## PARENT/GUARDIAN ACKNOWLEDGEMENT REGARDING TRANSPORTATION

I understand that because of concerns regarding COVID-19, I am being given the option to transport my own child to athletic events during the 2021-2022 school year. I also understand that the Russell County Board of Education has approved the use of a school bus for transportation of students if I choose not to provide transportation.

I do not desire for my child to participate in the transportation arrangements approved by the Board. I agree to be solely responsible and liable for the transportation of my child to and from athletic events during the 2021-2022 school year. Since I am rejecting the transportation approved by the Board, I agree that the transportation of my child is not school sponsored. I further agree that I will not transport any child not belonging to me.
