by 2025.

Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
Objective 1 Russell County High School will increase its postsecondary from 93.7% to 95.7% by 2023.	KCWP 1,2 Programs are implemented to ensure academic and career readiness upon completion of high school.	Utilize multiple Dual Credit Offerings both in-person and online available for students from six different institutions. Students taking two or more and making a B or better in both can earn Academic Ready status.	Evaluation of student transcripts and tracking student growth and sustainability.	Counselors, teachers, and admin review transcripts, grades quarterly to ensure student success and plan for next steps	No Funding
		Ensure industry certificate opportunities are available for students in seven different program areas to earn career ready status.	Tracking student data by creating an academic and career ready chart to be evaluated by all teachers.	CTE teachers, counselors, career support specialist, track students quarterly to evaluate student success	\$48,000 Career Specialist
		Utilize End-Of Program (formerly KOSSA) prep reviews, Work Ethics Seal Program, and Career Prep Thursdays are all activities that help to increase students reaching career readiness status.	Tracking student progress throughout the year by practice tests and end of course assessments.	Counselors, teachers, admin, help to prepare students for future plans according to ILP's	\$2,000 Perkins

Goal 7 (State your graduation goal.): Russell County High School will raise the graduation rate from 94.3% to 100% by 2025.

Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
		them get back on track to graduate on time.		in involved in individualizing instruction	

Special Considerations for Targeted Support and Improvement (TSI) including Additional Targeted Support and Improvement (ATSI) Schools

TSI schools (including ATSI schools) must embed their subgroup(s) plan for improvement within their CSIPs. TSI stakeholders, including the principal and other school leaders, teachers, and parents, should carefully consider what must be done to ensure the subgroup(s) perform(s) at high levels in the state accountability system. In addition to identifying strategies and activities within the CSIP that address the specific needs of underperforming groups, provide narrative information regarding the additional requirements for TSI schools in the following chart:

TSI/ATSI Evidence-based Practices

The Every Student Succeeds Act (2015) created new expectations for evidence-based decision making at school and district levels. More specific information regarding evidence-based practices and requirements can be found on the Kentucky Department of Education's [Evidence-based Practices website](#). While evidence documentation in the CSIP is only required for schools identified for Targeted Support and Improvement (TSI) including Additional Targeted Support and Improvement (ATSI) and Comprehensive Support and Improvement (CSI), KDE encourages all school leaders to review evidence related to new programs, practices, or interventions being implemented in the school. In addition to documenting the evidence below, TSI, ATSI and CSI schools are expected to upload a description of their evidence review process, the findings of their evidence review, and a discussion of the local implications into eProve. Specific directions regarding the documentation requirements can be found in the "[Compliance Requirements](#)" resource available on KDE's [Evidence-based Practices website](#).

Complete the table below to document the evidence that supports the Activities outlined in this plan. Additional rows may be added to accommodate additional pieces of evidence.

Evidence-based Activity	Evidence Citation	Uploaded in eProve
