Memorials for Deceased Students or Staff

From time to time there may be a desire to honor a deceased student or employee of the District. Any individual or group considering honoring a deceased member of the school community shall place their request in writing and submit their request to the building Principal who will consult with the family of the deceased, as well as the Superintendent. A recommendation shall be made to the Board, which must approve all such requests.

It is strongly recommended that such memorials be in the form of a scholarship or living memorial, such as a tree. This living memorial may be marked with a permanent stone and plaque indicating the name and relevant information of the person to be memorialized. Other types of memorials may be considered for approval, using the same process indicated above.
